

HANetf ICAV

Supplement dated 29 August 2024

for

Global Balanced Fund UCITS ETF

This Supplement contains specific information in relation to the **Global Balanced Fund UCITS ETF** (the **Sub-Fund**), a sub-fund of HANetf ICAV (the **ICAV**), an Irish collective asset-management vehicle umbrella fund with segregated liability between sub-funds which is registered in Ireland by the Central Bank of Ireland (the **Central Bank**) and authorised under the UCITS Regulations.

This Supplement forms part of the Prospectus of the ICAV dated 13 May 2024 (the Prospectus) and should be read in the context of and together with the Prospectus. Save as disclosed in this Supplement, there has been no significant change and no significant new matter has arisen since publication of the Prospectus.

The Directors of the ICAV whose names appear in the section entitled **Directors of the ICAV** in the Prospectus accept responsibility for the information contained in this document. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

Words and expressions defined in the Prospectus shall, unless the context otherwise requires, have the same meaning when used in this Supplement.

Shares purchased on the secondary market cannot usually be sold directly back to the Sub-Fund. Investors must buy and sell Shares on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees for doing so. In addition, investors may pay more than the current Net Asset Value when buying Shares and may receive less than the current Net Asset Value per Share when selling them.

The value of Shares may go down as well as up and investors may not get back any of the amount invested.

Prospective investors should review this Supplement and the Prospectus carefully in their entirety and consider the **Risk Factors** set out in the Prospectus and in this Supplement before investing in this Sub-Fund.

1 IMPORTANT INFORMATION

1.1 Profile of a typical investor

Investment in the Sub-Fund is suitable for investors seeking capital growth over the medium to long term.

The Sub-Fund is available to a wide range of investors seeking access to a portfolio managed in accordance with the investment objective and policy set out below. An investment should only be made by those persons who are able to sustain a loss on their investment. Typical investors in the Sub-Fund are expected to be investors who want to take exposure to the markets covered by the investment policy of the Sub-Fund and are prepared to accept the risks associated with an investment of this type, including the volatility of such markets.

1.2 General

This Supplement sets out information in relation to the Shares and the Sub-Fund. You must also refer to the Prospectus which is separate to this document and describes the ICAV and provides general information about offers of shares in the ICAV. You should not take any action in respect of the Shares unless you have received a copy of the Prospectus. Should there be any inconsistency between the contents of the Prospectus and this Supplement, the contents of this Supplement will, to the extent of any such inconsistency, prevail. This Supplement and the Prospectus should both be carefully read in their entirety before any investment decision with respect to Shares is made.

The Shares in the ETF Classes (as defined below) of the Sub-Fund are issued and admitted to listing on the Official List and traded on the regulated market of Euronext Dublin.

1.3 Suitability of Investment

You should inform yourself as to (a) the possible tax consequences, (b) the legal and regulatory requirements, (c) any foreign exchange restrictions or exchange control requirements and (d) any other requisite governmental or other consents or formalities which you might encounter under the laws of the country of your citizenship, residence or domicile and which might be relevant to your purchase, holding or disposal of the Shares.

The Shares are not principal protected. The value of the Shares may go up or down and you may not get back the amount you have invested. See the section entitled Risk Factors of the Prospectus and the section entitled Risk Factors of this Supplement for a discussion of certain risks that should be considered by you.

An investment in the Shares is only suitable for you if you are a sophisticated investor and (either alone or with the help of an appropriate financial or other advisor) are able to assess the merits and risks of such an investment and have sufficient resources to be able to bear any losses that may result from such an investment. The contents of this document are not intended to contain and should not be regarded as containing advice relating to legal, taxation, investment or any other matters.

1.4 Distribution of this Supplement and Selling Restrictions

Distribution of this Supplement is not authorised unless accompanied by a copy of the Prospectus and is not authorised in any jurisdiction after publication of the audited annual report of the ICAV unless a copy of the then latest annual report and, if distributed after the semi-annual report has been produced, a copy of the then latest published semi-annual report and unaudited accounts is made available in conjunction with the Prospectus and this Supplement. The distribution of this Supplement and the offering or purchase of the Shares may be restricted in certain jurisdictions. If you receive a copy of this Supplement and/or the Prospectus you may not treat such document(s) as constituting an offer, invitation or solicitation to you to subscribe for any Shares unless, in the relevant jurisdiction, such an offer, invitation or solicitation could lawfully be made to you without compliance with any registration or other legal requirement other than those

with which the ICAV has already complied. If you wish to apply for the opportunity to purchase any Shares it is your duty to inform yourself of, and to observe, all applicable laws and regulations of any relevant jurisdiction. In particular, you should inform yourself as to the legal requirements of so applying, and any applicable exchange control regulations and taxes in the countries of your respective citizenship, residence or domicile.

2 INVESTMENT MANAGER

2.1 The Manager has appointed North Atlantic Investment Services Limited with registered office at 6 Stratton Street, Mayfair, London, United Kingdom, W1J 8LD, as investment manager for the Sub-Fund (the Investment Manager) with a discretionary mandate pursuant to the investment management agreement dated 29 August 2024, between the Manager and the Investment Manager (the Investment Management Agreement) described under the heading Material Contracts below.

2.2 Under the terms of the Investment Management Agreement, the Investment Manager provides, subject to the overall supervision and control of the Manager, investment management services to the Manager in respect of the Sub-Fund's portfolio of assets. It may delegate all or part of the investment management responsibilities to one or more sub-investment managers, may obtain the services of investment advisers on a non-discretionary basis and may obtain third party research advice with the fees in respect of any such delegation being paid by the Investment Manager out of its own fee.

3 INVESTMENT OBJECTIVE AND POLICIES

3.1 Investment objective

The investment objective of the Sub-Fund is to achieve capital growth over the medium to long term.

3.2 Investment policy

The Sub-Fund is actively managed and in order to seek to achieve its investment objective, will typically invest in at least 80% of its portfolio in global equities and equity related securities both in developed and emerging markets. To a lesser extent, the Sub-Fund may also invest in sovereign bonds issued by governments of developed market countries. The portfolio will be based on long-term themes selected by the Investment Manager which will be balanced with the aim of delivering strong risk-adjusted returns.

The Sub-Fund may invest in ancillary liquid assets and money market instruments which may include bank deposits, certificates of deposit, commercial paper, floating rate notes and freely transferable promissory notes.

Investors should also note that the Sub-Fund may invest in ETFs established as collective investment schemes and authorised as UCITS in pursuit of its investment objective, subject to the investment restrictions outlined in the Prospectus.

The transferable securities, ancillary liquid assets, money market instruments and FDI (other than permitted unlisted investments) held by the Sub-Fund will be listed or traded on the Regulated Markets referred to in Appendix 1 of the Prospectus.

3.3 Investment Process

The investment process is designed to create a portfolio of companies with quality characteristics, being profitability and profitability growth, earnings stability; robust capital structure and capital discipline, which benefit from secular growth. To do so, the Investment Manager will identify global themes (as described further below) using quantitatively determined data points to select companies within those themes. The Investment Manager will then apply its valuation criteria to the identified universe (as described further below). As a final step, the Investment Manager will construct the portfolio to seek to deliver strong risk-adjusted returns.

Theme Identification

The Investment manager will seek to identify global themes within industries which have high and sustainable barriers to entry. These themes will tend to be diversified, with a focus on quality and cash flow generation, to ensure that the portfolio's exposure to exogenous events outside of the constituent companies' control is limited.

The Investment Manager's theme generation derives from a combination of portfolio management experience and available information and data in relation to the outlook for specific markets and sub-sectors. These themes will evolve and be curated according to ongoing market developments. The identification of themes will be supplemented by quantitative data analysis. Examples of key global themes include healthcare innovation, industrial automation and demographic led trends.

The Investment Manager will select an initial investment universe from within the identified global themes.

Valuation Criteria

The Investment Manager will then apply its valuation criteria to the initial investment universe. These criteria derive from the price a financial investor would pay to own the whole business in circumstances where it is not bringing any additional value or skills to the company. The Investment Manager will derive this value from analysis of companies' cash flow statement and the balance sheet. The analysis will inform the Investment Manager's judgement on "value for money" at any given time and therefore the allocation between companies within the initial investment universe.

The Investment Manager's valuation criteria will vary between sectors where standard techniques are less applicable such as, financials, petrochemicals and property. In all cases, the Investment Manager compares valuations in each sector globally, particularly paying attention to anomalies in margins between similar industries in different geographies. This can highlight risks that are not easily identified by local analysts and show arbitrage opportunities within the key themes identified. As the price paid for equities should have a margin of safety above this valuation criteria, the margin generally relates to the cyclical risk of the specific company's business.

The investable universe which results from the application of the valuation criteria will be dominated by well-financed businesses in stable or growing sectors with strong barriers to entry.

Portfolio Structure

The Investment Manager will seek to ensure that the portfolio is constructed in order to deliver strong risk-adjusted returns. As part of this, the Investment Manager will carry out a correlation matrix with the selected themes to ensure uncorrelated risk is built into the portfolio. While the Investment Manager will seek to ensure that the Sub-Fund benefits from strong market performance, it will also seek to ensure it is protected in the event of a market downturn.

3.4 Sustainability Risks

The Investment Manager does not integrate sustainability risks in the investment process.

3.5 EU Taxonomy

The investments underlying this Sub-Fund do not take into account the EU criteria for environmentally sustainable economic activities.

3.6 Use of financial derivative instruments and efficient portfolio management

Investors should note that the Sub-Fund may invest in FDIs for investment, efficient portfolio management and/or hedging purposes. The Sub-Fund may use futures, currency swaps and currency forwards for the

purpose of reducing risk associated with currency exposures within the Sub-Fund. This may on occasions lead to an increase in the risk profile of the Sub-Fund or result in a fluctuation in the expected level of volatility. The Sub-Fund may also enter into securities lending transactions for efficient portfolio management purposes, and in particular, to reduce costs. Please see the section entitled Risk Factors in the Prospectus in relation to such risks.

The Sub-Fund will employ the commitment approach to assess the Sub-Fund's global exposure and to ensure that the Sub-Fund's use of derivative instruments is within the limits specified by the Central Bank. Global exposure will be calculated daily. While the Sub-Fund may be leveraged through the use of the FDIs, any such leverage would not be expected to be in excess of 100% of the Sub-Fund's Net Asset Value. Including FDI's, the total exposure associated with the investments of the Sub-Fund, may not exceed 200% of the Net Asset Value of the Sub-Fund.

Investment in FDIs is subject to the conditions and limits contained in the Central Bank UCITS Regulations issued by the Central Bank. Subject to these limits, the Sub-Fund may invest in FDIs dealt on any of the regulated markets set out in the list of Regulated Markets in Appendix 1 to the Prospectus (and/or over the counter FDIs (OTCs)).

The ICAV employs a risk management process which enables it to accurately measure, monitor and manage at any time the various risks associated with FDIs and their contribution to the overall risk profile of the portfolio of assets of the Sub-Fund. The ICAV will, on request, provide supplementary information to Shareholders relating to the risk management methods employed, including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments. The Sub-Fund will only invest in FDIs in accordance with the risk management process filed with the Central Bank.

The Sub-Fund may invest in FDIs dealt over the counter provided that the counterparties to over-the-counter transactions are institutions subject to prudential supervision and belong to categories approved by the Central Bank.

Position exposure to the underlying assets of FDIs, when combined where relevant with positions resulting from direct investments, may not exceed the investment limits set out in the Central Bank UCITS Regulations.

Please see the section entitled **Use of Financial Derivative Instruments and Efficient Portfolio Management** in the Prospectus in relation to FDI.

3.7 Securities financing transactions

The Sub-Fund may enter into repurchase/reverse repurchase agreements and securities lending arrangements solely for the purposes of efficient portfolio management and, in the case of securities lending in particular to reduce costs, subject to the conditions and within the limits set out in the Prospectus. Any type of assets that may be held by the Sub-Fund in accordance with its investment objective and policies may be subject to such Securities Financing Transactions. The maximum and expected proportion of the Net Asset Value of the Sub-Fund that can be subject to Securities Financing Transactions is set out in the table below:

	Expected portion of Net Asset Value of the Sub-Fund	Maximum proportion of the Net Asset Value of the Sub-Fund
Securities Lending	20%	45%
Repurchase/reverse repurchase agreements	20%	45%

4 **PORTFOLIO TRANSPARENCY**

Information about the Investments of the Sub-Fund shall be made available on a daily basis. The Sub-Fund will disclose on www.HANetf.com at the start of each Business Day the identities and quantities of the securities and other assets held by it. The portfolio holdings will be based on information as of the close of business on the prior Business Day and/or trades that have been completed prior to the opening of business on that Business Day and that are expected to settle on that Business Day.

5 **INVESTMENT RESTRICTIONS**

The general investment restrictions as set out in the Prospectus shall apply.

The Sub-Fund may not invest more than 10% of its Net Asset Value in open-ended collective investment schemes.

There may be instances where the weighting of any constituent security could cause the Sub-Fund to breach the investment restrictions set out in the Prospectus. If such an event occurs, it is intended that the Sub-Fund will purchase other assets, the effect of which will seek to maintain, so far as is possible, the same economic exposure to and the same weighting of the security of that issuer without breaching its investment restrictions.

The Directors may from time to time impose such further investment restrictions as shall be compatible with or in the interests of Shareholders.

6 **BORROWING**

The Sub-Fund may borrow money in an amount up to 10% of the market value of its net assets at any time for the account of the Sub-Fund and the Depositary may charge the assets of the Sub-Fund as security for any such borrowing, provided that such borrowing is only for temporary purposes.

The Sub-Fund may acquire currency by means of a back-to-back loan agreement. Foreign currency obtained in this manner is not classified as borrowing for the purposes of the UCITS Regulations provided that the offsetting deposit is denominated in the Base Currency of the Sub-Fund and equals or exceeds the value of the foreign currency loan outstanding.

7 **RISK FACTORS**

7.1 While the general risk factors set out in the section entitled **Risk Factors** in the Prospectus apply to the Sub-Fund, the following risk factors described in the Prospectus under the headings **Absence of prior active market, Capital Controls and Sanctions Risk, Concentration Risk, Specialisation Risk, Sector Concentration Risk, Currency Risk, ETF Class and Non-ETF Class Risk, Environmental, Social and Governance (ESG) Standards, SFDR Sub-Fund Classification Risk, Screening Risk, Interest Rate Risk, Liquidity of Investments, Small- and Mid-Capitalisation Risk, Political and/or Legal/Regulatory Risk, Regulatory Restrictions** and **Issuer-specific Risk** are particularly relevant for the Sub-Fund.

7.2 The following risk relates specifically to the Sub-Fund:

Active Management Risk

The Sub-Fund's assets will be actively managed by the Investment Manager who will have discretion (subject to the Sub-Fund's investment restrictions) to invest the Sub-Fund's assets in investments that it considers will enable the Sub-Fund to achieve its investment objective. There is no guarantee that the Sub-Fund's investment objective will be achieved based on the investments selected.

8 DIVIDEND POLICY

The Sub-Fund may issue Distributing Shares and Accumulating Shares. Where any Distributing Shares are issued, the Directors may declare dividends annually on or about December in each year to the Shareholders of such Shares out of the net income of the Sub-Fund attributable to the Distributing Shares, in accordance with the terms of the Prospectus. The profits attributable to the Accumulating Shares in the Sub-Fund shall be retained within the Sub-Fund and will be reflected in the Net Asset Value of the Accumulating Shares.

11 CHARGES AND EXPENSES

11.1 This section entitled **Charges and Expenses** should be read in conjunction with the sections entitled **General Charges and Expenses** and **Management Charges and Expenses** in the Prospectus.

11.2 The following fees may be charged, at the discretion of the Manager, on the Net Asset Value per Share in the Creation Unit subscribed for by Shareholders in respect of the ETF Classes, and on the Net Asset Value per Share in respect of the Non-ETF Classes, (and will not be incurred by the ICAV on behalf of the Sub-Fund, and accordingly will not affect the Net Asset Value of the relevant Class of Share of the Sub-Fund).

Share Class	ETF and Non-ETF Class
Preliminary Charge	of up to 5% at the Manager's discretion
Exchange Charge	of up to 3% at the Manager's discretion
Redemption Charge	of up to 3% at the Manager's discretion

11.3 The Preliminary Charge is in addition to the investment amount received from an investor for subscription for Shares. Such Preliminary Charge is payable to the Manager.

11.4 The following fees and expenses will be incurred by the ICAV on behalf of the Sub-Fund and will affect the Net Asset Value of the relevant Class of Share of the Sub-Fund:

Share Class	ETF Class	ETF Class
Total Expense Ratio or TER	Up to 0.69% per annum	Up to 0.69% per annum

11.5 The Total Expense Ratio or TER, a percentage of the Net Asset Value of the relevant Class of Shares (plus VAT, if any), is payable by the ICAV out of the Sub-Fund Assets to the Manager. The TER will accrue on each day and will be calculated on each Dealing Day and paid monthly in arrears. The TER will cover all of the ordinary fees, operating costs and expenses payable by the Sub-Fund including fees and expenses paid to the Manager, all ordinary costs and expenses connected with the management and operating activities of the Sub-Fund, including investment management and advisory fees, Director's fees, registration, transfer agency, administration and custody fees, registrar fees, regulators and auditors and certain legal expenses of the ICAV.

11.6 The TER does not include extraordinary/other costs and expenses (including but not limited to transaction charges, stamp duty or other taxes on the investments of the ICAV including duty charges for portfolio re-balancing, withholding taxes, commissions and brokerage fees incurred with respect to the ICAV's investments, interest on any non-overdraft credit facility and charges incurred in negotiating, effecting or varying the terms of such facility, any commissions charged by intermediaries in relation to an investment in the Sub-Fund and such extraordinary or exceptional costs and expenses (if any) as may arise from time to time, such as material litigation in relation to the ICAV all of which will be paid separately out of the assets of the Sub-Fund).

To the extent that the Sub-Fund enters into securities lending transactions to reduce costs, the Sub-Fund will receive 70% of the associated revenue generated from the securities lending activities. The balance will be deducted from the associated revenue in order to pay the direct and indirect operational costs of the

Securities Lending Agent in respect of the provision of agency services to the Sub-Fund and to the Manager in respect of the provision of related oversight, compliance and risk management services. Such operational costs are at normal commercial rates.

- 11.7 This section entitled Charges and Expenses should be read in conjunction with the sections entitled **General Charges and Expenses** and **Management Charges** and Expenses in the Prospectus.

12 MATERIAL CONTRACTS

The Investment Management Agreement provides that the appointment of the Investment Manager as investment manager will continue in force unless and until terminated by the Manager immediately on written notice to the Investment Manager or by the Investment Manager giving not less than ninety (90) days' notice in writing to the Manager although in certain circumstances the agreement may be terminated forthwith by notice in writing by either party to the other. Under this agreement, the Investment Manager shall not be liable to the Manager or any Shareholders or otherwise for any error of judgement or loss suffered by the Manager or any such Shareholder in connection with the Investment Management Agreement unless such loss arises from the negligence, fraud or wilful default in the performance or non-performance by the Investment Manager or persons designated by it of its obligations or duties under the agreement or breach of contract on the part of the Investment Manager or any of its agents or delegates or their agents¹.

13 REGISTRATION FOR PUBLIC DISTRIBUTION AND LISTING

- 14 Application has been made to register the Sub-Fund for public distribution in various European countries.
- 15 Application has been made to list the Shares in the ETF Classes on Euronext Dublin. Through the operation of such a secondary market, persons who are not Authorised Participants or not able or willing to subscribe for and redeem Creation Units will be able to buy or sell Shares in the ETF Classes from or to other retail investors or market makers, broker/dealers, or other Authorised Participants at prices which should approximate, after currency conversion, the Net Asset Value of the Shares in the ETF Classes.

16 HOW TO BUY AND SELL SHARES

Applicants should note that investors in a Non-ETF Class can subscribe and redeem their Shares directly from the ICAV, whereas investors who have purchased Shares in an ETF Class on the secondary market should be aware that such shares cannot usually be sold directly back to the ICAV. Additionally, if exchanges are closed but it is a Dealing Day for the Sub-Fund, then Non-ETF Class investors may be able to subscribe and redeem with the Sub-Fund, while other investors will likely have to wait for the Exchanges to open again to buy and sell Shares.

Investors in an ETF Class can purchase or sell Shares on a stock exchange through an intermediary at any time during the trading day whereas investors in a Non-ETF Class may only purchase and sell shares directly with the ICAV prior to the Dealing Deadline for that Dealing Day.

16.1 ETF Classes

Investors can buy and sell Shares in the ETF Classes on the secondary market with the assistance of an intermediary (e.g., a broker-dealer) as described above in accordance with the procedures set out in the section entitled **Secondary Market** in the Prospectus and may incur fees charged by their intermediary or broker. In addition, investors in ETF Classes may pay more than the current Net Asset Value when buying Shares and may receive less than the current Net Asset Value when selling them.

Investors can otherwise subscribe for or redeem Creation Units in accordance with the procedures set out in the section entitled **Primary Market** in the Prospectus.

¹ HANetf to review and confirm

16.2 **Non-ETF Classes**

Investors can buy and sell Shares in the Non-ETF Classes in accordance with the procedures set out in the section entitled **Share Dealing – Non-ETF Sub-Funds** in the Prospectus. Investors in Non-ETF Classes may pay the Preliminary Charge and the Redemption Charge in the section entitled **Charges and Expenses** to cover transactions costs of purchasing and selling Shares of the Sub-Fund.

17 **CLASSIFICATION AS AN EQUITY FUND FOR GERMAN TAX PURPOSES**

The Sub-Fund will be managed in such a way to ensure that it qualifies as an "Equity Fund", as such term is defined in the German Investment Tax Act 2018 (as amended), please see sections headed **Classification as an Equity Fund or as a Mixed Fund for German Tax Purposes** and **Additional Information for German Tax Purposes** within the Prospectus for further details.

18 **OTHER INFORMATION**

New Sub-Funds may be created from time to time by the Directors with the prior approval of the Central Bank in which case further Supplements incorporating provisions relating to those Sub-Funds will be issued by the ICAV.

The names of the Sub-Funds currently approved by the Central Bank are listed in the Global Supplement.
