- have a number of instruments listed on the market, whose daily average during each month does not exceed the maximum number associated with the package (Package E).

Issuers shall notify Borsa Italiana S.p.A. of the chosen package by 20th January of each calendar year. The payment of the associated fee is due on a monthly basis.

¹² In applying the minimum fee, for each listing application all the series belonging to the same instrument type will be considered. Instrument Types are for example the following categories of securitised derivatives: Plain Vanilla Covered Warrants, Cap or Floor Covered Warrants, Rainbow Covered Warrants, Digital Covered Warrants, Covered Warrants with nominal value, Stop Loss Certificates, Stop Loss Rolling Certificates, Benchmark Certificates, Bonus Certificates, Discount Certificates, Equity Protection Certificates, Airbag Certificates, Butterfly Certificates, Express Certificates, Cash Collect Certificates, Double Up Certificates and Twin Win Certificates. The presence of additional features such as Autocallable, Cap or Quanto does not constitute a new type.

PACKAGES WHICH GIVE THE RIGHT TO LIST A MAXIMUM NUMBER OF INSTRUMENTS¹³

A) Listing Packages for Plain Vanilla Covered Warrants

PACKAGE	NUMBER OF INSTRUMENTS	ANNUAL FEE	FEE FOR ADDITIONAL SERIES
Package 1	600	€ 200,000	€ 500
Package 2	1,500	€ 300,000	€ 200
Package 3	4,000	€ 600,000	€ 150

B) <u>Listing Packages for Structured/Exotic Covered Warrants and leverage Certificates –</u> <u>Class A (Open End included)</u>

PACKAGE	NUMBER OF INSTRUMENTS	ANNUAL FEE	FEE FOR ADDITIONAL SERIES
Package 1	200	€ 100,000	€ 600
Package 2	500	€ 200,000	€ 400
Package 3	1,200	€ 300,000	€ 250
Package 4	2,000	€ 400,000	€ 200

C) Listing Packages for Plain Vanilla Covered Warrants, Structured/Exotic Covered Warrants and leverage Certificates – Class A (Open End included)

PACKAGE	NUMBER OF INSTRUMENTS	ANNUAL FEE	FEE FOR ADDITIONAL SERIES
Package 1	2,000	€ 400.000	€ 200
Package 2	3,000	€ 500.000	€ 166
Package 3	4,000	€ 600.000	€ 150

D) Listing Package for Investment Certificates in direct listing¹⁴

PACKAGE	NUMBER OF INSTRUMENTS	ANNUAL FEE	FEE FOR ADDITIONAL SERIES
	300	€ 150.000	€ 700

If an Issuer needs to list more instruments than those associated to the chosen package, the additional series are charged according to the fees indicated in each table above.

¹³ Issuers can upgrade their package during the year by communicating Borsa Italiana S.p.A. the change by 30 September. The new package will be effective starting from the following 1 October and will require the payment of the difference between the "package fee" of the new package and the "package fee" of the previously selected package. The upgrade will not be retroactive, thus "fees for additional series" already paid by the issuer will not be reimbursed.

¹⁴ Certificates in direct listing are meant to be those products admitted to trading without being subject to a previous public offer or a private placement.

The following concession will apply in case an issuer purchases one A) "Plain Vanilla Covered Warrants" package and one B) "Structured/exotic Covered Warrants and Leverage Certificates – Class A" package. At any time during the year, if the issuer has not listed all the instruments associated to a chosen package, he may opt to use the unallocated monetary value of that package to list instruments associated to the second package¹⁵.

By way of example:

an issuer purchases Plain Vanilla Covered Warrant package 2 (1,500 instruments for 300,000 Euro) and Leverage Certificates - Classe A Package 1 (200 instruments for 100,000 Euro). After 9 months the issuer has listed all 200 Leverage Certificates but only 800 Covered Warrants, which account for 800*200 Euro¹⁶ = 160,000 Euro. Issuer may decide to communicate to Borsa Italiana S.p.A. to use the remaining 140,000 Euro to list additional Leverage Certificates in the number of 280, calculated as 140,000 Euro/500 Euro¹⁷.

PACKAGES WHICH GIVE THE RIGHT TO HAVE AN AVERAGE NUMBER OF LISTED INSTRUMENTS

E) <u>Listing Packages for Plain Vanilla Covered Warrants, Structured/Exotic Covered Warrants</u> and Leverage Certificates – Class A (Open End included)

PACKAGE	NUMBER OF INSTRUMENTS		ANNUAL FEE
	FROM TO		
Package 1	1	2,000	€ 400.000
Package 2	2,001	4,000	€ 600.000
Package 3	4,001	6,000	€ 800.000
Package 4	6,001	8,000	€ 1.000.000

The number of instruments is calculated on a monthly basis as daily average of the number of listed instruments. Each month the applied charge is:

- One twelfth of the annual fee of the selected package, if for that month the daily average number is not larger than the number of instruments associated to the selected package;
- One twelfth of annual fee of the relevant package in which the daily average number of listed instruments falls in, if for that month the daily average is larger than the number of instruments associated to the selected package.

If the daily average number of listed instruments exceeds the maximum number of instruments associated to the selected package for 3 consecutive months, the selected package will be automatically updated to smallest package reached during the abovementioned 3 months.

4.5 "Stand Alone" Listing Application (ex art. 2.4.2 of the Rules)

An additional fee of 1,500 Euro for each listing application (to be added to the fees of 4.1, 4.2, 4.3, 4.4 and 4.6).

¹⁵ The unallocated monetary value of a chosen package and the additional number of listed instruments are rounded to first integer.

¹⁶ 200 Euro is calculated as the Covered Warrant package fee divided by the associated number of instruments.

¹⁷ 500 Euro is calculated as the Leverage Certificates package fee divided by the associated number of instruments.

4.6 Declaration of admissibility and confirmation of declaration of admissibility

- Declaration of admissibility: a flat fee to be paid on declaration of admissibility of 3,000 Euro for each declaration.
- Confirmation of admissibility: a flat fee to be paid on confirmation of admissibility of 2,000 Euro for each confirmation.

4.7 Securitised Derivatives distributed via SeDeX market

A One-off fee, to be paid at the end of the distribution period and equal to the 0.05% of the raised amount per each series, with the following floor and cap:

- Floor: 2,000 Euro¹⁸
- Cap: 20,000 Euro

In the case of simultaneous distribution¹⁹ via SeDeX of two series, the one-off fee for one series is not applied if this is not issued or if the raised amount is below 4 million Euro.

For example, in the case of simultaneous distribution of three series with a raised amount of:

- Series 1: 60 million Euro
- Series 2: 3 million Euro
- Series 3: not issued

Fees would be:

- Series 1: Min (0.05%*60,000,000 Euro, 20,000 Euro) = 20,000 Euro
- Series 2: Second series, with a raised amount < 4,000,000 Euro = 0 Euro
- Series 3: 2,000 Euro

For securities derivatives distributed via the SeDeX market, the following fees are not charged:

- fees referred to in Paragraphs 4.2, 4.3, 4.4, 4.5, 4.6 and 4.7 of the Price List;
- trading fees for trades executed during the distribution phase.

¹⁸ The floor is also applied if the series is not issued.

Instruments issued by issuers and Special Purpose Vehicles (SPVs) belonging to the same group ("Group") are aggregated at Group level²².

5.2 Admission to listing for ETC/ETN

8.500 Euro for each ETC/ETN listed with a "cap" of a total of 20,000 Euro per lot of up to 15 ETC/ETN for which an issuer simultaneously applies for the admission to listing (8,500 Euro for each ETC/ETN exceeding the lots)²³. 5.4 Reduction of the admission fee for instruments listed on the ETFplus/ATFund

For financial instruments listed until 31st December 2020 the admission fee, as defined by applying paragraphs 5.1, 5.2 and 5.3, is reduced pro-quota by 15% if the instrument (as identified by the ISIN code) is already listed on the Main Market of the London Stock Exchange.

For financial instruments listed until 31st December 2020 the admission fee, as defined by applying paragraphs 5.1, 5.2 and 5.3, is reduced pro-quota by 7,5% if the instrument (as identified by the ISIN code) is listed on the same date on ETFplus/ATFund and on the Main Market of the London Stock Exchange.

The listing on the Main Market of the London Stock Exchange²⁵ is ascertained the first day of listing of the instrument on the ETFplus/ATFund.

²⁰ From 1st January 2021 to 31st December 2021, the first admission fee is reduced by 50% for all share classes (identified by ISIN code) following the first share class listed on ETFplus, even the same day, belonging to the same Sub-Fund.

²¹ If, due to a corporate action, the listing occurs to replace and incorporate ETFs already listed on ETFplus, the cap of 50,000 euros is established for the entire corporate action (regardless of the number of instruments).

²² By way of example, if a Group contextually applies for 32 instruments, the admission fee is calculated as follow: 50,000 Euro (or 20,000 Euro in case of ETC/ETN) for the first 15 instruments, 50,000 Euro for additional 15 instruments (or 20,000 Euro) and 17,000 Euro for the exceeding 2 instruments for a total fee of 117,000 Euro (or 57,000 Euro). The pricing is applied to each instrument category separately.

²³ If, due to a corporate action, the listing occurs to replace and incorporate ETCs/ETNs already listed on ETFplus, the cap of 20,000 euros is established for the entire corporate action (regardless of the number of instruments).

²⁴ If, due to a corporate action, the listing occurs to replace and incorporate open-end CIUs already listed on ATFund, the cap of 50,000 euros is established for the entire corporate action (regardless of the number of instruments)..

²⁵ This paragraph does not apply to ETFs admitted to the EOTC (trade reporting only) sector of the London Stock Exchange.

5.5 Half-yearly fee for instruments listed on the ETFplus/ATFund

Half-yearly fee for ETF and ETC/ETN

For each instrument the half-yearly fee is calculated according to its Asset Under Management (AUM):

AUM Bands ²⁶	Fees
≤ 100 mln. Euro	500 Euro
From 100 to 750 mln. Euro	2,000 Euro
From 750 to 1,500 mln. Euro	4,000 Euro
Above 1,500 mln. Euro	6,000 Euro

Half-yearly fee for open-end CIU

For each instrument the half-yearly fee is calculated according to its Asset Under Management (AUM):

Fee for every 500,000 Euro of Asset Under Management ²⁶	Cap	Floor
10 Euro	6,000 Euro	500 Euro

Reductions of the half-yearly fee for instruments listed on the ETFplus/ATFund:

• Number of instruments listed on the ETFplus/ATFund

The half-yearly fee is reduced depending on the number of instruments²⁷ listed by Issuers or by Special Purpose Vehicle (SPV) belonging or referable to the same Group ("Group"), as follows:

Number of instruments listed on the ETFplus/ATFund		Reduction (%)
From	То	
0	50	0%
51	100	15%
101		30%

The reduction is calculated on the basis of the number of instruments per each band. For example, the reduction for a Group with 200 instruments on the ETFplus/ATFund is calculated as follows:

(50*0% + 50*15%+100*30%)/200=18.75%

²⁶ The Assets Under Management (AUM) of the ETF, ETC/ETN and open-end CIU is calculated on the basis of the number of outstanding shares/quotes of the trading day preceding the first day of the half year to which reference is being made and on the basis of the arithmetic mean of the NAVs (subscription/redemption daily prices in case of ETC/ETN) of the trading days included in the half year preceding the invoicing one.

²⁷ The number of instruments is referred to the trading day preceding the first day of the half year to which reference the fee is calculated.

 Instruments listed both on the ETFplus/ATFund and on the Main Market of the London Stock Exchange²⁸

Instruments listed both on the ETFplus/ATFund and on the Main Market of the London Stock Exchange²⁹, as identified by the same ISIN code, will receive until 30th June 2021 a further 7.5% reduction on the half-yearly fee net of the decrease calculated according to the number of listed instruments.

• ETFplus half-yearly discounts based on volume traded

From 1st July 2021 the half-yearly listing fee will be further reduced according to the average daily value traded of each instrument on ETFplus over the previous semester, which the half-year fee relates to, including trades executed with the RFQ functionality.

Volume-based discounts are recognized after the other abovementioned allowances, and calculated on the following tiers of average daily value traded, single counted:

Average daily value traded over the previous semester (trades single counted)	Reduction %
≤ 0.50m Euro	-
Between 0.50 and 1.25m Euro	15%
Between 1.25 and 3.5m Euro	20%
More than 3.50m Euro	30%

 Instruments listed on the ETFplus/ATfund are exempted from the payment of halfyearly fees for the semester in which they begin to trade and for the subsequent one³⁰.

²⁸ The listing on both the ETFplus/ATFund and on the Main Market of the London Stock Exchange is referred to the trading day preceding the first day of the half year to which reference the fee is calculated.

²⁹ This paragraph does not apply to ETFs admitted to the EOTC (trade reporting only) sector of the London Stock Exchange.

³⁰ The exemption to the subsequent semester is applied to instrument admitted from the semester July – December 2020.

12 General criteria

All fees specified in this Price List are net of VAT (VAT not included).

Unless expressly indicated otherwise, the capitalisation to be used for determining annual fees is obtained by multiplying the arithmetic average of the official prices (adjusted where necessary to take into account capital transactions) of the days (on which the securities were traded) in the six months in question by the number of shares making up the share capital at 31 December and 30 June of each year.

Initial listing or admission fees are payable in the half-year in which the security is first listed or admitted and are **not reducible on a pro rata time basis**.

The half-yearly fee is payable starting from the half-year subsequent to that in which the security was first listed or admitted, with the exception of ETF Plus and ATFunds, that are charged from the second half-year subsequent to that in which the security was admitted to trading (par. 5.5). The annual fee for open end Leverage Certificates - Class B and Investment Certificates (par. 4.3) is payable starting from the year subsequent to that in which the security was admitted.

Condition for the application of the above mentioned fees, which <u>are not reducible on a pro rata</u> <u>time basis</u>, is the presence of the security:

- on 1 January of the year of reference for open end Leverage Certificates Class B and Investment Certificates admitted to trading on SeDeX Market.
- on 1 January or 1 July of the semester of reference on the official list of the financial instruments listed on the markets organised and managed by Borsa Italiana S.p.A. or of the securities admitted on AIM Italia.

Unless expressly indicated otherwise, in the case of mergers between listed companies effective from 1 January or 1 July, in order to calculate the capitalisation of the resulting company the arithmetic average of the official prices (adjusted where necessary to take into account capital transactions) will be used, multiplied by the number of shares resulting after the date of execution of the merger. The referred prices are those recorded for the incorporating entities during the days of the half year preceding the merger on which the securities were traded.

In case of discrepancy, the Italian original of this document will prevail upon this English translation.
