Tortona, 16 ottobre 2020. ASTM announces that in today's public sessions for the toll-road awarding concession of *“A21 Torino-Piacenza, A5 Torino-Quincinetto, la Bretella di collegamento A4/A5 Ivrea-Santhià e il Sistema autostradale Tangenziale Torinese”* e delle tratte autostradali *“A12 Sestri Levante-Livorno, A11/A12 Viareggio-Lucca e A15 diramazione per la Spezia e A10 Savona-Ventimiglia (French border)”*, the Chairmen of the two Tender Commissions declared to have completed the checks of the technical and economic offers presented by the competitors and, according to the rankings, considered ASTM Group's offers as the best for both tenders, having got the highest points both on the technical and economic offer.

At the end of these sessions, the Tender Commissions have therefore proposed the awarding of both tenders to ASTM Group.
