Real time data	Euro per month per Customer Level 1 and 2 – A2
Professional and Non- professional User	Included in the signing of the contract

i) Professional Users are liable for the application of variable fees upon release of the relative Identification Code and/or password. Billing is based on the number of Identification Codes and/or passwords on the first working day of the month.

ii) Non-Professional Users are liable for the application of variable fees for each month in which the market data is accessed following the release of the relative Identification Code and/or password ("active login").

The number of Non-Professional Users shall be assessed and reported to the Provider either (a) as a number of active logins or (b) 65% of all Identification Code and/or password issued. In the latter case, the number of all Identification Code and/or password issued shall likewise be reported.
