110.3 **Intermediaries** already admitted to trading on a regulated market or a Multilateral Trading Facilities managed by **Borsa Italiana** that intend to request to participate in the **BIt Eq MTF market** shall send **Borsa Italiana** the simplified version of the "Request for Services". Without prejudice to guidance Sec. 100, **Borsa Italiana** reserves the right to consider fulfilled membership requirements referred to in guidance Sec. 120 and not to require the documentation already provided by the **intermediary** in connection with its participation in other regulated markets or Multilateral Trading Facilities that it manages. The procedure referred to in rules 1011, 1012 and 1013 shall apply insofar as it is compatible.

110.4 If **Borsa Italiana's** Member Portal is unavailable, **intermediaries** may transmit the participation documentation to **Borsa Italiana** using one of the other means of communication specified in the **General Conditions for the supply of services**.

1015	Market intermediaries shall ensure continued satisfaction of the authorisation and other requirements referred to in rule 1010 and of the conditions referred to in rule 1020.
------	---

1016	Revocation or expiry of the authorisation to trade or cessation of fulfilment of the requirements for unauthorised persons shall result in suspension or
------	--

exclusion from trading, without prejudice to any measures adopted by the supervisory authorities to ensure the closure of any positions still open and the carrying out of any related transactions required to protect customers' interests. In the event of:

- a) suspension or cancellation of a stockbroker under Article 201 of the Consolidated Law on Finance;
- b) extraordinary administration;
- c) compulsory administrative liquidation;
- d) another bankruptcy procedure;
- e) other measures taken by Competent Authority that result in it being impossible, even if only temporarily, for **intermediaries** to enter into undertakings or perform undertakings they have entered into,

Borsa Italiana may suspend or exclude the **intermediary** from trading.

1017

The cessation of direct or indirect participation in the settlement system and in the clearing and guarantee settlement system of transaction in financial instruments must be immediately notified in writing to **Borsa Italiana** by **market intermediaries** and shall result in their being promptly suspended from trading in the market until they are again able to settle trades, directly or indirectly. ~~After six months have passed without the cessation of the condition that gave rise to the suspension from trading, **Borsa Italiana** may exclude the **intermediary**.~~

1018

After six months have passed without the cessation of the condition that gave rise to the suspension from trading, **Borsa Italiana may exclude the **intermediary**.**

Condition for admission and continued eligibility

G

1020

The admission of intermediaries to trading shall be subject to verification by **Borsa Italiana**, in accordance with objective non-discriminatory criteria, of fulfilment of the following conditions on a continuing basis:

- 1020.1 adequacy of the technological systems used for trading and associated activities carried on and the number and types of interconnections with the market, and their compatibility with the electronic data processing and telecommunication support systems adopted by **Borsa Italiana** for the operation of the market;
- 1020.2 sufficient staff with adequate professional qualifications in relation to the types of activity carried on and the types of interconnection with the market;
- 1020.3 adequate internal procedures and controls for trading activity;
- 1020.4 adequate clearing, guarantee and settlement procedures.
- 1020.5 **Intermediaries** may entrust the management of technological systems to third parties, subject to the conditions laid down in the guidance Sec. 130.
- 1020.6 The admission of **intermediaries** shall also be subject to verification:
 - a) of direct or indirect participation in the settlement system provided in the guidelines Sec. 500 and participation in their accessory systems (trade checking systems);
 - b) direct participation of the **central counterparty** provided in the guidelines Sec. 501 or for intermediaries that are not participant in the **central counterparty**, appropriate agreement with a general clearing member of the mentioned **central counterparty**, pursuant to which:

- the general clearing member, at the conclusion of the contract on the market, becomes counterparty of the **central counterparty** for that contract; and
- the intermediary, at the same time, becomes counterparty of the general clearing member.

1020.7 The intermediary, in order to comply with the conditions laid down in 1020.6, letter b), must attest the direct or indirect participation in the central counterparty identified as market default central counterparty. For the markets for which more than one central counterparty operates, an intermediary may also attest the direct or indirect participation in a further central counterparty, identified as its Preferred CCP. In this case, Borsa Italiana reserves the right to request that an intermediary activates a new access code.

1020.8 In order to comply with the conditions of this paragraph, intermediaries must satisfy the minimum requirements laid down in the Guidance to Rules.

Guidelines

Sec.
120

Requirements for participation

120.1 *For the purpose of complying with the conditions referred to in rule 1020, market intermediaries must attest that:*

- a. *their trading staff know the rules and operating procedures of the market and the technical instruments for trading and have adequate professional qualifications;*
- b. *persons acting as **specialists** for **BIT Eq MTF financial instruments**, in addition to satisfy the requirements specified above for traders, must know the rules governing and the manner of performing the activity of **specialists** and the related technical instruments;*
- c. *the obligations set out in paragraphs (a) and (b) apply to the market intermediaries providing trading and specialist services in financial instruments other than derivatives, including through the use of systems that do not involve human intervention. These systems shall be programmed in accordance with the rules, the operating procedures of the market and the technical instruments used for the activity concerned. The operators assigned to the programming of these systems shall have appropriate professional qualifications;*
- d. *they have ensured the presence of a compliance officer who must have a good knowledge of the of these Rules. The compliance officer shall also be entrusted with relations with **Borsa Italiana's** trading supervision office. Intermediaries shall send **Borsa Italiana** the name of a compliance officer, who must be on call during trading hours. To ensure the continuity of the function in the absence of the compliance officer, intermediaries shall send, in advance or on a case-by-case basis, the name of a deputy using the forms and functionalities available on **Borsa Italiana's** Member Portal.*
- e. *they have systems, procedures and controls for trading activity including specific procedures for use of the order cancellation function, and settlement procedures that reflect the characteristics of the firm and activity performed;*
- f. *and specialisation of the staff to guarantee the continuous and prompt functioning of the trading and settlement systems used, taking into account the degree of automation of their internal procedures and any recourse made to outsourcing, and shall send **Borsa Italiana** the name of an IT contact person, who must be on call during trading hours. To ensure the continuity of the function in the absence of the IT contact person, intermediaries shall send, in advance or on a case-by-case*

basis, the name of a deputy using the forms and functionalities available on **Borsa Italiana's** Member Portal.

120.2 When carrying on the trading activity and associated activities, the market **intermediary** shall avail itself of technological systems which are adequate for the interaction with the electronic data processing and telecommunication support systems of the market, for which **Borsa Italiana** has issued the conformance certification (so called conformance test). The conformance certification must be completed before the market access systems are used and before any substantial updating of such access systems or of the market trading system in accordance with the manner indicated in the Trading Service Manual. The conformance certification must also be completed for each direct connection of sponsored costumers (the so-called sponsored access). For the execution of the conformance test the subscription of specific general conditions for the supply of services is requested.

120.3 Traders and specialists may perform their activities for more than one market **intermediary** only when the market intermediaries they are acting for belong to the same group.

120.4 Market **intermediaries** may use a third party and/or a group company to perform the activities referred to in the preceding paragraph and those of the compliance officer provided they remain fully responsible for compliance with all the obligations of the Rules and control and coordinate the activities performed by the persons referred to in the preceding paragraph. Market **intermediaries** must inform Borsa Italiana accordingly. The agreement between the **intermediary** and the third party/group company must provide for the possibility of Borsa Italiana, or its appointees, verifying compliance with the requirements laid down in the Rules directly on the premises of the third party and/or the group company the market **intermediary** uses.

Sec. Conditions for outsourcing technological systems
130

130.1 Pursuant to Rule 1020.5, **intermediaries** may use **Borsa Italiana** or third parties:

- a) for connection to the market;
- b) for the other functions related to the management of technological systems other than connection to the market (e.g. housing and facility management).

130.2 Connection to the market may be provided by **Borsa Italiana** itself or exclusively by a company, specifically accredited by **Borsa Italiana**.

130.3 The company offering the connection to the market may provide that the single connection is shared among many intermediaries, in the respect of specific segregation criteria. In such case, the company offering the connection to the market is known as a Service Provider and shall have a contract for the purpose with a company belonging to the London Stock Exchange group, shall, among other things:

- a) provide for **Borsa Italiana** or its appointees to be able to check the adequacy of the technological systems with respect to the services provided and their compatibility with **Borsa Italiana's** ICT structures;
- b) provide for **Borsa Italiana** to be able to limit the number of **intermediaries** that a Service Provider may connect to the market;
- c) require the Service Provider to have back-up and disaster recovery procedures in place.
- d) the possibility for the Service Provider to offer also the services referred to in the preceding guidance 130.1 letter b).

130.4 **Borsa Italiana** may refrain from requiring the Service Provider contract referred to in paragraph 3 to be signed by **intermediaries** that provide the

connection to the market to other **intermediaries** belonging to its group.

130.5 **Market intermediaries** must inform **Borsa Italiana** of the execution with third parties, including Service Providers. Such contracts must contain a clause permitting **Borsa Italiana** or its appointees to verify compliance with the technological requirements established in these rules, *inter alia* on the premises of the third party used by the market **intermediary**.

130.6 Market **intermediaries** must also keep adequate documentation on their premises regarding the architecture, functionalities, operating procedures, service levels, controls and contractual guarantees for the activities entrusted to third parties, including Service Providers.

130.7 The contracts between Service Providers and market **intermediaries** must indicate whether in turn the Service Provider subcontracts some of the services outsourced by the market **intermediary**. In no case may such subcontracting jeopardise the primary role that the Group or Authorised Service Provider is required to play in providing the agreed services. If the Service Provider uses subcontractors, provision must be made for **Borsa Italiana** to verify the adequacy of the technological infrastructure on the latter's premises.

130.8 It is understood that the supervision and control of quotes sent to the market may not be delegated to third parties.

Sec.

135 Participation in the Settlement Service

135.1 Pursuant to Article 1020.6 a) the **intermediary** must participate directly or indirectly in the settlement service indicated in the guidelines 500.1.

135.2 Participation in the clearing and guarantee system

Pursuant to article 1020.6 b), the **intermediary** must participate directly or indirectly in the clearing and guarantee system managed by Cassa di Compensazione e Garanzia S.p.A.

1021	If in the performance of its surveillance activity Borsa Italiana finds situations or conduct likely to entail risks for the integrity of the market, it may apply one or more of the following measures against the market intermediaries in question, until the reasons for their application cease to exist:
1021.1	Suspension from trading;
1021.2	imposition of specific requirements relating to the number and professional qualifications of trading staff; trading system and interconnection procedures and controls; and any other matters relevant to ensuring the continued satisfaction of market intermediaries' admission requirements;
1021.3	restrict access to the market, including access via interconnections , including termination of access for customers of the market intermediary directly connected to the market through sponsored or segregation of specific trading activities;
1021.4	imposition of limits on operations or interconnections;
1021.5	Where a measure of suspension from trading is adopted, from the time such measure takes effect the market intermediary to which it is applied shall only be permitted, under the surveillance of Borsa Italiana , to close out any positions still open and carry out any related transactions that are necessary to protect customers' interests, from the moment in which starts the suspension.

- 1021.6 **Borsa Italiana** may modify or revoke the measures referred to in this rule at any time.
- 1021.7 **Borsa Italiana** shall promptly inform the market **intermediary** concerned of the adoption of the measures.

G	1022	Market intermediaries shall notify, in the manner and within the time limits specified in the guidance Sec. 140, every variation with respect to the operating conditions referred to in the information provided at the time of submission of the application for admission, according to rules 1020 and 1050.
---	------	--

Sec. 140 *Guidelines:*
Notification of changes in admission conditions as well as changes resulting from corporate actions

- 140.1 **Intermediaries** admitted to trading shall notify **Borsa Italiana**, using the form and functions available via **Borsa Italiana's** Member Portal or in the other manner specified in the **General Conditions for the supply of services**, of any change in the conditions referred to in rules 1010 and 1020, as well as any change resulting from corporate actions, including changes to the company's name.
- 140.2 **Intermediaries** must notify changes referred to in the previous paragraph to **Borsa Italiana** promptly or, in the case of changes in the technological framework or of corporate actions, with due prior notice with respect to the date on which the changes will become effective, so that **Borsa Italiana** may make the necessary verifications, carry out any technical measures required and inform the market.
- 140.3 **Borsa Italiana** may request **intermediaries**, with a specific communication, to submit an update of the conditions referred to in rules 1010 and 1020.

1023	Market intermediaries shall observe these rules, the accompanying guidelines, the applicable Notices and any other technical and operational documents accompanying these rules and the guidance, including Service Manuals. Market intermediaries shall maintain conduct based on principles of correctness, diligence and professionalism in their relations with market counterparties, obligations towards Borsa Italiana and use of the trading systems.
------	---

Exclusion from trading upon request

1030	Intermediaries admitted to trading on the market may request to be excluded from trading in the manner specified in the General Conditions for the supply of services referred to in rule 1301.
------	---

Challenge of the measures

C	1040	Appeals and complaints shall be conducted in accordance with the procedures set out in the Compliance Procedures.
---	------	---

Notifications

1050	Market intermediaries shall promptly notify Borsa Italiana of any circumstances of which they are aware, including technical problems with their systems, which prejudice or might prejudice their compliance with these Rules.

Control of the Compliance with the Rules

Verification activity and co-operation

1210	For the purpose of verifying compliance with these rules and the accompanying guidance, and, more generally, in order to ensure the performance of its functions of organising and managing the market, Borsa Italiana may:
1210.1	request issuers and market intermediaries to provide all the necessary information and documents concerning transactions carried out on the market;
1210.2	convoke the representatives of issuers and market intermediaries to clarify specific conduct or situations;
1210.3	exclusively for the purpose of verifying compliance with the requirements of rule 1020, carry out examinations on the premises of market intermediaries .
1210.4	Market intermediaries must guarantee that Borsa Italiana can carry out examinations on the premises of third parties entrusted with the management of technological systems under rule 1020.6.
1210.5	Where evidence is found of presumed violations of these Rules or the accompanying guidance, Borsa Italiana , after acquiring appropriate substantiating elements, decides whether, in its opinion, a violation has been or has not been objectively completed and, if so, it adopts any of the measures referred to in Article C010, after it started the procedure referred to in Article C020, when applicable.

1212	Market intermediaries shall be liable vis-à-vis Borsa Italiana for the conduct of their employees and collaborators. Conduct by traders that violates these rules shall be considered as the conduct of the intermediary on whose behalf the operators assigned to the trading activity are acting. Market intermediaries are also responsible to Borsa Italiana for compliance with Directive 2014/65/EU, EU Regulations 600/2014/EU and 596/2014 and Borsa Italiana Regulation by their customers and, where present, their sub-delegates connected directly to the market through sponsored access.
------	--

1213	Borsa Italiana may co-operate, also by the sharing of information, with other regulated markets and Multilateral Trading Facilities.
------	--

C	1214	Where in the course of market surveillance Borsa Italiana acquires evidence suggesting that acts of insider trading or market manipulation may have been committed, Borsa Italiana shall immediately report such evidence to Consob.

Rules of conduct

Rules of conduct

1400	Market intermediaries shall refrain from acts that may prejudice the integrity of the market. <i>Inter alia</i> they may not:
1400.1	commit acts that are likely to give a false or misleading impression to other market participants;
1400.2	carry out sham transactions, whose objective is not to transfer ownership of the BIT Eq MTF financial instruments traded or to modify their exposure to the market;
1400.3	commit acts that may impede specialists in fulfilling their commitments;
1400.4	carry out, directly or through a nominee, transactions under a prior agreement for the execution and offsetting thereof;
1400.4	carry out, directly or through a nominee, transactions under a prior agreement for the execution and offsetting thereof;
1400.5	Intermediaries applying market making strategies through algorithmic trading techniques on one or more financial instruments, at the occurrence of the conditions indicated in Regulation 2017/578/EU, must inform Borsa Italiana, in accordance to such Regulation, and conclude a market making agreement, in the terms indicated in the present Rules from articles 4020 to 4023 and related guidelines. This obligation does not apply to specialists.

1401	Market intermediaries must put effective forms of control in place to monitor their contractual positions and avoid situations likely to hinder orderly trading and the regular settlement of contracts in the settlement service. Intermediaries must implement strategies to ensure the settlement of contracts in the terms provided.

Order entry

Transmission of orders to the market

G	1450	Market Intermediaries shall be liable for all the interactions with the electronic data processing and telecommunication support structures adopted by Borsa Italiana for the operation of the market, including trading orders sent to the market and those sent via Interconnections , and their effect. Market intermediaries must equip themselves on a continuous basis with systems, procedures and controls to prevent the entry of orders that are anomalous in terms of price, quantity, countervalue or number.
---	------	---

	1451	In order to ensure the smooth technical functioning and efficient use of the electronic trading support system, market intermediaries must observe the technical limits for order entry established on a general basis by Borsa Italiana in the Guide to the Parameters . Borsa Italiana may also establish further limits on the entry and modification of orders in terms of daily frequency, total daily number or ratio of orders to contract concluded. Borsa
--	------	---

	Italiana shall establish such limits and any fees payable by intermediaries where they are exceeded.
1452	Market intermediaries can request to use more than one code to segregate specific trading activities or to segregate different participations in the settlement system ¹ . For this purpose market intermediaries must take previous contact with Borsa Italiana .
1453	Intermediaries using trading algorithms must certify, before using them and any time these have undergone substantial changes, that the trading algorithms used were tested, to avoid contributing to or creating disorderly trading conditions, and must indicate the environments used for these tests. To this purpose, they issue to Borsa Italiana a special statement according to the guidelines Sec. 110.2.
1454	Following the procedures indicated in the guidelines, intermediaries must: <ul style="list-style-type: none"> a. transmit the information needed to allow the association between the content of the orders and the information needed to guarantee to Borsa Italiana the completeness of records requested by Regulation 2017/580/EU; b. acquire the appropriate controls to ensure the correctness and completeness of the information entered in the orders and in the systems used to associate the information, according to letter a) above; c. make use of a specific access code to identify the activities to support of the liquidity carried out by specialists and Mifid2 Market Makers; d. provide Borsa Italiana with the information on executed contracts needed to comply with transaction reporting obligations, if such obligations pertain to the market; e. use a specific access code to segregate the activities carried out by customers directly connected to the market through sponsored access and, where present, their sub-delegates. This code is assigned by Borsa Italiana following the approval of the sponsored access application by the market intermediary for its customer.

*Guidelines:**Transmission of orders to the market*

145.1

Market intermediaries are required to fulfil the participation requirements and shall be liable for the orders sent to the market.

145.2

Market intermediaries must organise themselves in order to be able to control orders entered, including those entered via **interconnections**. To this end, attention must be paid to:

- the professional qualifications of the persons assigned to trading;
- the controls on access to systems that permit the entry of orders via **interconnections**; such controls must make it possible to ensure the fitness and recognition of the persons who operate via **interconnections** and the access controls of the order enter via **interconnections**; In the case of "direct electronic access", which consists of a DMA or a sponsored access, the market intermediary has to implement procedures enabling it to ensure that the persons who may be guaranteed that access comply with the requirements of Article 22 of Regulation 2017/589/EU. In the event of sponsored access subject of sub-delegation, the market intermediary is required to segregate the different order flows of the recipients of the sub-delegation If the market intermediary becomes aware that a customer

¹ The possibility to segregate different participations in the settlement system is temporarily suspended.

connected to the market through "direct electronic access" does not longer meet the above requirements, it shall suspend the access and promptly notify Borsa Italiana

- the controls on the maximum quantities, on the maximum countervalue and prices of orders entered. The sponsored customer and, where present, their sub-delegates is not allowed to set or modify the parameters that apply to the checks on orders entered through the sponsored access mode;
- the controls on the overall trading activity carried out by the different persons who operate via **interconnections**;
- the frequency according to which persons who operate via **interconnections** enter order which have overridden controls and systems alert in terms of price, size, countervalue or number.

145.3 In order to ensure the adequacy of the systems referred to in rule 1450, market intermediaries must equip themselves with controls and automatic alarm systems, taking into account the following elements:

- a) the price of the last contract;
- b) spread present on the book ²
- c) price, quantity and countervalue limits, possibly by instrument;
- d) possible price impact caused by the order entered;
- e) minimum order quantity, taking into account the economic significance of the order;
- f) controls on limit orders in the auction phase, so as to prevent the enter of limit orders at a price that differ substantially from the prevailing market conditions.

In particular, market **intermediaries** must equip themselves with controls and automatic alarm systems that prevent the entry of anomalous orders, whose price, size, countervalue or number could affect the orderly functioning of the market. To this end market **intermediaries** shall take account of the nature of their activity. In addition the procedures and controls must be adequate to permit the correct entry of orders and the handling of any alarms.

145.4 As for **interconnections**, in addition to providing the persons who send orders via **interconnections** with appropriate professional support, market **intermediaries** shall equip themselves with controls and monitoring systems in order to:

- prevent the entry of orders that exceed the maximum variation thresholds;
- instruct such persons regarding the manner of entering orders. With particular regard to the Interconnections providing a sponsored access, the market intermediary also provides specific training to the subjects included in the list of authorized subject to request the cancellation of the orders submitted, referable to the access code dedicated to the sponsored customer or the dedicated access code to the customer's sub-delegates, where present. With regard to the Interconnections providing direct electronic access to the market, market intermediaries shall also assess whether additional checks are necessary for the appropriate management of the orders of the sponsored customers, taking into account the nature and complexity of the activity carried out by them.

145.5 Market **intermediaries** shall ensure that they can delete orders entered via **interconnections** or, if necessary, restrict the possibility to enter orders via **interconnections** with or without the prior consent of the subject who entered the order via **interconnections**. Notwithstanding the provisions of the paragraphs above, with regard to the Interconnections that require a sponsored access, the market intermediary must be able, in any case, to manage the suspension of the access to the market of the sponsored customer and the sponsored customer's sub-delegates, where present and the massive cancellation of orders entered by them, in the event of suspension or disconnection of the customer, loss of the monitoring of the sponsored

costumer's market operation or disconnection from the market of the intermediary.

- 145.6 Intermediaries have to report the following information via the Membership Portal of Borsa Italiana. This information is necessary to complete the content of orders which Borsa Italiana is required to file pursuant to Regulation No. 2017/580:
- a) client identification code
 - b) code used to identify the person or algorithm used internally by the intermediary responsible for the investment decision;
 - c) code used to identify the person or algorithm that is responsible for execution of the order.
- 145.7 The intermediaries shall ensure that each these codes (long-code) corresponds, in the trading orders, to a single code (short code), and vice versa, for all Borsa Italiana markets.
The communication of the information indicated at sub-indent b) and c) constitute confirmation that the indicated trading algorithms have been tested in advance.
- 145.8 The intermediaries that are not subject to Regulation (EU) 2014/600 must report all the additional information that has not already been reported pursuant to guidelines 145.7, so that Borsa Italiana may properly discharge its obligation pursuant to Article 26(5) of that Regulation, in accordance with the terms and conditions indicated in the Manual of transaction reporting of Borsa Italiana.

Technological systems and trading

Technical breakdowns of market intermediaries' systems

G	1500	Market intermediaries shall promptly inform Borsa Italiana of any technical breakdowns of the systems they use for trading or of those for accessing the market referred to in rule 1020.1 and rule 1050 including the malfunctions of the technological systems used for trading and for the access to the market of its sponsored customers and, where present, their sub-delegates.
G	1501	In the cases referred to rule 1500 market intermediaries shall follow any instructions received from Borsa Italiana and may request, in the manner laid down in the guidance to this rule, the deletion of orders sent to the market.

Sec. Guidelines
150 Technical breakdowns in market intermediaries' systems

- 150.1 Pursuant to rule 1500, **market intermediaries** shall promptly inform **Borsa Italiana** of technical breakdowns in the technological systems they use for trading and their systems for accessing market, in particular if they intend to request the deletion of orders entered or suspension or reduction of the obligations in these rules in case of **specialists**. Market **intermediaries** shall also notify **Borsa Italiana** of the subsequent reactivation of their systems.
- 150.2 Market **intermediaries** must be able to delete orders they enter. In the event that this is impossible, they may request **Borsa Italiana** to delete orders on their behalf either all the orders entered and orders associated with specific **access codes**.
- 150.3 Market **intermediaries** shall send **Borsa Italiana**, via the Member Portal of

- Borsa Italiana**, the list of persons who may request the deletion of orders. The list may include traders, the compliance officer referred to in Rule 1020.4 and other persons deemed by the market **intermediary** to possess adequate professional qualifications and subject to Rule 1212.
- 150.4 **Borsa Italiana** may delete orders only at the request of persons assigned to trading and included on the list referred to in the previous paragraph. **Borsa Italiana** shall notify the names of the persons on the list only to the persons indicated in the list or to the compliance officer. Requests for the deletion of orders made by persons not included in the list will not be carried out.
- 150.5 Market **intermediaries** must notify the list referred to in paragraph 150.3 and every change to the list itself, via the **Borsa Italiana** Member Portal. Changes to the list will be effective from the effective date indicated in the Member Portal. Market **intermediaries** that configure their access to the market using several **access codes** may send the list referred to in paragraph 150.3 for each **access code**.
- 150.6 When requests are made for the deletion of orders, the following information must be given in addition to the market **intermediary's** name and identification code: the **access code** for which the cancellation request has been entered, the name and telephone number of the person requesting the deletion, and the reason for the request. For the deletion of individual orders, it is also necessary to specify the number of the order or the name of the instrument, the sign of the order, and its price, quantity and time of entry. When the request concerns individual orders, the maximum number of orders that **Borsa Italiana** will delete is five.
- 150.7 **Borsa Italiana** shall promptly carry out deletions of orders for which the request complies with what is set out above. If the orders in question have given rise to the conclusion of contracts, such contracts shall be binding on the market **intermediary**, without prejudice to the application of the procedures referred to in guidance Sec. 610 and guidance Sec. 620 and pursuant to rule 2025.

Orders

2020	Approved intermediaries shall express their willingness to trade through anonymous orders. Specialists shall express their willingness to trade through non anonymous orders. Orders shall contain at least the information relative to the financial instrument to be traded, the quantity, the type of transaction, the type of account, the price, and the method of execution and include a special indication when originated from an algorithm or entered by a direct electronic access . The orders may also specify different validity parameters based on time and execution of the order and contain the additional information necessary for Borsa Italiana to comply with the Regulation 2017/580/EU. The modalities of entering of such information and the parameters admitted for each order shall be established in the Trading Service Manual.
G 2021	<p>during the pre-auction phase and the continuous trading the following types of orders may be entered:</p> <p>2021.1 with limit price (or limit order), orders that can be executed at an equal or better price compared to their limit price;</p> <p>2021.2 without limit price (or market order), orders that can be executed at any price and always have a higher priority than limit orders;</p> <p>2021.3 stop limit order, orders with a limit price that are activated once they reach a certain level price of the last contract concluded (so called "stop price");</p> <p>2021.4 stop order, orders without a limit price that are activated once they reach a certain level price of the last contract concluded (so called "stop price").</p>
2022	Market order can not be entered during the pre-auction phase.
2023	<p>In the continuous phase the following types of orders may also be entered:</p> <p>a) iceberg orders, orders entered with a limit price and with a partial quantity displayed. Borsa Italiana sets in the Guide to the Parameters the minimum value of proposals and the minimum value of partly displayed proposals (known as peak size). The execution of the entire peak size shall automatically generate a new order. The new order shall have a partial quantity equal to that of the order already executed, or a different quantity established within the range indicated in the Trading Manual. Such order shall be displayed on the book with the price of the original order and the time priority corresponding to the time the new order was generated. When the peak sizes of multiple iceberg orders displayed in the book with the same price are executed by the same order, with an opposite sign and quantity exceeding the sum of the peak sizes, the eventual remaining not displayed quantities are executed by the same order in proportion to the remaining not displayed quantity of each iceberg order.</p> <p>b) unpriced limit orders, orders which when entered take on a limit price of a better tick than the prices of the best order present in the corresponding side of the book. Unpriced limit orders shall only be entered in the presence of orders in the corresponding side of the book.</p>

	2024	Without prejudice to what is laid down in article 2036, in the trading at the closing auction price phase only market orders, limit orders and marker to limit order may be entered.
	2025	Approved intermediaries may enter and/or modify and/or cancel orders during the pre-auction phase, the continuous phase and during the closing price auction phase.
	2026	The orders for each instrument shall be automatically ranked on the book according to price — in order of decreasing price if to buy and increasing price if to sell — and, where the price is the same, according to entry time. Modified orders shall lose their time priority if the modification implies an increase in the quantity or a change in the price.
	2027	Stop orders and stop limit orders have temporal priority according to their time of activation. If several orders are activated upon the same stop price being reached, they are displayed on the market with time priority in accordance with the time of entry of the order.
	2028	In the cases referred to in 2003, orders may be for the minimum lot or multiples thereof.
	2029	In order to ensure the regularity of trading in a financial instrument , Borsa Italiana may, on a general basis in the Guide to the Parameters communicated in a Notice , establish the maximum countervalue and quantity of financial instruments that may be the subject of an order, the maximum quantity and countervalue of financial instruments .
G	2030	Limit orders may not be entered with prices above or below the maximum percentage limits for price variations established by Borsa Italiana in the Guide to the Parameters communicated in a Notice .

Functioning of the auction and phase change rule

2030	In the pre-auction phases, the indicative uncrossing price shall be computed and updated in real time. It shall be determined as follows:
2030.1	the indicative uncrossing price shall be the price at which the largest quantity of BI It Eq MTF financial instruments can be traded;
2030.2	where the quantity referred to in article 2030.1 can be traded at more than one price, the indicative uncrossing price shall be equal to the one which produces the smallest quantity that cannot be traded with reference to the buy and sell orders having prices equal to or better than the price in question;
2030.3	where for more than one price the quantity of instruments that cannot be traded referred to in article 203.2 is also the same, the indicative uncrossing price shall be equal to the highest price if the greater pressure is on the buy side or with the lowest price if the greater pressure is on the sell side;
2030.4	where applying article 2030.3 the market pressure on the buy side is equal to that on the sell side, the indicative uncrossing price shall be equal to the price closest to the static price, referred to in Article 2080, where the static price is

out of the range individuated by the two prices determined applying the previous article 2030.3 or is equal to the static price itself where it is included between the two prices determined applying the previous article 2030.3.

2030.5 where no static price exists, the indicative uncrossing price shall be equal to the lowest price among those referred to in the previous subparagraphs.

2031 The pre-auction phase shall end at a time within an interval within the last minute of the same phase.

G 2032 The last indicative uncrossing price shall be considered valid and adopted as the auction price for the conclusion of contracts if it differs from the static price by less than the maximum percentage variation established by **Borsa Italiana** and provided the indicative auction prices and corresponding volumes remained stable in a predefined period (final validation period). This check is repeated for a limited number of times within the time referred to in article 2032. The final validation period duration and the stability criteria of indicative auction prices and corresponding volumes are established in the Guide to the Parameters.

G 2033 If the difference between the indicative uncrossing price and the static price exceeds the maximum percentage variation referred to in article 2032, the volatility auction phase shall be started for a period established in the guideline sec. 204.

2034 The conclusion of contracts referred to in article 2032, shall be the result of the automatic matching of buy orders with prices equal to or higher than the auction price with sell orders with prices equal to or lower than such price in accordance with the price and time priorities of the individual orders and until the quantities available are exhausted.

2035 At the end of the opening auction or of the volatility auction, limit orders which are partly or wholly unfilled shall be automatically transferred to continuous trading as limit orders and with the price and time priority of the original order. Unfilled market orders shall be automatically cancelled at the end of the auction. The partially or wholly unfilled market to limit orders shall be transferred to the continuous trading phase as orders with limit price equal to the auction price or in the absence of the latter at the static price and with the time priority of the original order.

2036 At the end of the closing auction, limit orders which are partly or wholly unfilled shall be automatically transferred to the trading at the closing auction price phase, if provided, or to the first trading phase of the following day with the price and time priority of the original order, if the validity parameters specified for the order allow it. Unfilled market orders shall be automatically cancelled at the end of the auction. Partially or wholly unfilled market to limit orders, where the validity parameters specified in the order allow it, are transferred to the trading at the closing auction price phase, if provided for and compatibly with the price conditions of such orders, or to the first trading phase of the following day; in such case with a limit price equal to the auction price, or in the absence of the latter to the static price, and with the time priority of the original order.

Continuous Trading

2040 Contracts shall be concluded, up to the quantities available, through the automatic matching of orders of the opposite sign displayed on the book and ranked according to the criteria referred to in article 2026, as follows:

2040.1 the entry of a buy limit order shall result in its being matched with one or more sell orders with a price lower than or equal to that of the order entered; conversely, the entry of a sell limit order shall result in its being matched with

	one or more buy orders with a price higher than or equal to that of the order entered;
2040.2	the entry of a buy market order shall result in its being matched with one or more sell orders with the most advantageous prices on the book at the moment the market order is entered until the quantities available are exhausted; conversely, the entry of a sell market order shall result in its being matched with one or more buy orders with the most advantageous prices on the book at the moment the market order is entered until the quantities available are exhausted. Market orders may be entered only where there is at least one limit order of the opposite sign on the book.
2041	For each contract concluded via automatic matching in accordance with the previous article, the price shall be equal to that of the order having higher time priority.
2042	The partial execution of a limit order shall give rise to the creation of an order for the unfilled quantity that shall remain on the book with the price and time priority of the original order.
2043	Orders that are wholly or partly unfilled at the end of continuous trading <ul style="list-style-type: none"> - shall be automatically transferred to the closing pre-auction phase with the price and time priority in force at the end of continuous trading. - Or in the case of TAH Segment shall be automatically cancelled.

Trading at the closing auction price

2044	During trading at the closing auction price, contracts shall be concluded, up to the quantities available, at the auction price established in the previous closing auction phase through the automatic matching of orders of the opposite sign displayed on the book and ranked according to the time priority of their entry.
2044.1	The partial execution of a limit order shall give rise to the creation of an order for the unfilled quantity that shall remain on the book with the time priority of the original order.
2044.2	The orders entered during the trading at the closing auction price phase which are partly or wholly unfilled shall be cancelled at the end of the phase. Limit orders coming from the previous trading phase that are wholly or partly unfilled at the end of trading at the closing auction price shall be automatically transferred to the first trading phase of the following day, if the validity parameters specified for the order so allow, with the price and the time priority of the original order.
2044.3	Trading at the closing auction price shall take place only if the closing auction established a valid auction price in accordance with Article 2032.

Automatic controls on trading

G	2045	Where, during the continuous trading of a financial instrument, the price of a contract that is being concluded exceeds one of the price variation limits referred to in the Guide to the Parameters , according to the trading segment:
	2045.1	the continuous trading of that financial instruments shall be automatically suspended and a volatility auction phase begun, which shall be carried out as provided in article 2030 and subsequent; or
	2045.2	the continuous trading of that financial instrument shall be automatically suspended for a period whose duration shall be established in the guidelines and the order that caused the suspension shall be automatically cancelled.

In such case during the temporary suspension of trading orders may not be entered or modified.

At the end of the temporary suspension, trading shall restart with the continuous trading method unless **Borsa Italiana** provides otherwise pursuant to article 6010.

Linea guida

Specialist and Mifid2 Market Maker quoting obligations

- 402.1 **Specialists and Mifid2 market makers** fulfil their quoting obligations by submitting simultaneous bids and offers of comparable quantities. These orders must be made at competitive prices, i.e. the bid and offer prices may differ by the maximum spread indicated in the **Guide to the Parameters** and must comply with the minimum quantity indicated therein.
- 402.2 **Specialists and Mifid2 Market Makers** must comply with the quoting obligations referred to in guidance 402.1, for each trading day, in accordance with the conditions set out in the following table.

Intermediary	% of the trading day for which the minimum quoting obligations must be met
Bit GEM Segment Specialists	60% (includes opening auction, closing auction and continuous trading) ***** Specialists are required to fulfil the quoting obligations from 10 minutes before the end of the opening pre-auction phase.
TAH Segment Specialists	60%
Bit GEM Segment Mifid2 Market Makers	55% (includes opening auction, closing auction and continuous trading) ***** Mifid2 market makers are required to fulfil the quoting obligations from 10 minutes before the end of the opening pre-auction phase.
TAH Segment Mifid2 Market Makers	50%

- 402.3 *In stressed market conditions, which may occur in the cases indicated in Sec. 600:*
- a. *Specialists are required to quote with reduced obligations.*
 - b. *Mifid2 market makers may quote with reduced obligations if they have specifically requested this when entering into the market making agreement.*

The reduced obligations are indicated in the Guide to the Parameters.

- 402.4 **Specialists and Mifid2 market makers** are not required to comply with the quoting obligations upon occurrence of exceptional circumstances communicated by Borsa Italiana. In the cases envisaged by Article 3, letter d) of Regulation 2017/578/EU, the intermediaries shall give **Borsa Italiana** written notice of this circumstance, in order to be exempted from these obligations.
- 402.5 **Borsa Italiana** shall verify compliance with the obligations entered into by the specialists and the Mifid2 market makers.
- 402.6 In evaluating possible violations of the obligations, **Borsa Italiana** shall also take account of compliance, on a monthly basis, with the quoting obligations.

SURVEILLANCE

Controls and measures concerning trading

6000	Borsa Italiana shall control the regularity of trading, verify the compliance with these rules and the accompanying guidance and adopt all the measures necessary for the proper operation of the market. These functions shall be performed by the competent office, which shall be exclusively equipped with the means needed to carry out the related controls and interventions. These rules shall be conducted in accordance with the procedures set out in rule 1210.
6001	In carrying out its supervisory functions, with the aim of ensuring orderly trading, Borsa Italiana shall, <i>inter alia</i> :
6001.1	may intervene on the quoting obligations of the intermediaries where needed;
6001.2	monitor the behaviour of approved intermediaries in the market and compliance with the obligations of specialists and of Mifid2 Market Makers;
6001.3	apply to issuers and to approved intermediaries for information deemed necessary in relation to particular market conditions;
6001.4	verify the updating of records, including the content of the proposals and information required by Regulation (EU) No. 2017/580, procedures and any other matters necessary to ensure orderly trading;
6001.5	monitor the operation of the technical equipment and transmission networks of the electronic data processing and telecommunication systems;
6001.6	regulate trading conditions;
6001.7	promptly inform the market of the measures it adopts that affect trading in the market or the performance of Bit Eq MTF financial instruments ;
6001.8	promptly suspend the intermediary following the suspension or exclusion or of the subject used by the intermediary, by the operating central counterparties giving immediate notice thereof to Consob. If several central counterparties operate, the suspension may be limited to the operation of specific access codes.

Measures concerning trading parameters, hours and phases

6010	In particular market conditions, Borsa Italiana may, with reference to categories of Bit Eq MTF financial instruments or individual Bit Eq MTF financial instruments :
6010.1	extend the duration or delay the start of one or more phases of trading

	6021.1	entry of a transaction of the opposite sign offsetting all or part of the original transaction;
	6021.2	transfer of positions in financial instruments between the approved intermediaries concerned;
	6021.3	transfer of liquidity (cash adjustment) between the approved intermediaries concerned;
	6021.4	correction of the prices of transactions concluded as a result of errors;
	6021.5	cancellation of contracts in the market or in the trade-checking service referred to in the rule 5000.
	6022	In order to permit the handling, in the trade-checking service referred to in the rule 5000, of contracts deriving from entry errors, Borsa Italiana may inform authorised intermediaries of the identities of counterparties, if they are not displayed.
G	6023	The measures referred to in rule 6020 shall normally be adopted where:
	6023.1	the approved intermediary that made the entry error applies promptly;
	6023.2	the applicant made an obvious material error;
	6023.3	the applicant suffers, in the event that the contracts concluded as a direct consequence of the error are settled, a loss in an amount exceeding the limit established on a general basis by Borsa Italiana in the guidance Sec. 620.2.
G	6024	For the purpose of identifying transactions which may be the subject the measures referred to in rule 6021 and rule 6022, with particular regard to those Borsa Italiana may adopt on its own authority, the latter shall establish the procedure for handling them in the guidance Sec. 605 and following, determining on a general basis for each category of BIT Eq MTF financial instruments :
	6024.1	the theoretical market prices ("theoretical prices");
	6024.2	the differences between the prices of the contracts concluded and the reference prices.
G	6025	In determining the theoretical prices and the differences referred to in rule 6024 and specified in the guidance Sec. 630 and Sec. 640, Borsa Italiana shall take into account the nature, liquidity and volatility of BIT Eq MTF financial instruments .
	6026	The promptness of the application for the remedy of an error by its author referred to in rule 6023 shall be assessed <i>inter alia</i> in relation to the emergence of new information or changes in market conditions between the time of the error and the time the application was made.
	6027	Where approved intermediaries conclude contracts by mistake at anomalous prices and agree to annul them, they are required to inform Borsa Italiana , which shall cancel them.

	6028	Borsa Italiana shall give prompt notice to the intermediaries concerned of the operation of the procedure for handling errors and the measures adopted. Where these are affecting contracts that have been concluded, Borsa Italiana shall inform the market and provide the counterparties concerned, at their request, with the documentation relative to the corrections or cancellations effected.
G	6029	For carrying out the error handling procedure referred, Borsa Italiana shall charge the intermediary that made the mistake a fee proportional to the scale of its intervention, in accordance with what is established in the guidance Sec. 650.

Sec. *Guidelines:*

605 *General principles*

605.1 *An **intermediary** that makes a mistake in entering orders in the market shall promptly inform **Borsa Italiana**, giving the details of any resulting transactions and specifying whether it intends to request activation of the error handling procedure.*

605.2 *Such reports, requests for the handling of mistakes by the **intermediaries** which made them and the related counterparty authorisations, may be sent: after contacting **Borsa Italiana**'s supervision office by telephone, by sending a written request to the following e-mail address: ms@borsaitaliana.it;*

605.3 *Requests for the handling of mistakes must contain the details of the transactions.*

605.4 ***Borsa Italiana** shall promptly notify the details of the financial instruments for which the error handling procedure has been requested and activated to the counterparties involved or the entire market in the manner deemed most appropriate.*

605.6 *The cost of contacting the counterparties in connection with the adoption of corrective measures shall normally be borne by the approved **intermediary** that made the mistake. If the identities of the counterparties are not known to market participants, the **intermediary** that made the mistake shall contact **Borsa Italiana**.*

The manner of determining the fees for the mistake handling procedure referred to in rule 6029 is specified in guidance Sec. 650.

Sec.

610 *Ordinary procedure*

610.1 *The ordinary procedure may be activated where the following conditions are met:*

- a) the handling request is submitted to **Borsa Italiana** as promptly as possible;*
- b) the transactions to which the request refers derive from an evident mistake.*

610.2 **Borsa Italiana** shall promptly inform the applicant where the request for activation of the ordinary procedure is refused, giving the reasons for the refusal.

610.3 The application of one or more of the corrective measures referred to in rule 6021 may be adopted directly within the scope of their authority by the parties or by **Borsa Italiana** subject to the agreement of the parties.

Sec.
620 Extraordinary procedure

620.1 **Borsa Italiana** may arrange or implement one or more of the actions referred to in rule 6021 where, for the different types of errors, the conditions specified respectively in guidance Sec. 620.2, Sec. 620.3 and 620.4 are met.

620.2 In the case of mistakes involving the same instrument made as a result of the entry of a single order or quote that leads to the conclusion of one or more contracts, the conditions shall be the following:

- a) the error handling request must be submitted to **Borsa Italiana** as promptly as possible;
- b) the transactions to which the request refers must originate from an evident mistake;
- c) the transactions to which the request refers must have prices above or below the levels established on a case-by-case basis by **Borsa Italiana** by calculating the theoretical "reference" prices referred to in guidance Sec. 630 and by applying to those prices the maximum divergence thresholds beyond which prices are to be considered abnormal, referred to in guidance Sec. 640;
- d) the amount of the loss referred to in rule 6023.3 must exceed 12,500 euros in total.

620.3 In the event of errors resulting from the placement of multiple orders or quotes through which multiple contracts were concluded linked by a continuity constraint with the original error, the conditions referred to in guidance Sec. 620.1 — with reference to a single financial instrument — shall be the following:

- a) the error correction request must be submitted to **Borsa Italiana** as promptly as possible;
- b) the transactions to which the request refers must originate from an evident mistake;
- c) the interval between the conclusion of the first and last contracts to which the request refers must not exceed 60 seconds;
- d) the transactions to which the request refers must have prices above or below the levels established on a case-by-case basis by **Borsa Italiana** by calculating the theoretical "reference" prices referred to in guidance Sec. 630 and the maximum divergence thresholds beyond which prices are to be considered abnormal referred to in the guidance Sec. 640;
- e) the amount referred to in rule 6023.3 must exceed 25,000 euros in total.

For financial instruments traded in currencies other than Euro, the amount of the loss is converted into Euro on the basis of the latest available ECB foreign exchange reference rate.

620.4 **Borsa Italiana** shall promptly inform the applicant where the request for activation of the extraordinary procedure is refused, giving the reasons for the refusal.

620.5 The prices obtained by applying the maximum divergence thresholds to the theoretical reference prices are rounded to the trading tick of the same financial instrument.

Sec. Determination of the "theoretical prices"
630

630.1 The "theoretical price" shall be determined by **Borsa Italiana** on the basis of one of the following prices:

- the arithmetic mean of the prices of a minimum of three and a maximum of ten consecutive contracts concluded on the same day, chosen among those preceding or following the error;
- opening auction price of the same section referred to in article 2032, only for the **BI It GEM Segment**;
- reference price referred to in article 2062 only for the **BI It GEM Segment**;
- the static price of the **BI It Eq MTF financial instrument**;
- objective reference values available to the market.

Sec. Determination of the maximum divergence thresholds
640

640.1 Following the determination of the theoretical prices, the prices of the contracts at which the extraordinary error handling procedure may be applied shall be calculated, i.e. all the prices respectively above or below the "theoretical reference price" reduced or increased by the maximum divergence threshold, as determined in the following paragraphs.

640.2 The maximum divergence threshold for each financial instrument shall be equal:

- for errors made during the pre-auction phase, to the maximum variation of the price of contracts with respect to the static price referred to in Sec. 204.1 b);
- for errors made during the continuous trading phase, to 5%

Sec. Determination of the fee for handling errors
650

650.1 **Borsa Italiana** shall use the following formula to determine the fee referred to rule 6029:

$$C = 50 \times N_{cp} + 10 \times N_{ct}$$

where:

- C = the fee in euro;
- N_{cp} = the number of counterparties involved in the contracts affected by the procedure;
- N_{ct} = the number of contracts considered in the calculation, set equal to 0 where the number of contracts affected by the procedure is less than or equal to 50 and to the number in

excess of 50 where the number of contracts affected by the procedure is more than 50.

650.2 *The fee may not be less than 250 euro or more than 2,500 euro.*

Handling of technical breakdowns

G	6040	<i>Inter alia</i> with the aim of ensuring equal access to the market by approved intermediaries in conditions of adequate transparency, Borsa Italiana :
	6040.1	shall establish in the guidelines the procedures for handling technical breakdowns of electronic data processing equipment and transmission networks, and lay down objective criteria for carrying out the procedures, determining the downtime, the time at which trading is to start again and any extension of trading hours;
	6040.2	In case of assessed technical breakdowns, it may order the temporary suspension of trading where technical breakdowns affect a significant number of approved intermediaries ;
	6040.3	shall inform the market of the measures adopted in accordance with this rule where they impinge on approved intermediaries ' operations or the trading of BIIt Eq MTF financial instruments .

Sec. 660 *Guidelines:*

Handling of technical breakdowns

- 660.1 *In monitoring the operation of the technical equipment and transmission networks of the electronic data processing and telecommunication systems referred to in rule 6001.5, **Borsa Italiana** shall continuously verify:*
- approved **intermediaries**' operational and informational links to the market;*
 - the working of the electronic data processing equipment and telecommunication networks for the provision of trading support services, the dissemination of information and the daily checking and correction of contracts;*
 - the regular operation of the different market phases in accordance with the procedures and timetables prescribed.*
- 660.2 *Where the controls referred to in the preceding paragraph reveal anomalies involving a significant number of approved **intermediaries**, **Borsa Italiana** may adopt one of the following measures for an individual **BIIt Eq MTF financial instrument**:*
- prolong or postpone one or more market phases;*
 - suspend one or more market phases;*
 - prolong the session;*
 - close the session early.*
- 660.3 ***Borsa Italiana** shall also assess the significance of the number of approved **intermediaries** affected by technical breakdowns referred to in rule 6040.2 in relation to:*
- the nature of the breakdowns and the operational limitations (access or information) observed;*
 - the procedures for connecting the approved **intermediaries** affected to the market;*
 - the fact that the breakdowns concerned all or part of the technical resources available to approved **intermediaries**;*
 - the market share of the approved **intermediaries** affected.*

- 660.4 *The duration of the suspensions and postponements referred to in guidance Sec. 660.2 shall be fixed in a transparent manner and in a way that allows a significant number of approved **intermediaries** to assess their contractual positions and re-establish regular connections with the market.*
- 660.5 *Trading may be restarted:*
- a) *with a phase which permits approved **intermediaries** to cancel unexecuted orders they had entered in the market before the suspension.*
 - b) *according to the continuous trading procedure.*

COMPLIANCE PROCEDURES

Measures against market intermediaries and issuers

C010	<p>Without prejudice to rule 1021, where there is a violation of these rules or the accompanying guidance, including the case of issuers or market intermediaries hindering the verification activity referred to in rule 1210, Borsa Italiana may apply one or more of the following measures against the market intermediaries in question:</p> <p>C010.1 a written warning to observe the Rules and accompanying guidance;</p> <p>C010.2 a written censure;</p> <p>C010.3 a fine of between 5,000 and 500.000 euros;</p> <p>C010.4 suspension from trading in the market;</p> <p>C010.5 exclusion from trading in the market.</p>
C011	<p>The measures provided for in the rules, C010.4 and C010.5 may be made public as described in Rule C040. Measures provided in the previous rules C010.1, C010.2 and C010.3 may be made public as described in rule C040, where Borsa Italiana is of the opinion that this is deemed necessary and appropriate for the purpose of market protection. Borsa Italiana may disclose to the public the measure and the description of the violation without specifying the identity of the perpetrator, when this is deemed sufficient in order to ensure market protection. The measure referred to in rule C010.1 could be disclosed only without the name of the intermediary to which such measure applies.</p>
C012	<p>In order to adopt the measures referred to in the rule C010, Borsa Italiana shall take the following criteria into account:</p> <p>C012.1 the actual and potential impact on the market and the external importance of the violation and the impact on the issuer's economic and financial situation;</p> <p>C012.2 the size, duration and nature of the violation;</p> <p>C012.3 how Borsa Italiana became aware of the violation;</p> <p>C012.4 the benefits accrued by the issuer or market intermediary from the violation;</p> <p>C012.5 The issuer's or market intermediary's reaction to Borsa Italiana's requests and its actual and previous behavior;</p> <p>C012.6 magnitude of fraud and negligence;</p> <p>C012.7 functioning of system used for internal control and prevention of violations;</p> <p>C012.8 numbers and magnitude of violations previously committed by the same issuer or market intermediary;</p> <p>C012.9 size of the issuer or market intermediary and of the group it belongs to;</p> <p>C012.10 the cases in which various provisions are breached or the same provision is breached more than once.</p>

C013	Where there is a violation of quotation obligations by specialists , Borsa Italiana may initiate the procedure referred to in rule C020.
C014	Where a measure of suspension or exclusion from trading is adopted, from the time such measure takes effect the market intermediary to which it is applied shall only be permitted, under the surveillance of Borsa Italiana , to close out any positions still open and carry out any related transactions that are necessary to protect customers' interests from the date of commencement of the period of suspension or exclusion from trading.
C015	The use to which fines are put shall be established on a general basis by Borsa Italiana in an ad hoc measure communicated to Consob and published in a Notice .
C016	In derogation to the provision at article C010, in the case of breach of the provisions of articles 1400.5 and 4021, and the obligations contained in the guidelines Sec. 402, Borsa Italiana shall apply the written notice, the communication to the public of the failure to comply with obligations and reporting to the Authorities. Articles from C020 to C050 shall not apply.

Procedure for verifying violations

C020	In order to apply the measures referred to in rule C010, the procedure described in this rule shall be initiated within one year of the presumed violation or of the later date on which Borsa Italiana learned of the presumed violation. In the latter case the procedure described in this rule may not be initiated after three years have elapsed from the date of the alleged violation.
C021	For the purpose of applying the measure referred to in rule C010.2, C010.3, C010.4 and C010.5, Borsa Italiana sends the issuer or the market intermediary concerned a notification: <ul style="list-style-type: none"> C021.1 containing a description of the alleged violation; C021.2 setting a time limit of not less than 15 days within which a written brief may be submitted and possibly a request for a hearing in which to examine the matter jointly.
C022	The notification referred to in rule C021 may indicate the measure Borsa Italiana intends to apply. In such case, if the time limit referred to in rule C021.2 expires without the issuer or the market intermediary having submitted a written brief or requested a hearing, Borsa Italiana shall apply the measure indicated in the notification.
C023	If the issuer or the market intermediary requests a hearing in which to examine the question jointly or if Borsa Italiana considers such a hearing to be necessary, Borsa Italiana shall establish the date for the hearing and inform the issuer or the market intermediary accordingly. The issuer or the market intermediary shall be represented in the meeting either by its legal representative or by a person appointed for the purpose, being allowed to be assisted by a lawyer of its choice. If the market intermediary fails to attend the hearing without due cause, Borsa Italiana shall proceed on the basis of the evidence collected up to that time. At the end of the hearing, at the request of the party concerned, Borsa Italiana may set a new time limit of not less than 10 days for the submission of another written brief.
C024	On the basis of the evidence collected as part of the procedure, Borsa Italiana shall decide within 45 days of the hearing or the subsequent expiry of the time limit for the submission of another written brief as provided for rule C023, or if no such hearing is requested or scheduled by Borsa Italiana , within 45 days of the expiry of the time limit set pursuant rule C021.2.

C025	Decisions adopted pursuant to the preceding rule C024 shall be promptly notified to the interested party giving the reasons for the decision. If one of the measures referred to in rule C010 is applied, the costs of the procedure and in particular those in relation to the examination of the written briefs submitted and the hearings requested, determined on a flat-rate basis in accordance with the provisions of rule 1300, shall be charged to the market intermediary or to the issuer .
