Membership and Trading Rules

Introduction

This document contains the **Membership and Trading Rules** (these rules) which set out the rules regarding the conditions and the procedure for the admission of the intermediaries in the market, the continued eligibility and the rules of conduct of the admitted intermediaries, the relationship between market intermediaries and Borsa Italiana and the trading rules. The document contains also the rules regarding the market surveillance and the procedures relating to disciplinary and appeals matters for intermediaries.

Moreover, the Membership and Trading Rules contain guidance to rules that supplement these rules, which indicate the provisions for the implementation of the content of the Rules. Rules with supplementary guidance are flagged with the notation "G". Guidance is divided in Section (Sec.) with an identification number. The paragraphs of the guidance are identified by the number of the Section and of the paragraph. Rules that have a reminder to Compliance Procedure are flagged with the notation "C". The rules and responsibilities for **issuers of Euronext Growth Milan Securities** are set out in the "**Rules for Companies**".

For the definition of the terms in bold in these Rules, not contained in the present glossary, see the glossary in the **Rules for Companies**.

DEFINITIONS

Algorithmic trader	means the operator using an algorithmic trading technique, as specified in Article 4(1)(39), of Directive 2014/65/EU and in Article 18, of Regulation 2017/565/EU
Algorithmic trading	means the trading technique specified in Article 4(1)(39) of Directive 2014/65/EU and in Article 18 of Regulation 2017/565/EU
CSD	means the legal person authorised to operate a securities settlement system, pursuant to Regulation 2014/909/EU
Direct Electronic Access	means the connection to the market as specified in Article 4(1)(41) of Directive 2014/65/EU
Exceptional circumstances	means the exceptional circumstances identified in Article 4, of Regulation 2017/578/EU
Guide to the parameters	the document accompanying the Rules of the regulated markets and relevant Instructions, as well as the Rules of the multilateral trading facilities organized and managed by Borsa Italiana S.p.A., referred to as " Guide to the Parameters " notified in a Notice and available on Borsa Italiana website.
Guidance to the Rules	Indicates the provisions implementing the contents of Euronext Growth Milan Rules (Membership and Trading Rules) and is published jointly with the Rules.
High-frequency trader	means the intermediary using a high-frequency algorithmic trading technique , as specified in Article 4(1)(40), of Directive 2014/65/EU and in Article 19, of Regulation 2017/565/EU
High-frequency algorithmic trading or HFT	means the trading technique specified in Article 4(1)(40), of Directive 2014/65/EU and Article 19, of Regulation 2017/565/EU
Interconnection	the linking to markets via market intermediaries , of customers of market intermediaries ; the connection of which may take place in "direct electronic access" mode or in another mode; or organisational units of market intermediaries other than units assigned to the activities of trading in the markets and settlement and the control thereof computer-based systems for the automatic generation of orders even if they are installed in an organisational unit of a market intermediary . The connection of customers of the market intermediary , in "direct electronic access" mode (DEA), can take place through the technical structure of the market intermediary (Direct Market Access or DMA) or directly (Sponsored Access or SA).

Internal Matching Facility	A trading facility that allows intermediaries who have requested it to use a matching mechanism that applies a price-participant-time priority instead of price-time in relation to financial instruments eligible for the Internal Matching System as specified in the Appendix to the Trading Manual .
Large in scale transaction or Large in scale order	means the transaction or the order that are large in scale with respect to the normal size of the market, according to the definitions in Regulation 2017/287/EU and in Regulation 2017/583/EU
Liquid market for the financial instrument	means the liquid market as specified in Article 2, paragraph 1(17), of Regulation 2014/600/EU
Liquidity Provider	means the intermediary who undertakes to support the liquidity of financial instruments, performing the functions indicated in Article 4000 and who does not carry out market maker activities pursuant to Article 17, paragraph 4 and 48, paragraph 2 of the Directive 2014/65/EU
Logical Access	Means the set-up to connect to trading system containing the technical configuration for the market intermediary connectivity. Each logical access allows access to a unique trading platform technical segment.
Market making agreement	means the market making agreements that Borsa Italiana must offer, in compliance with Regulation 2017/578/EU, to the Intermediaries pursuing a market making strategy
Negotiated transactions	means the transactions negotiated privately between intermediaries, placed on the market according to the rules specified in Articles 2050
Market Maker	means the intermediary that has underwritten a market making agreement with Borsa Italiana, in accordance with Regulation 2017/578/EU
Market making strategy	means the trading that is carried out on own account by an algorithmic trader on one or more financial instruments and that involves the entering of firm and simultaneous purchase and sale quotes, for comparable size and at competitive prices and is carried out for at least 50% of the duration of the continuous trading session, for at least half of the days in a month, as indicated in Regulation 2016/578/EU
Retail Member Organisation	An operator having the characteristics set out in Article 2.9.5 of the Trading Manual and authorised by the market to transmit Retail Orders with the characteristics, and in accordance with the provisions, set out in in the present Rules.
Retail Liquidity Firm Quote	Any limit order posted in the Central Order Book by a Retail Liquidity Provider acting in such capacity and available to be matched only with Retail Orders submitted by Retail Member Organisations ;
Retail Liquidity Provider	Any order in respect of which a Retail Member

Organisation has sufficient reason to believe that it originates from a retail client (i.e. a client that has not been classified as a “professional client” within the meaning of Directive 2014/65/EU (MIFID) or a similar definition for a non-European state operator).

Retail Orders

any order for which the Retail Member Organisation has sufficient reason to believe that it originates from a natural person or a legal entity that is exclusively and directly controlled by a natural person, neither of whom meeting the criteria of MIFID Annex II, part I (“categories of client who are considered to be professionals”) and regardless of whether or not they have been classified as professional at their request. In respect of a broker established in a country outside the European Economic Area, the definition shall apply by using equivalent definition and criteria in the relevant country.

Specialist

Any member firm that undertakes to support the liquidity of the financial instruments, and performs the functions referred to in Article 4000, and undertakes to produce or commission the production of research as indicated in the **Rules for Companies**.

Trading Code

means the FirmID used to identify the trading member on the market

Trading Manual

the trading manual of the Optiq trading platform which describes the functionalities of the platform both for the regulated markets and the multilateral trading facilities. The provisions of the trading manual apply to the Borsa Italiana’s markets when they have been incorporated by reference or replicated in the Rules of such trading venues.

TCS Trading Manual

the Transaction Confirmation Service (TCS)’s trading manual which describes the transactions benefiting from a pre-trade transparency waiver and executed outside the Euronext central order book, but in the Euronext Transaction Confirmation Service (TCS) system and therefore deemed executed on the relevant regulated market or multilateral trading facility as appropriate.

Tick

the minimum difference between the prices of orders, established in the Guidance, for each financial instrument traded.

CORE RULES

Member firm

1000	The member firm is an entity that has been admitted to trading by Borsa Italiana in the Euronext Growth Milan as described above.
------	---

Intermediaries admitted to trading and procedure for admission to trading and start of operation

G	1010	The following may participate in trading in the Euronext Growth Milan : intermediaries authorised under the law or regulations to provide the services and engage in the activity of dealing for own account and/or executing orders on behalf of clients and those that fulfil specific membership requirements established by Borsa Italiana in the guidance.
---	------	---

Sec. *Guidance to Rule*
100 *Intermediaries admitted to trading*

- 100.1 *The following may participate in trading in the **Euronext Growth Milan**:*
- a) *persons authorised to provide the services and engage in the activity of dealing for own account and/or executing orders on behalf of clients under the Consolidated Law on Finance, the Consolidated Law on Banking or other special provisions of Italian law;*
 - b) *banks and investment firms authorised to provide the services and engage in the activity of dealing for own account and/or executing orders on behalf of clients under laws of other EU countries;*
 - c) *the firms of non-EU countries entered in the register of third country firms kept by ESMA pursuant to Article 48 of Regulation (EU) No. 2014/600 and the firms authorized to provide investments service, and, where applicable, insurance companies, entities authorized to provide collective asset management services and pension funds in non-EU countries in which Borsa Italiana can operate in compliance with the provisions of article 70 of the Consolidated Law on Finance;*
 - d) *the entities authorised by the competent Authority of an EU country to provide one or more investment services and activities; insurance companies, the entities authorised to provide collective asset management services, and pension funds. These entities must satisfy the requirement indicated at letter e), point 2.*
 - e) *firms set up in the legal form of a società per azioni or a società a responsabilità limitata or equivalent which trade on their own account within the limits imposed in Article 4-terdecies, paragraph 1, letter d), of the Consolidated Law on Finance:*
 1. *the persons performing administrative, management and supervisory functions and those responsible for trading activity and the internal control function satisfy adequate integrity requirements;*
 2. *they have established an internal audit function that does not depend hierarchically on any person with operational responsibilities and that makes periodic checks on the activity of trading in **financial instruments**; **Borsa Italiana** may exempt intermediaries from this requirement after evaluating their size (proportionality principle);*
 3. *they have adequate financial resources to ensure the*

business continuity of the trading service and which are not less than 50,000 euros.

- 100.2 *The participation of companies according to Guidance line Sec. 100.1 letter e), established in a non-EU Country is subject to the conclusion of agreements between Consob and the corresponding supervisory authorities in the home country.*

G	1011	For the purposes of admission to trading in the Euronext Growth Milan , intermediaries shall send Borsa Italiana a written application using the standard form provided by Borsa Italiana conforming with what is provided in the guidance.
	1012	Following receipt of the application for membership and the participation documentation requested by it in accordance with the provisions of the guidelines, Borsa Italiana approves or rejects such application or approves it subject to the conditions and/or restrictions as it considers appropriate. Borsa Italiana shall notify the applicant of its decision in writing, which in case of approval is admitted to trading.
	1013	Following the admission, Borsa Italiana verifies the technical requirements and post-trade configurations and, in the event of a positive outcome, confirms the start date of operation.

Guidance to Rule

Sec.

110 *Application for admission and start of operation*

- 110.1 *Applications referred to in rule 1011 must be signed and sent to **Borsa Italiana** via dedicated portal, together with a copy of the authorisation issued by the competent Authority, if any. In case of technical unavailability of the portal, the information and documentation must be sent in paper form.*

- 110.2 *Market intermediaries are required to complete the participation documentation, using the forms and functions available via the dedicated Portal with the following data:*

- a) information concerning the participation requirements;*
- b) information concerning the offer of the "direct electronic access" service specifying whether it takes place through the technical structure of the market intermediary through a DMA or directly through a sponsored access;*
- c) declaration showing that before use of each trading algorithm, and whenever a substantial update is made to each of them, the operator has run tests as appropriate to avoid creating abnormal trading conditions and indicates the environment in which the tests of these algorithms were run;*
- d) information about "**high frequency algorithmic trading**";*
- e) declaration showing that specific procedures for use of the order cancellation function have been implemented, and which also shows whether the technical procedures for cancelling orders are available on the intermediary's systems or in the market functions (kill functionality);*
- f) in the case of indirect participation in the settlement service, a declaration referred to in rule 1100 communicated by the market intermediary and the intermediary participating in the settlement service;*
- g) in the case referred to in guidance Sec. 100.1 (e) a declaration of the legal representative of the company that confirms the compliance with the requirements for the good reputation of the parties indicated therein;*
- h) in the case referred to in guidance Sec. 100.1 (e), a declaration of the legal representative of the company that confirms that the internal audit function has been assigned to conduct periodic audits on the trading of financial instruments;*

- i) *in the case referred to in guidance Sec 100.1(c), for recently established companies for which audited annual accounts have not yet been prepared, a declaration of the legal representative of the company containing a statement of the adequacy of the existing shareholders' equity and an undertaking to confirm the satisfaction of the capital requirement and the audit of the annual accounts as soon as they are available.*
- j) *for the market intermediaries that offer the "direct electronic access" service to sponsored customers:*
 - 1. *request for a specific access code for each sponsored customer;*
 - 2. *the declaration by the intermediary confirming that it has verified the suitability of the sponsored customers in accordance with Regulation EU 589/2017 and certifying that the sponsored customer complies with the participation requirements for market intermediaries;*
 - 3. *the request of activation of appropriate features necessary to suspend the sponsored customer's access, to proceed with the massive cancellation of unexecuted orders entered by the sponsored customer, and to monitor in real time the operation in the sponsored customer's market.*
 - 4. *for each access code given to the sponsored customer, a specific list of the trading staff authorised to request the deletion of the orders entered, referring to the access code given to the sponsored customer. This list must comply with the requirements of Guidance 160.3.*
 - 5. *the indication of the name of the contact person for the information technology function for the operations of the sponsored customer, available during market hours, if different from the contact person for the information technology function of the market intermediary.*

110.3 *Intermediaries already admitted to trading on a regulated market or a Multilateral Trading Facilities managed by **Borsa Italiana** that intend to request to participate in the **Euronext Growth Milan Borsa Italiana** reserves the right to consider fulfilled membership requirements referred to in guidance Sec. 120 and not to require the documentation already provided by the intermediary in connection with its participation in other regulated markets or Multilateral Trading Facilities that it manages. The procedure referred to in rules 1011, 1012 and 1013 shall apply insofar as it is compatible.*

110.4 *After the admission and in order to start the operation on the market the intermediary will have to provide information concerning the systems for accessing the market, including the identification of any third parties and/or Service Providers including the order for technological infrastructure and confirmation of the execution of technical-functional tests, including the conformance test and the signing of the agreement with Euronext for access to the trading platform.*

1014	Market intermediaries shall ensure continued satisfaction of the authorisation and other requirements referred to in rule 1010 and of the conditions referred to in rule 1020.
1015	Revocation or expiry of the authorisation to trade or cessation of fulfilment of the requirements for unauthorised persons shall result in suspension or exclusion from trading, without prejudice to any measures adopted by the supervisory authorities to ensure the closure of any positions still open and the carrying out of any related transactions required to protect customers' interests. In the event of: <ul style="list-style-type: none"> a) suspension or cancellation of a stockbroker under Article 201 of the Consolidated Law on Finance; b) extraordinary administration; c) compulsory administrative liquidation; d) another bankruptcy procedure;

- e) other measures taken by Competent Authority that result in it being impossible, even if only temporarily, for **intermediaries** to enter into undertakings or perform undertakings they have entered into,

Borsa Italiana may suspend or exclude the **intermediary** from trading.

- 1016 The cessation of direct or indirect participation in the settlement system of transaction in financial instruments must be immediately notified in writing to **Borsa Italiana** by market **intermediaries** and shall result in their being promptly suspended from trading in the market until they are again able to settle trades, directly or indirectly.

- 1017 After six months have passed without the cessation of the condition that gave rise to the suspension from trading, Borsa Italiana may exclude the intermediary.

Condition for participation and continued eligibility

G	1020	The participation of intermediaries to trading shall be subject to verification by Borsa Italiana , in accordance with objective non-discriminatory criteria, of fulfilment of the following conditions on a continuing basis:
	1020.1	adequacy of the technological systems used for trading and associated activities carried on and the number and types of interconnections with the market, and their compatibility with the electronic data processing and telecommunication support systems adopted by Borsa Italiana for the operation of the market;
	1020.2	sufficient staff with adequate professional qualifications in relation to the types of activity carried on and the types of interconnection with the market;
	1020.3	adequate internal procedures and controls for trading activity;
	1020.4	adequate settlement procedures.
	1020.5	Intermediaries may entrust the management of technological systems to third parties.
	1020.6	The participation of intermediaries shall also be subject to verification of direct or indirect participation in the settlement system through which contracts are settled and participation in their accessory systems (trade-checking systems).
	1020.7	In order to comply with the conditions of this paragraph, intermediaries must satisfy the minimum requirements laid down in the Guidance to Rules.

Sec. *Guidance to Rule*
120 *Requirements for participation*

120.1 *For the purpose of complying with the conditions referred to in rule 1020, market **intermediaries** must attest that:*

- a. *they have a sufficient number of Responsible Persons for the nature and scale of business being conducted. The Responsible Person shall be responsible for trading activity conducted on the Euronext Growth Milan market and follow all the requirements defined pursuant to the Notice 2-01 "Registration of Authorised Representatives and Responsible Persons". Trading activity may be conducted by Responsible Persons or by other individuals within the Member, at the discretion of the Member, provided all such individuals are suitable and adequately trained in accordance with the Rules.*

Traders who are not Responsible Persons may only submit orders under the general authority of a Responsible Person. Borsa Italiana may impose requirements, and publish such requirements by Notice, in respect of training and competence of the Responsible Person;

- b. their trading staff know the rules and operating procedures of the market and the technical instruments for trading and have adequate professional qualifications;
- c. know the rules governing and the manner of performing the activity of **specialists and Liquidity Providers** and the related technical instruments;
- d. the obligations set out in paragraph a), b) and c) apply to the market intermediaries providing trading services in financial instruments, including through the use of systems that do not involve human intervention. These systems shall be programmed in accordance with the rules, the operating procedures of the market and the technical instruments used for the activity concerned. The operators assigned to the programming of these systems shall have appropriate professional qualifications;
- e. they have systems, procedures and controls for trading activity including specific procedures for use of the order cancellation function and adequate settlement procedures;
- f. they have an internal IT unit that is adequate in terms of number, experience and specialisation of the staff to guarantee the continuous and prompt functioning of the trading and settlement systems used, taking into account the degree of automation of their internal procedures and any recourse made to outsourcing;
- g. they have a sufficient number of Authorised Representatives as defined pursuant to the Notice 2-01 "Registration of Authorised Representatives and Responsible Persons".

120.2 Market **intermediaries**, for the purpose of complying with the conditions referred to in Article 1020.6, shall attest that:

i) in case of direct participation in the settlement system, the participation to the X-TRM system service;

ii) in case of indirect participation in the settlement system, the participation to the X-TRM system service on his behalf of the intermediary participating in the settlement service.

120.3 When carrying on the trading activity and associated activities, the market intermediary shall avail itself of technological systems which are adequate for the interaction with the electronic data processing and telecommunication support systems of the market, for which the market intermediary has achieved the conformance certification (so called conformance test). The conformance certification must be completed before the market access systems are used and before any substantial updating of such access systems or of the market trading system. The conformance certification must also be completed for each direct connection of sponsored costumers (the so-called sponsored access).

120.4 Traders, market makers and **specialists/Liquidity Providers** may perform their activities for more than one market intermediary only when the market intermediaries they are acting for belong to the same group.

120.5 Market intermediaries may use a third party and/or a group company to perform the activities referred to in the guidance 120.3 provided they remain fully responsible for compliance with all the obligations of the Rules and control and coordinate the activities performed by the persons referred to in the preceding guidance. Market intermediaries must inform **Borsa**

Italiana accordingly. The agreement between the intermediary and the third party/group company must provide for the possibility of **Borsa Italiana**, or its appointees, verifying compliance with the requirements laid down in the Rules directly on the premises of the third party and/or the group company the market intermediary uses.

Sec.

130 Conditions for outsourcing technological systems

- 130.1 Pursuant to Rule 1020.5, intermediaries may use **Borsa Italiana** or third parties:
1. for connection to the market;
 2. for the other functions related to the management of technological systems other than connection to the market (e.g. housing and facility management).
- 130.2 The company offering the connection to the market may provide that the single connection is shared among many **intermediaries**, in the respect of specific segregation criteria. In such case, the company offering the connection to the market is known as a Service Provider and shall be specifically accredited. To this purpose the company shall have a contract for the purpose with **Borsa Italiana**, which shall, among other things:
- a) provide for **Borsa Italiana** or its appointees to be able to check the adequacy of the technological systems with respect to the services provided and their compatibility with **Borsa Italiana**'s ICT structures;
 - b) provide for **Borsa Italiana** to be able to limit the number of intermediaries that a Service Provider may connect to the market;
 - c) require the Service Provider to have back-up and disaster recovery procedures in place.
 - d) the possibility for the Service Provider to offer also the services referred to in the preceding guidance 130.1 letter b).
- 130.3 **Borsa Italiana** may refrain from requiring the Service Provider contract referred to in guidance Sec. 130.2 to be signed by **intermediaries** that provide the connection to the market to other **intermediaries** belonging to its group.
- 130.4 Market intermediaries must inform **Borsa Italiana** of the execution with third parties, including Service Providers. Such contracts must contain a clause permitting **Borsa Italiana** or its appointees to verify compliance with the technological requirements established in these rules, inter alia on the premises of the third party used by the market intermediary.
- 130.5 Market intermediaries must also keep adequate documentation on their premises regarding the architecture, functionalities, operating procedures, service levels, controls and contractual guarantees for the activities entrusted to third parties, including Service Providers.
- 130.6 The contracts between the third parties and **market intermediaries** must indicate whether in turn the third-party subcontracts some of the services outsourced by the market **intermediary**. If the third party uses in turn subcontractors, provision must be made for **Borsa Italiana** to verify the adequacy of the technological infrastructure on the latter's premises.
- 130.7 The supervision and control of orders sent to the market may not be delegated to third parties.

1021

If in the performance of its surveillance activity **Borsa Italiana** finds situations or conduct likely to entail risks for the integrity of the market, it may apply one or more of the following measures against the market intermediaries in question, until the reasons for their application cease to

	exist:
1021.1	suspension from trading;
1021.2	imposition of specific requirements relating to: the number and professional qualifications of trading staff; trading system procedures and Interconnections ; and any other matters relevant to ensuring the continued satisfaction of market intermediaries' admission requirements;
1021.3	restrict access to the market, including access via Interconnections , including termination of access for customers of the market intermediary directly connected to the market through sponsored or segregation of specific trading activities;
1021.4	imposition of limits on operations or Interconnections ;
1021.5	Where a measure of suspension from trading is adopted, from the time such measure takes effect the market intermediary to which it is applied shall only be permitted, under the surveillance of Borsa Italiana , to close out any positions still open and carry out any related transactions that are necessary to protect customers' interests.
1021.6	Borsa Italiana may modify or revoke the measures referred to in this rule at any time.
1021.7	Borsa Italiana shall promptly inform the market intermediary concerned of the adoption of the measures.

G	1022	Market intermediaries shall notify, in the manner and within the time limits specified in the guidance Sec. 140, every variation with respect to the operating conditions referred to in the information provided at the time of submission of the application for admission, according to rules 1020 and 1050.
---	------	---

Sec. *Guidance to Rule:*

140 *Notification of changes in participation requirements as well as changes resulting from corporate actions*

140.1 **Intermediaries** admitted to trading shall notify **Borsa Italiana**, using the form and functions available via the dedicated portal of **Borsa Italiana** of any change in the conditions referred to in rules 1010 and 1020, as well as any change resulting from corporate actions, including changes to the company's name.

140.2 **Intermediaries** must notify changes referred to in the previous guidance to **Borsa Italiana** promptly or, in the case of changes in the technological framework or of corporate actions, with due notice with respect to the date on which the changes will become effective, so that **Borsa Italiana** may make the necessary verifications, carry out any technical measures required and inform the market.

140.3 **Borsa Italiana** may request **intermediaries**, with a specific communication, to submit an update of the conditions referred to in rules 1010 and 1020.

	1023	Market intermediaries shall observe these rules, the accompanying guidance, the applicable notices and any other technical and operational documents accompanying these rules and the guidance, including Service Manuals. Market intermediaries shall maintain conduct based on principles of correctness, diligence and professionalism in their relations with market counterparties, obligations towards Borsa Italiana and use of the trading systems.
--	------	--

Exclusion from trading upon request

1030	Intermediaries admitted to trading on the market may request to be excluded from trading with 10 days prior written notice.
1030.1	Borsa Italiana may postpone the effective date if it considers it necessary for the protection of clients, or otherwise in the interests of the market. If Borsa Italiana does so, it may waive the Member's liability for some or all the fees and charges arising in respect of the period following the date on which his resignation notice would otherwise have taken effect.
1030.2	Upon a Member's notification of its resignation pursuant to paragraph 1, all amounts owed by such Member to Borsa Italiana shall become immediately due and payable. The Member shall forthwith return to Borsa Italiana any software, equipment and documentation which may have been made available by Borsa Italiana.

Appeals and complaints

C	1040	Appeals and complaints shall be conducted in accordance with the procedures set out in in the Compliance Procedures.
---	------	--

Notifications

1050	Market intermediaries shall promptly notify Borsa Italiana of any circumstances of which they are aware, including technical problems with their systems, that prejudice or might prejudice their compliance with these rules.
------	--

Indirect participation in settlement system

1100	In the case of indirect participation in the settlement system, i.e. where a market intermediary uses another intermediary to settle its contracts, the market intermediary and the other intermediary must send Borsa Italiana a declaration containing:
1100.1	an undertaking by the intermediary participating in the settlement system to settle contracts concluded in the market by the market intermediary up to the time of withdrawal from the agreement, together with the attestation referred to in guidance 120.2;
1100.2	an authorisation for the market intermediary to be suspended by Borsa Italiana , at the request and on the responsibility of the intermediary participating in the settlement system, without Borsa Italiana being required or entitled to verify the appropriateness of such suspension or its conformity with any understandings between the market intermediary and the participating intermediary .

Compliance and enforcement**Verification activity and co-operation**

1210	For the purpose of verifying compliance with these rules, the Rules for Companies , and the accompanying guidance, more generally, in order to ensure the performance of its functions of organising and managing the market, Borsa Italiana may:
1210.1	request market intermediaries and the appointed specialist to provide all the necessary information and documents;
1210.2	convoke the representatives of market intermediaries and of the

		appointed specialist to clarify specific conduct or situations;
	1210.3	exclusively for the purpose of verifying compliance with the requirements of rule 1020, carry out examinations on the premises of market intermediaries .
	1210.4	Market intermediaries must guarantee that Borsa Italiana can carry out examinations on the premises of third parties entrusted with the management of technological systems under rule 1020.6.
	1210.5	Where evidence is found of presumed violations of these Rules, the Rules for Companies , or the accompanying guidance, Borsa Italiana , after acquiring appropriate substantiating elements, decides whether, in its opinion, a violation has been or has not been objectively completed and, if so, it adopts any of the measures referred to in Article C010, after it started the procedure referred to in Article C020, when applicable.
	1212	Market intermediaries shall be liable vis-à-vis Borsa Italiana for the conduct of their employees and collaborators. Conduct by traders that violates these rules shall be considered as the conduct of the intermediary . Market intermediaries are also responsible to Borsa Italiana for compliance by their customers connected directly to the market through sponsored access with the Directive 2014/65/EU and the Regulations 600/2014/EU and 596/2014, as well as the Borsa Italiana Rules.
	1213	Borsa Italiana may co-operate, also by the sharing of information, with other markets and Multilateral Trading Facilities.
C	1214	Where in the course of market surveillance Borsa Italiana acquires evidence suggesting that acts of insider trading or market manipulation may have been committed, it shall immediately inform Consob .
<u>Imposition of sanctions</u>		
C	1215	Imposition of sanctions shall be conducted in accordance with the procedures set out in the Compliance Procedures.

Charges and fees

	1300	Market intermediaries are required to pay fees for the services provided in accordance with the amounts, intervals and time limits established by Borsa Italiana on the basis of transparent and non-discriminatory criteria and communicated to customers.
--	------	---

Rules of conduct

Rules of conduct

G	1400	Market intermediaries shall refrain from acts that may prejudice the integrity of the market. <i>Inter alia</i> they may not:
	1400.1	commit acts that are likely to give a false or misleading impression to other market participants;
	1400.2	carry out sham transactions, whose objective is not to transfer ownership of the Euronext Growth Milan securities traded or to modify their exposure to the market;

1400.3	commit acts that may impede specialists and Liquidity Providers in fulfilling their commitments;
1400.4	carry out, directly or through a nominee, transactions under a prior agreement for the execution and offsetting thereof;
1400.5	trade Euronext Growth Milan securities that Borsa Italiana has suspended from trading with an order specifying that the suspension is for a fixed period, or have such instruments traded. In such cases Borsa Italiana may authorise the trading of the suspended Euronext Growth Milan securities on the basis of the objective criteria established in the guidance Sec. 150. Authorisation shall be granted for each individual transaction.
1400.6	Intermediaries applying market making strategies through algorithmic trading techniques on one or more financial instruments, at the occurrence of the conditions indicated in Regulation 2017/578/EU, must inform Borsa Italiana, in accordance to such Regulation, and conclude a market making agreement , in the terms indicated in the present Rules from articles 4020 to 4023. This obligation does not apply to specialists and Liquidity Providers .
1400.7	In conducting its activities aimed at offering the best execution conditions to retail investors (Retail Trading Facility), a Retail Member Organisation , identified pursuant to Article 2.9.5 of the Trading Manual , may not change the terms of the client's orders in relation to price, size or buy-sell or sell-buy, either manually or through the use of a trading algorithm or other automated methodology.

1401	Market intermediaries must put effective forms of control in place to monitor their contractual positions and avoid situations likely to hinder orderly trading and the regular settlement of contracts in the settlement service. Intermediaries must implement strategies to ensure the settlement of contracts within the set deadlines. To avoid situations likely to hinder the orderly settlement of contracts the intermediaries shall adhere to the provisions of the guidance notes.
------	--

Sec. Guidance to Rule

145 The intermediaries must adopt internal procedures that enable:

- a) the reconciliation of contracts concluded on the market with the bilateral balances forwarded to the settlement system;
- b) identification of unsettled contracts.

1402	The operators cannot accept any orders, related to instruments issued by reserved AIF, which are not placed by Professional Investors , unless the AIF's regulations or bylaws also allow the categories of investors identified in the rules in Article 39 of the Consolidated Law on Finance to participate in the reserved AIF. The operators undertake to have the same conduct rules observed also by the authorized parties that place the orders. Without prejudice to the provisions of section 1210 of the Rules, Borsa Italiana does not verify the investors' entitlements to trade the instruments issued by reserved AIF.
------	--

1403	Operators cannot accept orders for instruments traded on the Professional Segment of the Euronext Growth Milan market that do not originate from Professional Investors. Borsa Italiana will not conduct checks on the status of the investors that operate in the Professional Segment of the Euronext Growth Milan Market . Operators undertake to also enforce similar rules of conduct on authorised persons from whom orders are
------	--

received. Exception is made for sell orders originating from shareholders present at the date of admission to the **Professional Segment** of the **Euronext Growth Milan Market**.

Sec. *Guidance to Rule:*
150 *Trading in suspended securities*

150.1 *Where the suspension from trading lasts longer than one day, pursuant to rule 1400, **Borsa Italiana**, upon receiving a reasoned request from a **intermediary**, shall authorise every transaction aimed at guaranteeing the performance of an obligation to buy or sell **Euronext Growth Milan securities** that has become enforceable where such obligation derives from a contract concluded before the adoption of the suspension decision.*

Order Entry

Transmission of orders to the Euronext Growth Milan

G	1450	Market intermediaries shall be liable for all interactions with the electronic data processing and telecommunication support systems adopted by Borsa Italiana for the operation of the market, including trading orders sent to the market and those sent via Interconnections , and their effects. Market intermediaries must equip themselves on a continuous basis with systems, procedures and controls to prevent the entry of orders that are anomalous in terms of price, quantity, countervalue or number.
	1451	In order to ensure the smooth technical functioning and efficient use of the electronic trading support system, market intermediaries must observe the technical limits for order entry established on a general basis by Borsa Italiana in the Guide to the Parameters. Borsa Italiana may also establish further limits on the entry and modification of orders in terms of daily frequency, total daily number or ratio of orders to contract concluded. Borsa Italiana shall establish such limits and any fees payable by intermediaries where they are exceeded.
	1452	Market intermediaries can request to use more than one code to segregate specific trading activities or to segregate different participations in the settlement system ¹ . For this purpose market intermediaries must take previous contact with Borsa Italiana .
	1453	Intermediaries using trading algorithms must certify, before using them and any time these have undergone substantial changes, that the trading algorithms used were tested, to avoid contributing to or creating disorderly trading conditions, and must indicate the environments used for these tests. To this purpose, they issue to Borsa Italiana a special statement according to the guidelines Sec. 110.2.
	1454	Following the procedures indicated in the guidelines, intermediaries must: <ul style="list-style-type: none"> a. transmit the information needed to allow the association between the content of the orders and the information needed to guarantee to Borsa Italiana the completeness of records requested by Regulation 2017/580/EU; b. acquire the appropriate controls to ensure the correctness and completeness of the information entered in the orders and in the systems used to associate the information, according to letter a) above; c. make use of a specific logical access to identify the activities to support of the liquidity carried out by specialists and Liquidity Providers and Market Makers;

¹ The possibility to segregate different participation in the settlement system is temporarily suspended.

- d. provide **Borsa Italiana** with the information on executed contracts needed to comply with transaction reporting obligations, if such obligations pertain to the market;
- e. use a specific **logical access** to segregate the activities carried out by customers directly connected to the market through sponsored access. This code is assigned by **Borsa Italiana** following the approval of the sponsored access application by the market intermediary for its customer.

Sec. Guidance to Rule:

145 Transmission of orders to the market

145.1 Market **intermediaries** are required to fulfil the participation requirements and shall be liable for the orders sent to the market.

145.2 Market **intermediaries** must organise themselves in order to be able to control orders entered, including those entered via **Interconnections**. To this end, attention must be paid to:

- the professional qualifications of the persons assigned to trading;
- the controls on access to systems that permit the entry of orders via **interconnections**; such controls must make it possible to ensure the fitness and recognition of the persons who operate via **interconnections** and the access controls of the order enter via **interconnections**; In the case of "**direct electronic access**", which consists of a DMA or a sponsored access, the market **intermediary** has to implement procedures enabling it to ensure that the persons who may be guaranteed that access comply with the requirements of Article 22 of Regulation 2017/589/EU; If the market intermediary becomes aware that a customer connected to the market through "**direct electronic access**" does not longer meet the above requirements, it shall suspend the access and promptly notify Borsa Italiana;
- the controls on the maximum quantities, on the maximum countervalue and prices of orders entered; The sponsored customer is not allowed to set or modify the parameters that apply to the checks on orders entered through the sponsored access mode;
- the controls on the overall trading activity carried out by the different persons who operate via **Interconnections**;
- the frequency according to which persons who operate via **Interconnections** enter order which have overridden controls and systems alert in terms of price, size, countervalue or number.

145.3 In order to ensure the adequacy of the systems referred to in rule 1450, market intermediaries must equip themselves with controls and automatic alarm systems, taking into account the following elements:

- the price of the last contract;
- the spread present on the Central Order Book²
- price, quantity and countervalue limits, possibly by instrument;
- possible price impact caused by the order entered;
- minimum order quantity, taking into account the economic significance of the order;
- controls on limit orders in the auction phase, so as to prevent the enter of limit orders at a price that differ substantially from the prevailing market conditions.

145.4 In particular, market intermediaries must equip themselves with controls and automatic alarm systems that prevent the entry of anomalous orders, whose price, size, countervalue or number could affect the orderly functioning of the market. To this end market intermediaries shall take account of the nature of their activity. In addition the procedures and controls must be adequate to permit the correct entry of orders and the handling of any

² The entry into force will be announced with a subsequent Notice.

alarms.

145.5 As for **Interconnections**, in addition to providing the persons who send orders via **Interconnections** with appropriate professional support, market intermediaries shall equip themselves with controls and monitoring systems in order to:

- prevent the entry of orders that exceed the maximum variation thresholds;
- instruct such persons regarding the manner of entering orders. With particular regard to the **Interconnections** providing a sponsored access, the market intermediary also provides specific training to the subjects included in the list of authorized subject to request the cancellation of the orders submitted, referable to the access code dedicated to the sponsored customer.

With regard to the **Interconnections** providing direct electronic access to the market, market intermediaries shall also assess whether additional checks are necessary for the appropriate management of the orders of the sponsored customers, taking into account the nature and complexity of the activity carried out by them.

145.6 Market intermediaries shall ensure that they can delete orders entered via **Interconnections** or, if necessary, restrict the possibility to enter orders via **Interconnections** with or without the prior consent of the subject who entered the order via **Interconnections**. Notwithstanding the provisions of the paragraphs above, with regard to the **Interconnections** that require a sponsored access, the market intermediary must be able, in any case, to manage the suspension of the access to the sponsored customer's market and the massive cancellation of orders entered by the sponsored customer, in the event of suspension or disconnection of the customer, loss of the monitoring of the sponsored customer's market operation or disconnection from the market of the intermediary.

145.7 Intermediaries have to report the following information via the dedicated portal. This information is necessary to complete the content of orders which Borsa Italiana is required to file pursuant to Regulation No. 2017/580:

- client identification code
- code used to identify the person or algorithm used internally by the intermediary responsible for the investment decision;
- code used to identify the person or algorithm that is responsible for execution of the order.

The intermediaries shall ensure that each these codes (long-code) corresponds, in the trading orders, to a single code (short code), and vice versa, for all Borsa Italiana markets.

The communication of the information indicated at sub-indents b) and c) constitute confirmation that the indicated trading algorithms have been tested in advance.

145.8 The intermediaries that are not subject to Regulation (EU) 2014/600 must report all the additional information that has not already been reported pursuant to guidelines 145.7, so that Borsa Italiana may properly discharge its obligation pursuant to Article 26(5) of that Regulation, in accordance with the terms and conditions indicated in the Manual of transaction reporting of Borsa Italiana.

Systems and trading

Technical breakdowns of market intermediaries' systems

G	1500	Market intermediaries shall promptly inform Borsa Italiana of any
---	------	--

		technical breakdowns of the systems they use for trading or of those for accessing the market referred to in rule 1020.1 and rule 1050, including the malfunctions of the technological systems used for trading and for the access to the market of its sponsored customers.
G	1501	In the cases referred to rule 1500 market intermediaries shall follow any instructions received from Borsa Italiana and may request, in the manner laid down in the guidance to this rule, the deletion of orders sent to the market.

Sec. Guidance to Rule

160 Technical breakdowns in market intermediaries' systems

- 160.1 *For the purpose of rule 1500, market intermediaries shall promptly inform **Borsa Italiana** of technical breakdowns in the technological systems they use for trading and their systems for accessing market, in particular if they intend to request the deletion of orders entered or suspension or reduction of the obligations in these rules in case of **specialists** and **Liquidity Providers**. Market intermediaries shall also notify **Borsa Italiana** of the subsequent reactivation of their systems.*
- 160.2 *Market intermediaries must be able to delete orders they enter. In the event that this is impossible, they may request **Borsa Italiana** to delete orders on their behalf, either all the orders entered, or the orders associated with specific trading code.*
- 160.3 *Market intermediaries shall send **Borsa Italiana**, via the dedicated-portal, the list of persons who may request the deletion of orders. The list may include traders, responsible persons and other persons deemed by the market intermediary to possess adequate professional qualifications and subject to Rule 1212.*
- 160.4 ***Borsa Italiana** may delete orders only at the request of persons assigned to trading and included on the list referred to in the previous guidance. **Borsa Italiana** shall notify the names of the persons on the list only to the persons indicated in the list. Requests for the deletion of orders made by persons not included in the list will not be carried out.*
- 160.5 *Market intermediaries must notify the list referred to in guidance Sec. 160.3 and every change to the list itself via the dedicated-portal. Changes to the list will be effective from the effective date indicated in the dedicated-portal. Market intermediaries that configure their access to the market using more than one trading code must send the list referred to in guidance Sec. 160.3 for each trading code.*
- 160.6 *When requests are made for the deletion of orders, the following information must be given in addition to the market intermediary's name and identification code: the trading code for which the cancellation request has been entered, the name and telephone number of the person requesting the deletion, and the reason for the request. For the deletion of individual orders, it is also necessary to specify the number of the order or the name of the instrument, the sign of the order, and its price, quantity and time of entry. When the request concerns individual orders, the maximum number of orders that **Borsa Italiana** will delete is five.*
- 160.7 ***Borsa Italiana** shall promptly carry out deletions of orders for which the request complies with what is set out above. If the orders in question have given rise to the conclusion of contracts, such contracts shall be binding on the market intermediary, without prejudice to the application of the procedures referred to in guidance Sec. 610 and 620.*

Regulatory suspensions for Euronext Growth Milan securities

1510

Borsa Italiana may suspend or temporary suspend securities listed on **Euronext Growth Milan** as described in the **Rules for Companies**.

Market situation suspension

1520

With the aim to ensuring orderly trading, **Borsa Italiana** shall establish specific automatic controls of the trading. Moreover, in particular market conditions, **Borsa Italiana** may, with reference to categories of financial instruments or individual instruments, suspend the trading. The specific provisions are set out in the guidance.

ORDER BOOK TRADING RULES

Trades

Trading methods and phases

G	2010	Trading may be carried on using the auction and continuous trading methods in accordance with Section 1 of the Trading Manual.									
	2011	<p>Trading in the Euronext Growth Milan shall be carried on with the following trading hours:</p> <table><tr><td>7.30 – 09.00 (9.00.00 – 9.00.30)</td><td>opening auction (<i>call phase, price determination phase</i>)</td></tr><tr><td>09.00 – 17.30</td><td>continuous trading</td></tr><tr><td>17.30 – 17.35 (17.35.00 – 17.35.30)</td><td>closing auction (<i>call-phase, price determination phase</i>)</td></tr></table> <table><tr><td><u>17.35 (17.35.00 – 17.35.30) – 17.40</u></td><td><i>Trading-at-last</i></td></tr></table>	7.30 – 09.00 (9.00.00 – 9.00.30)	opening auction (<i>call phase, price determination phase</i>)	09.00 – 17.30	continuous trading	17.30 – 17.35 (17.35.00 – 17.35.30)	closing auction (<i>call-phase, price determination phase</i>)	<u>17.35 (17.35.00 – 17.35.30) – 17.40</u>	<i>Trading-at-last</i>	
7.30 – 09.00 (9.00.00 – 9.00.30)	opening auction (<i>call phase, price determination phase</i>)										
09.00 – 17.30	continuous trading										
17.30 – 17.35 (17.35.00 – 17.35.30)	closing auction (<i>call-phase, price determination phase</i>)										
<u>17.35 (17.35.00 – 17.35.30) – 17.40</u>	<i>Trading-at-last</i>										
	2012	<p>The auction phases end at a random point in a 30-second time period of the phases themselves. The continuous trading phase begins at the end of the opening auction phase. Declarations for the execution of pre-arranged operations through the Transaction Confirmation System, as indicated in Article 2050, can also be entered outside these trading hours, according to the time specified in the TCS Trading Manual.</p>									
	2013	As an exception to Rules 2010, 2011 and 2012, trading in the professional segment of the Euronext Growth Milan market shall take place on the basis of a single daily price set during the auction phase from 7.30 to 17.35.									
	2014	<p>The Euronext Growth Milan financial instruments are traded in quantities equal to or multiples of the minimum trading lot specified in the Guidance to Rules Sec. 200. It is not allowed to negotiate for quantities less than the minimum lot (so-called odd lots). Borsa Italiana may specify a different minimum lot for each security where this is necessary for the market to operate effectively, for investors to have easy access to it and for the execution of orders to be cost efficient.</p>									
	2015	Borsa Italiana may divide securities traded in the Euronext Growth Milan into homogeneous segments on the basis of their capitalisation, the procedure for admission to trading, the settlement service utilised, the procedure and trading hours. At the request of the Euronext Growth Milan company, Borsa Italiana allocates the securities in the Professional Segment of the Euronext Growth Milan market.									
	2016	In the Notice announcing the start of trading, Borsa Italiana shall identify the trading segment of securities on the basis of the criteria specified in the preceding paragraph.									

Sec. *Guidelines*
200 Minimum trading lot

- 200.1 *The minimum trading lot is the number of financial instruments corresponding to a value of EUR 1,500 (one thousand five hundred).*
- 200.2 *For companies with a capitalisation of more than EUR 40 million (determined on the basis of the IPO price) and a free float of more than 20% at the time of admission to trading, the minimum lot is a unit amount. Borsa Italiana, at the request of the company, sets a minimum unit trading lot when the company has remained above the set thresholds for a reasonable period of time.*
- 200.3 *For companies set up for the purpose of acquiring a specific business, the minimum trading lot is the number of financial instruments corresponding to a value of EUR 1,000, until the time of acquisition;*
- 200.4 *For companies admitted to the **Professional Segment** the minimum trading lot is € 5,000, calculated based on an initial reference price.*
- 200.5 *Borsa Italiana may modify for each financial instrument the quantity corresponding to the minimum lot, notifying it by a Notice.*

Orders

2020	Approved intermediaries shall express their willingness to trade through anonymous orders. Orders shall contain at least the information relative to the securities to be traded, the quantity, the type of transaction, the type of account, the price and the method of execution and include a special indication when originated from an algorithm or entered by a direct electronic access . The orders may also specify different validity parameters based on time and execution of the order and contain the additional information necessary for Borsa Italiana to comply with the Regulation 2017/580/EU.
2021	<p>The following types of orders may be entered:</p> <p>2021.1 limit orders are bid or ask orders that can only be executed at their specified price limit or at a better price as described also in Article 2.1.2 of the Trading Manual. The price limit must be consistent with the tick specified in the Guidelines;</p> <p>2021.2 market order is an order to buy or to sell a stated amount of a security that is to be executed at the best price(s) obtainable when the order reaches the Central Order Book, as described also in Articles 2.1.1 and 2.1.3 of the Trading Manual. These types of orders are not permitted in the Professional Segment;</p> <p>2021.3 Stop orders and stop limit orders, are proposals that are automatically activated when a specific price level is reached during trading. In case of stop orders, a market order is automatically generated and added to the Central Order Book; in the case of a stop limit order, a limit order is automatically generated and added to the Central Order Book. Please refer respectively to articles 2.1.4 and 2.1.5 of the Trading Manual;</p> <p>2021.4 iceberg orders, are orders, that may not be less than a size specified, in accordance with the article 8 of Delegated Regulation (EU) 2017/587 and article 4 of Delegated Regulation (EU) 2017/583. Iceberg orders are orders of which specified tranches are successively entered in the Central Order Book, and disclosed to the market, with the current time stamp following full execution of the preceding tranche. Borsa Italiana sets in the Guide to Parameters the minimum value and the other limits for the entry of iceberg orders (orders with a limit price and with a partial quantity displayed).</p>

2021.5	<p>Mid-point orders, are orders, in purchase or in sale, for a determined quantity at the mid-point available in the order book and conforms to the specifications defined in the Trading Manual.</p> <p>Mid-point orders may have a price limit that, if violated, will cause the temporary interruption of the mid-point price allocation.</p> <p>Mid-point orders can interact with the same type of order in the "non-displayed order book" and executed according to the size-time priority.</p> <p>However, at the request of the trader, at the time of entering the mid-point order, for the quantity not executed on the "non-displayed order book", it can be transferred to the order book and displayed as a Limit Order or Market Order, as appropriate, by assigning a new timestamp.</p>
2022	<p>The orders for each security shall be ranked on the Central Order book. Orders subject to pre-trade transparency in the Central Order Book shall be executed according to strict price priority decreasing if buying and increasing if selling - as well as, at the same price according to strict time priority determined by the time of entry with the exception of a Retail Liquidity Firm Quote which takes precedence when combined with a Retail Order. Modified orders lose their acquired time priority if the modification implies an increase in quantity or a change in price.</p>
2023	<p><u>Continuous Trading</u></p> <p>During continuous trading, each incoming order shall be checked immediately for possible execution against orders on the opposite side of the Central Order Book. Orders in the Central Order Book shall be executed pursuant to Article 2022 with the exception of orders entered by a dealer using the Internal Matching Facility which will be executed, at the same price, in priority against orders in the Central Order Book from the same dealer.</p> <p>Retail Liquidity Firm Quote can only be matched with Retail Orders while Retail Orders can be matched with any other order in the Central Order Book. A Retail Liquidity Firm Quote cannot be executed until it matches or better the best price on the opposite side of the Central Order Book.</p> <p><u>Auctions</u></p> <p>The auction price shall be determined on the basis of the situation of the Central Order Book at the closing of the call phase and shall be the price which produces the highest executable order volume.</p> <p>Market orders shall have priority over limit orders. If there are several limits with equally high executable volume, the price shall be determined by reference to the price of the last automated trade (adjusted to take account of any corporate event that may have occurred in the interval) or, if such price is not available, another reference price determined in accordance with one or more Notices on the subject, until a single auction price is achieved.</p> <p>The functioning of the auctions is further described in Section 1.3 of the Trading Manual.</p>
2024	<p>Orders shall be entered in quantity equal to or multiple of the minimum lot size. Whenever the minimum trading lot is modified all of the orders, previously entered, are automatically cancelled.</p>
2025	<p>In order to ensure the regularity of trading in a financial instrument, Borsa Italiana may establish, on a general basis in the Guide to the Parameters communicated in a Notice, the maximum countervalue and quantity of financial instruments that may be the subject of an order, the maximum quantity and countervalue of financial instruments or, the maximum number and countervalue of lots that may be entered "at the opening-auction price" or "at the closing-auction price"</p>

Sec
202 *Guidance to Rules
Orders*

- 202.1 *Orders entered into the Central Order Book may be valid for the Trading Day, until a specified date, or until cancelled, subject to a maximum duration of 365 days. Absent specification of its duration, an order shall be deemed to be valid for the Trading Day.
For a specified trading session as of its entry, an order may be valid until a specified time.
The orders included in the order book must also comply with the specifications defined in the Trading Manual.*

Sec
203 *Prices of the orders*

- 203.1 *The prices of orders, for shares, warrants and options rights may be multiples of the ticks established for each security and trading session in relation to the prices of the orders entered, and considering the average number of daily trades according to the following table:*

a) shares, warrants and pre-emptive rights:

Price ranges	A	B	C	D	E	F
$0 \leq \text{price} < 0,1$	0,0005	0,0002	0,0001	0,0001	0,0001	0,0001
$0,1 \leq \text{price} < 0,2$	0,001	0,0005	0,0002	0,0001	0,0001	0,0001
$0,2 \leq \text{price} < 0,5$	0,002	0,001	0,0005	0,0002	0,0001	0,0001
$0,5 \leq \text{price} < 1$	0,005	0,002	0,001	0,0005	0,0002	0,0001
$1 \leq \text{price} < 2$	0,01	0,005	0,002	0,001	0,0005	0,0002
$2 \leq \text{price} < 5$	0,02	0,01	0,005	0,002	0,001	0,0005
$5 \leq \text{price} < 10$	0,05	0,02	0,01	0,005	0,002	0,001
$10 \leq \text{price} < 20$	0,1	0,05	0,02	0,01	0,005	0,002
$20 \leq \text{price} < 50$	0,2	0,1	0,05	0,02	0,01	0,005
$50 \leq \text{price} < 100$	0,5	0,2	0,1	0,05	0,02	0,01
$100 \leq \text{price} < 200$	1	0,5	0,2	0,1	0,05	0,02
$200 \leq \text{price} < 500$	2	1	0,5	0,2	0,1	0,05
$500 \leq \text{price} < 1000$	5	2	1	0,5	0,2	0,1
$1000 \leq \text{price} < 2000$	10	5	2	1	0,5	0,2

$5000 \leq \text{price} < 10000$	50	20	10	5	2	1
$10000 \leq \text{price} < 20000$	100	50	20	10	5	2
$20000 \leq \text{price} < 50000$	200	100	50	20	10	5
$50000 \leq \text{price}$	500	200	100	50	20	10

b) Prices for convertible bonds may be multiple of the value of the tick equal to 0.01.

- 203.2 **With a Notice, Borsa Italiana** publishes the list of financial instruments assigned to each of the groups from A to F included in the table shown in preceding point, reflecting the calculations made by the competent authority, pursuant to Regulation (EU) No. 2017/588. For newly issued instruments and for the instruments whose liquidity has changed due to corporate events, the pertinent group is notified by Borsa Italiana with a specific **Notice**.
- 203.3 *This article does not apply to mid-point orders as referred to in Article 2021.5 of the Rules.*

Functioning of the auction for the Central Order Book

2030	<p><u>Call Phase</u></p> <p>Each auction shall begin with a call phase in which orders are automatically recorded without giving rise to transactions. During such call phase, Intermediaries may enter new orders as well as modify or cancel existing orders. An indicative price, representing the price which the system matcher would determine on the basis of the given Central Order Book situation, and the executable volume shall be displayed and updated continuously as the Central Order Book situation evolves.</p> <p>The call phase shall end at a time within an interval within the last 30 seconds of the same phase.</p> <p><u>Price determination phase</u></p> <p>Following completion of the call phase, the system shall seek to determine a price so as to produce the maximum executable volume as per Article 2023.2. During such price determination phase, no new orders may be entered, and existing orders may not be modified or cancelled.</p> <p>If, at the end of the call phase, the difference between the indicative uncrossing price and the static or dynamic reference prices exceeds the maximum price variations set in the Guide to Parameters, the reservation phase shall be started for a period established by Borsa Italiana in the Guidelines.</p> <p>The functioning of the auctions is further described in Section 1.3 of the Trading Manual.</p>
------	--

2031	The indicative uncrossing price shall be equal to the dynamic price, referred to in article 2081 where only buy and sell orders without a limit price are present.
------	--

Continuous trading

2040	<p>Trading shall take place in the continuous trading phase, in accordance with Section 1 of the Trading Manual.</p> <p>Specifically, during the continuous trading phase, each new order is immediately matched in accordance with Articles 2022 and 2023.</p>
------	---

Trading-at-last

2041	A short period shall be provided at the close of a trading day during which orders can be entered for execution at the last traded price.
------	---

*Sec. Guidance to Rules**204 Automatic controls on trading and reservation period**204.1 For the purpose of the automatic control of trading, the following types of price variation limits have been established:*

- a) order controls upon entry, referred to as price collars, defined as the maximum price variation limits of orders with respect to the static reference price;*
- b) reservation thresholds respect to the static reference price, defined as the*

maximum price variation of contracts with respect to the static reference price;

c) reservation thresholds respect to the dynamic reference price, defined as the maximum price variation of contracts with respect to the dynamic reference price;

Borsa Italiana shall establish, on a general basis, in the Guide to the Parameters, the maximum percentage variations referred to above, by communication in a Notice.

204.2 The duration of the reservation period, referred to in Articles 2043, shall be equal to at least 3 minutes plus a variable interval of up to thirty seconds for all phases including the reservation triggered after the closing phase, determined automatically on a random basis by the trading system. Such auction phases may be reiterated but nonetheless end at the start of the closing-auction phase.

204.3 The duration of the reservation period exclusively for the closing-auction phase, shall be equal to at least 2 minutes plus a variable interval of up to thirty seconds, determined automatically on a random basis by the trading system. Such auction phases may be activated only once.

204.4

Special procedures for the conclusion of contracts

2050

It is possible to enter guaranteed cross trades only for instruments traded continuously. Those trades shall be effected at a price within the market's best bid/ask spread at the time of execution, boundaries included. Those trades are negotiated transactions as defined in the Delegated Regulation (EU) 2017/587, involve the simultaneous production and execution by a single Euronext Securities Member of opposing buy and sell orders of Clients for an identical quantity of a particular Security and at the same price in the Central Order Book.

It is possible to enter guaranteed principal trades whereby intermediaries trade voluntarily against their clients and shall be effected on the conditions applicable to guaranteed cross trades.

The execution of guaranteed cross trades and guaranteed principal trades is further described in paragraph 2.3.2 of the Trading Manual.

It is possible to enter pre-arranged transactions through the Transaction Confirmation System according to the rules established in the TCS Trading Manual.

Sec. Guidance to Rules

205 Special procedures for the conclusion of contracts

205.1 The execution of the pre-arranged transactions referred to in article 2050 shall not count towards any price statistics.

205.2 In consideration of the conditions of the market, Borsa Italiana may modify, on a general basis or taking into account specific categories of financial instruments or particular financial instruments, the order quantities and/or the differences indicated in the **Guide to the Parameters** and inform the public with Notice.

Closing reference price

2060	The closing reference price is calculated on the basis of the closing uncrossing price or VWAP as described in Article 5.4 of the Trading Manual.
2061	In order to guarantee the regularity of trading and the significance of prices, Borsa Italiana may establish difference methods for the calculation of the closing reference price and disclosing it to the public in a Notice.

Official price

2070	The daily official price of each security shall be the weighted average price of the total quantity of that instrument traded in the market during the session.
2071	Contracts concluded with the methods under article 2050 do not count towards the formation of the official price.

Static and dynamic reference price

2080	The static reference price shall be: a) the previous day's closing reference price in the opening auction; b) the price at which contracts are concluded in the auction phase, after each auction phase; if an auction price is not determined, the static price shall be the price of the first contract concluded in the continuous trading phase.
2081	The dynamic reference price shall be: a) the price of the last contract concluded in the current session; b) the previous day's reference price if no contracts have been concluded in the current session.
2082	Contracts concluded with the methods under article 2050 do not count towards the formation of the dynamic price.

Method of trading unexercised rights

2090	Intermediaries may offer unexercised rights on the market only on behalf of the issuer and may not resell on the market unexercised rights acquired during the offering period.
2091	Unexercised rights shall be offered using the auction method referred to in Article 2011 and in accordance with the operational methods indicated in article 2092. The duration of the auction for the offer of unexercised rights must be at least equal to that for the security deriving from the conversion.
2092	During the offering period, orders with or without a limit price may be entered, except for the last day of the offer in which the intermediaries engaged shall exclusively enter sell orders without a limit price.
2093	The intermediaries engaged must:

a) enter sell orders at least 30 minutes before the end of the pre-auction phase; during these 30 minutes intermediaries may not reduce the quantity entered;

b) carry over any quantity unsold at the end of the current market session to the following day.

TRANSPARENCY

Market Data

3000	The provision of market data to intermediaries is governed by a separate agreement.
------	---

Information available to the public – General principles

3020	In order to facilitate investment and disinvestment decisions and the verification of the conditions at which transactions are executed in the markets, Borsa Italiana shall arrange for the prompt disclosure to the public including via third parties where appropriate, of information on market conditions and the contracts concluded for each financial instrument.
------	--

3021	Borsa Italiana shall not disclose information to the public on the identity of the parties to trades. Borsa Italiana may provide to an Issuer confidential information relating to the trading of its Securities on the Euronext Growth Market provided that the Issuer treats such information as confidential and does not pass it on to a third party.
------	--

3022	Borsa Italiana publishes on its website data on the quality of the execution of the transactions, according to the provisions of the Regulation 2017/575/EU.
------	--

Information available to the public - Contents

3030	In the opening pre-auction phase the following information shall be available to the public in real time for each security:
3030.1	the theoretical opening price and related tradable quantity;
3030.2	the prices and quantities of buy and sell orders;
3030.3	the buy and sell quantities on the book for the best prices.

3031	During continuous trading the following information shall be available to the public in real time for each security:
3031.1	the prices and quantities of the best buy and sell orders;
3031.2	the buy and sell quantities and number of aggregate orders on the book for the best prices;
3031.3	the price, day and the time of execution and quantity of the last contract concluded and the ID of the financial instrument, within the limits specified in Article 3033;
3031.4	the cumulative quantity and value traded within the limits specified in Article 3033.
The information under articles 3131.1 and 3031.2 is not available for mid-point orders referred to in Article 2021.5.	

3032	In the closing pre-auction phase the following information shall be available to the public in real time for each security:
------	---

3032.1	the theoretical closing price and related tradable quantity;
3032.2	the prices and quantities of the best buy and sell orders;
3032.3	the buy and sell quantities on the book for the best prices.
3033	Guaranteed cross transaction concluded with the procedures referred to in Article 2050 shall be identified with specific indicators.
3034	The Retail Liquidity Firm Quotes and the contracts resulting from the combination with the Retail Liquidity Firm Quotes are specifically identifiable within the information to the public distributed by Borsa Italiana pursuant to Articles 3030, 3031 and 3032.

PROVISION REGARDING SPECIALISTS, LIQUIDITY PROVIDER AND MARKET MAKERS

Specialists and Liquidity Providers

4000	Trading in the Euronext Growth Milan shall be carried on with the intervention of at least a specialist that undertakes to support liquidity, of the financial instruments traded therein. The intervention of the specialist is not required for the Professional Segment . Admitted Intermediaries may also apply to assume the role of Liquidity Provider .
4001	For the financial instruments whose liquidity they undertake to support, specialists are required to deal for own account. Specialists and Liquidity Providers are required to fulfil the quoting obligations established in the guidance and in the Guide to Parameters . Borsa Italiana publishes and regularly updates the list of Specialists and Liquidity Providers .
4002	The intention to cease the specialist activity must be promptly notified in writing to Borsa Italiana , which, within 30 days, shall notify the intermediary of the date from which its obligations will terminate and inform the public of this.
4003	The termination of the relationship between the specialist and the Euronext Growth Milan company must be notified to Borsa Italiana in writing.

Market Makers

4020	Market Makers are intermediaries admitted to trading that, pursuant to Article 1400.6, sign with Borsa Italiana a market making agreement . Market makers are also operators, including Specialists and Liquidity Providers , who voluntarily adhere to the market making schemes envisaged for the Euronext Growth Milan market.
4021	Market Makers are required to display continuously bids and offers for financial instruments for which they sign a market making agreement or voluntarily adhere to market making schemes, in compliance with the obligations established by Borsa Italiana in the guidelines and in the Guide to the Parameters .
4022	Borsa Italiana publishes and regularly updates the list of Market Makers.
4023	The intermediary that intends to cease its market making strategy must promptly notify Borsa Italiana , that communicates to the intermediary , within 30 days, the date from which the obligations terminate.

Sec Guidelines
 403 Quotation obligations **for specialists, Liquidity Providers and market makers**

403.1 **Specialists, Liquidity Providers and market makers** fulfil their quoting obligations by submitting simultaneous bids and offers of comparable quantities. These orders must be made at competitive prices, i.e. the bid and offer prices may differ by the maximum spread indicated in the **Guide to the Parameters** and must comply with the minimum quantity indicated therein.

403.2 **Specialists, Liquidity Providers and Market Makers** must comply with the quoting obligations referred to in guidance 403.1, for each trading day, in accordance with the conditions set out in the **Guide to the Parameters**.

In stressed market conditions, which may occur in the cases indicated in Sec. 600:

- a. **Specialists** and **Liquidity Providers** are required to quote with reduced obligations.
- b. **market makers** may quote with reduced obligations if they have specifically requested this when entering into the market making agreement.

The reduced obligations are indicated in the Guide to the Parameters.

Specialists, Liquidity Providers and market makers are not required to comply with the quoting obligations upon occurrence of exceptional circumstances communicated by **Borsa Italiana**. In the cases envisaged by Article 3, letter d) of Regulation 2017/578/EU, the intermediaries shall give **Borsa Italiana** written notice of this circumstance, in order to be exempted from these obligations.

*Borsa Italiana shall verify compliance with the obligations entered into by the **specialists, Liquidity Providers** and the **market makers**.*

*In evaluating possible violations of the obligations, **Borsa Italiana** shall also take account of compliance, on a monthly basis, with the quoting obligations.*

403.3

403.4

403.5

403.6

SETTLEMENT

Settlement

5000	Immediately after the conclusion on the market, the contracts are sent to the daily trade-checking service identified in the guidance notes for submission to the settlement systems identified in the guidance notes. For the submission to the settlement systems, contracts may be aggregated into bilateral balances calculated by the daily trade-checking services based on the criteria set out in the guidance notes.
------	---

Sec
500 *Guidance to Rule:*

Trade-checking and settlement service

500.1 *X-TRM is the daily trade-checking service.*

*The contracts can be settled at the settlement system managed by Monte Titoli or other **CSDs** using the T2S platform allowing for cross-**CSD** settlement, as defined in the Monte Titoli Settlement Service Regulations³.*

500.2 *The contracts concluded on the same trading day are aggregated into bilateral balances for submission to the settlement system managed by Monte Titoli. The criteria for calculating the bilateral balances are set out in the rules of the X-TRM daily trade-checking service.*

Time of settlement

5010	Purchase and sale contracts concluded on the Euronext Growth Milan shall be settled: a) on the third trading day following their conclusion where they refer to securities; b) on the trading day following their conclusion where they refer to unexercised pre-emptive rights.
------	---

5011	The settlement time limits shall be determined according to the calendar defined by Borsa Italiana .
------	---

5012	Borsa Italiana may specify in the admission dealing notice a different settlement time limit, taking into account the features of the reference market settlement system of the issuer.
------	--

Late settlement

5020	The rules concerning late settlement (buy-in and sell-out procedures) are set out in the following guidance.
------	--

Sec.
502 *Guidance to Rules*

Start of the mandatory execution procedure

³ The entry into force will be announced with a subsequent Notice.

- 502.1 Pursuant to Article 5020, in the event that purchase and sale contracts or bilateral balances are not settled within three days of the prescribed settlement date for lack of the securities, the buyer may initiate the mandatory execution (buy-in) procedure referred to in guidance Sec. 503 against the seller who has failed to perform. The request of initiation of the mandatory execution (buy-in) procedure shall take account of the eventual buyer protection and of the features of the financial instrument. In the event that the buyer does not request the start of the buy-in procedure, guideline Sec. 504 applies.
- 502.2 Pursuant to Article 5020, in the event that purchase and sale contracts or bilateral balances are not settled at the prescribed settlement date for lack of cash, the seller may initiate the mandatory execution (sell-out) procedure referred to in guidance Sec. 508 against the buyer who has failed to perform.
- 502.3 The calculation of the days for the buy-in and sell-out procedures shall be based on the market calendar.
- 502.4 The notifications referred to in the following articles shall be made by e-mail to the address ms@euronext.com.
- 502.5 Pursuant to Article 5020, in the event that purchase and sale contracts on rights are not settled on the prescribed settlement date guideline 510.1 applies.

Sec.
503 Buy-in procedure

- 503.1 The buyer shall initiate the buy-in procedure by appointing an intermediary (the buy-in agent) to execute the buy-in and sending a buy-in notice to the seller. The buyer shall notify **Borsa Italiana** of the start of the procedure using the attached form A. Buy-in notices may be sent from the end of the settlement of the third day subsequent to the original settlement day (by 18.00; if the notice is sent after such time, it shall be deemed to have been sent on the following day).
- 503.2 In the buy-in notice the buyer shall give the name of the buy-in agent, who, except in the case referred to in guidance Sec. 506, shall execute the buy-in according to the time limits and in the manner established in the following guidance.
- 503.3 If the seller fails to deliver the securities by the fourth day subsequent to the day on which the buy-in notice was sent (the expiration day), on the following day (the buy-in execution day) the buy-in agent shall purchase the securities to be delivered to the buyer and notify the same of the details of the transaction concluded. If the buy-in agent is unable to purchase some or all of the securities on the buy-in execution day, they may be purchased on the following days.
- 503.4 The buy-in must be executed on the **Euronext Growth Milan** unless provided for otherwise by **Borsa Italiana**, which shall take account of the features of the security and the ways in which it is traded.
- 503.5 Upon receiving the notification referred to in guidance Sec. 503.3, the buyer shall notify the seller and **Borsa Italiana**, using the attached form B, of the details of the execution of the buy-in and indicate any price differential between the original contract and the buy-in contract or the amount of the bilateral balance, calculated with account taken of any corporate events or dividend distribution that occurred in the period between the original settlement day and the buy-in execution day.

503.6 *If the price of the buy-in is higher than the price of the original contract or the amount of the bilateral balance, the differential shall be payable by the seller.*

503.7 *At the buy-in execution date **Borsa Italiana** shall request Monte Titoli S.p.A. to delete the settlement instructions of the original contract or the bilateral balance from the settlement system. Upon execution of the buy-in the buyer shall send the settlement instructions in favour of the buy-in agent to the settlement system for the settlement with the same value date of the quantity and the value in euro of the buy-in transaction. The buyer shall notify **Borsa Italiana** of the sending of the settlement instructions. In the case referred to in guidance Sec 503.5, the seller shall send the settlement system instructions in favour of the buyer for payment of the differential with the same value date as the settlement of the buy-in transaction. The seller shall notify **Borsa Italiana** accordingly.*

Sec.

504 Cash settlement procedure

504.1 *Whenever within 30 days calculated starting from the settlement date, the original contract is not settled or whenever the buy-in agent is unable to purchase the securities by such time limits, the seller must pay the buyer an amount equal to the differential, if positive, between the valuation of the shares on the end-of-validity day and the original value of the contract (cash settlement) or the bilateral balance.*

Sec.

505 Buy-in agent

505.1 *Pursuant to guidance Sec. 503.1 the buyer shall appoint an intermediary to purchase the securities (the buy-in agent) from among the intermediaries admitted to trading on the markets managed by **Borsa Italiana**.*

505.2 *The buyer may revoke the appointment of a buy-in agent who fails to execute the buy-in and appoint another. The buyer shall give the seller and **Borsa Italiana**, at least one day's notice of the revocation and of the appointment of another buy-in agent.*

Sec.

506 Delivery of the securities during the buy-in procedure

The seller may deliver the securities due up to the fourth day subsequent to the day on which the buy-in notice was sent. The buyer shall inform the buy-in agent accordingly. In such case the buy-in procedure shall be immediately cancelled.

Sec.

507 Pass on

507.1 *Upon receiving a buy-in notice, a seller who has not settled a contract concluded for own account within the prescribed settlement time limits because another participant on the **Euronext Growth Milan** has failed to settle may transfer the effects of the buy-in procedure to such participant by notifying the latter and **Borsa Italiana**, using the attached form referred to in guidance Sec. 503.1, and filling in the pass-on section as well.*

507.2 *The seller shall notify the other participant and **Borsa Italiana** of the details of the execution of the buy-in, using the attached form referred to in guidance Sec. 503.5, and filling in the pass-on section as well. The seller shall also indicate any price differential between the original contract and the buy-in contract. If the differential is negative, it shall be payable by the other participant and in the cases in which the buy-in agent is unable to*

purchase the securities by the end-of-validity date of the original contract, the other participant is required to make the cash settlement referred to in guidance Sec. 503.

Sec. Sell-out procedure

508

*508.1 The seller shall initiate the sell-out procedure by appointing an intermediary (the sell-out agent) to execute the sell out and sending a sell-out notice to the buyer. The seller shall notify **Borsa Italiana** of the start of the procedure using the attached form A. Sell-out notices may be sent from the end of the original settlement day (by 18.00; if the notice is sent after such time, it shall be deemed to have been sent on the following day).*

508.2 In the sell-out notice the seller shall give the name of the sell-out agent, who, except in the case referred to in Guidance 510 shall execute the sell out according to the time limits and in the manner established in the following guidance.

508.3 If the buyer fails to settle the original transaction or the bilateral balance by 10.00 o'clock on the day subsequent to the day on which the sell-out notice was sent (the sell-out execution day), the sell-out agent shall sell the securities in order to deliver the cash amount to the seller and notify the same of the details of the transaction concluded. If the sell-out agent is unable to sell some or all of the securities on the sell-out execution day, they may be sold on the following days.

*508.4 The sell-out must be executed on the **Euronext Growth Milan**, unless provided for otherwise by **Borsa Italiana**, which shall take account of the features of the security and the ways in which it is traded.*

*508.5 Upon receiving the notification referred to in guidance 508.3, the seller, using the attached form B, shall notify the buyer and **Borsa Italiana** of the details of the execution of the sell-out and indicate any price differential between the original contract or the amount of the bilateral balance and the sell-out contract, calculated with account taken of any corporate events or dividend distribution that occurred in the period between the original settlement day and the sell-out execution day. If the price of the sell-out contract is lower than the price of the original contract or the amount of the bilateral balance, the differential shall be payable by the buyer.*

*508.6 At the sell-out execution date **Borsa Italiana** shall request Monte Titoli S.p.A. to delete the settlement instructions of the original contract or the bilateral balance from the settlement system. Upon execution of the sell out the seller shall send the settlement instructions in favour of the sell-out agent to the settlement system for the settlement with the same value date of the quantity and the value in euro of the sell-out transaction. The seller shall notify **Borsa Italiana** of the sending of the settlement instructions. In the case referred to in guidance 508.5, the buyer shall send the settlement system instructions in favour of the seller for payment of the differential with the same value date as the settlement of the sell-out transaction. The buyer shall notify **Borsa Italiana** accordingly.*

Sec.

509

Sell-out agent

*509.1 Pursuant to guidance Sec. 508.1 the seller shall appoint an intermediary to sell the securities (the sell-out agent) from among the intermediaries admitted to trading on the markets managed by **Borsa Italiana**.*

509.2 The seller may revoke the appointment of a sell-out agent who fails to execute the sell out and appoint another. The seller shall give the buyer and

Borsa Italiana at least one day's notice of the revocation and of the appointment of another sell-out agent.

Sec.
510

Delivery of cash during the sell-out procedure

The buyer may settle the original contract or the bilateral balance by delivering the cash due up to 10.00 o'clock on the day subsequent to the date on which the sell-out notice was sent. The seller shall inform the sell-out agent accordingly. In such case the sell-out procedure shall be immediately cancelled.

Management procedure for failed transactions in case of corporate events

G	5100	In the event that purchase, and sale contracts are not settled within the prescribed time limits and a transaction that determines the detachment of a right occurs, Borsa Italiana indicates in the guidance the applicable discipline.
---	------	---

Sec.
511

Guidance to Rules

Management procedure for failed transactions in case of corporate events

511.1

In cases of corporate events which provides for the in bonis buyer the possibility to notify an intention, such as:

- a) exercise of option rights deriving from a capital increase;*
- b) optional conversion of shares into another class;*
- c) distribution of so-called script dividends;*
- d) and for any other corporate action that determines the notification of an intention;*

the in bonis buyer may request the in malis seller the exercise of the option derived from the corporate action on the purchased instrument (so called buyer protection), notifying it to the market.

For the purpose of buyer protection request, the form available in the website of the settlement system shall be used. Also, the counterparties, directly or through the intermediaries that settle respectively on their behalf, shall insert in the settlement system the settlement instruction on the resulting and possibly cancel the original settlement instruction.

SURVEILLANCE

Controls and measures concerning trading

6000	Borsa Italiana shall control the regularity of trading, verify the compliance with these rules and the accompanying guidance and adopt all the measures necessary for the proper operation of the market. These functions shall be performed by the competent office, which shall be exclusively equipped with the means needed to carry out the related controls and interventions. These rules shall be conducted in accordance with the procedures set out in rule 1210, in Rule for Companies , in Rules for Euronext Growth Advisor ,
6001	In carrying out its supervisory functions, with the aim of ensuring orderly trading, Borsa Italiana shall, <i>inter alia</i> :

- | | |
|--------|--|
| 6001.1 | monitor the performance of the market and individual Euronext Growth Milan security , <i>inter alia</i> with reference to related instruments and the information available to the market; |
| 6001.2 | may intervene on the quoting obligations of the intermediaries where needed; |
| 6001.3 | monitor the behaviour of approved intermediaries in the market and compliance with the obligations of specialists and Liquidity Provider and of Market Makers ; |
| 6001.4 | apply to Euronext Growth Milan Companies and approved intermediaries for information deemed necessary in relation to particular market conditions in accordance with rule 1210; |
| 6001.5 | verify the updating of records, including the content of the proposals and information required by Regulation (EU) No. 2017/580, procedures and any other matters necessary to ensure orderly trading; |
| 6001.6 | monitor the operation of the technical equipment and transmission networks of the electronic data processing and telecommunication systems; |
| 6001.7 | regulate trading conditions; |
| 6001.8 | promptly inform the market of the measures it adopts that affect trading in the market or the performance of Euronext Growth Milan securities ; |
| 6001.9 | promptly suspend the intermediary at the request of the intermediary participating in the settlement service referred to in rule 1100 and immediately inform Consob . |

Measures concerning trading parameters, hours and phases

- | | |
|--------|---|
| 6010 | In particular market conditions, Borsa Italiana may, with reference to categories of Euronext Growth Milan securities or individual Euronext Growth Milan securities : |
| 6010.1 | prolong the duration or delay the start of one or more phases of trading; |
| 6010.2 | interrupt, where possible, continuous trading with the simultaneous reactivation of the auction; |
| 6010.3 | modify the maximum price variation limits, the static price, the dynamic price and the other trading conditions ("parameters"); |
| 6010.4 | suspend or reactivate trading. |
-
- | | |
|--------|--|
| 6011 | Borsa Italiana may adopt the measures referred to in the rule 6010: |
| 6011.1 | where the price variation limits are exceeded; |
| 6011.2 | where anomalous trading conditions are observed for Euronext Growth Milan securities in terms of prices or volumes; |
| 6011.3 | where it is necessary to obtain information on particular market situations concerning Euronext Growth Milan securities ; |

	6011.4	where there are technical reasons or other circumstances that do not guarantee the regular operation of the market;
	6011.5	where detailed complaints are submitted by approved intermediaries that consider they have been damaged by irregular behaviour on the part of other approved intermediaries.
	6012	In adopting the measures referred to in rule 6010, Borsa Italiana shall take account:
	6012.1	of the volumes of the Euronext Growth Milan securities traded and of the prices recorded in the last three months, as well as their variations;
	6012.2	of the liquidity of the instrument and the significance of the trading;
	6012.3	of the dissemination or lack of dissemination of information available to the market
	6012.4	for pre-emptive rights and warrants and other derivatives financial instruments, of the theoretical values with respect to the underlying financial instruments and of the exercise period.
	6013	Borsa Italiana may cancel orders that hinder orderly trading where the intermediary that entered them, when requested by Borsa Italiana , is unable to confirm, modify or cancel them in a reasonably short time.
Sec		<u>Guidelines</u>
600		<u>Stressed market conditions</u>
	600.1	<i>Borsa Italiana declares in general, pursuant to the present guideline, that stressed market conditions exist on a financial instrument, in the time interval following the resumption of trading following its interruption for volatility, as indicated in the Guide to the Parameters.</i>
	600.2	Borsa Italiana may declare, by means of a notice to intermediaries, that stressed market conditions occur where, changes in the price and volumes of individual financial instruments or groups of financial instruments over a certain period of time exceed specific thresholds as indicated in the Guide to the Parameters .
	600.3	Borsa Italiana may also declare, with Notice to the intermediaries, that stressed market conditions occur if the situations related to the trading of the instruments involved required so.
	600.4	<i>In the cases referred to in the guidelines 600.2 and 600.3 cases, intermediaries shall be informed when the stressed market condition ceases with reference to the current session, with a free text message.</i>
		<u>Handling of input errors</u>
G	6020	Borsa Italiana may order or effect:
	6020.1	the cancellation of contracts concluded in the market upon receipt of a joint explained request from the approved intermediaries concerned;
	6020.2	the cancellation of transactions erroneously entered in the trade-checking service referred to in the Article 5000 up to the day following that of the conclusion of the contracts upon receipt of an explained request from approved intermediaries.
G	6021	In order to reduce or eliminate the effects of entry errors, Borsa Italiana may provide for or take one of the following actions:

	6021.1	entry of a transaction of the opposite sign offsetting all or part of the original transaction;
	6021.2	transfer of positions in financial instruments between the approved intermediaries concerned;
	6021.3	transfer of liquidity (cash adjustment) between the approved intermediaries concerned;
	6021.4	correction of the prices of transactions concluded as a result of errors;
	6021.5	cancellation of contracts in the market or in the trade-checking service referred to in the article 5000.
	6022	In order to permit the handling, in the trade-checking service referred to in the article 5000, of contracts deriving from entry errors, Borsa Italiana may inform authorised intermediaries of the identities of counterparties, if they are not displayed.
	6023	The measures referred to in rule 6020 shall normally be adopted where:
	6023.1	the approved intermediary that made the entry error applies promptly;
	6023.2	the applicant made an obvious material error;
	6023.3	the applicant stands, in the event that the contracts concluded as a direct consequence of the error are settled, to lose an amount exceeding the limit established on a general basis by Borsa Italiana in the guidance Sec. 620.2.
G	6024	For the purpose of identifying transactions which may be the subject the measures referred to in rule 6021 and rule 6022, with special reference to those Borsa Italiana may adopt on its own authority, the latter shall establish the procedure for handling them in the guidance Sec. 600 and subsequent, determining on a general basis for each category of Euronext Growth Milan securities :
	6024.1	the theoretical market prices ("reference prices");
	6024.2	the differences between the prices of the contracts concluded and the reference prices.
G	6025	In determining the theoretical prices and the differences referred to in rule 6024 and specified in the guidance Sec. 630 and Sec. 640, Borsa Italiana shall take account of the nature, liquidity and volatility of Euronext Growth Milan securities .
	6026	The promptness of the application for the remedy of an error by its author referred to in rule 6023 shall be assessed inter alia in relation to the emergence of new information or changes in market conditions between the time of the error and the time the application was made.
	6027	Where approved intermediaries conclude contracts by mistake at anomalous prices and agree to annul them, they are required to inform Borsa Italiana , which shall cancel them.
	6028	Borsa Italiana shall give prompt notice to the intermediaries concerned of the operation of the procedure for handling errors and the measures adopted. Where these are affecting contracts that have been concluded, Borsa Italiana shall inform the market and provide the counterparties concerned, at their request, with the documentation relative to the corrections or cancellations effected.

G	6029	For carrying out the error handling procedure referred, Borsa Italiana shall charge the intermediary that made the mistake a fee proportional to the scale of its intervention, in accordance with the what is established in the guidance Sec. 650.
---	------	---

Sec.
605 *Guidance to the Rule:
General principles*

- 605.1 *An approved intermediary that makes a mistake in entering orders in the market shall promptly inform **Borsa Italiana**, giving the details of any resulting transactions and specifying whether it intends to request activation of the error handling procedure.*
- 605.2 *Such reports, requests for the handling of mistakes by those that made them and the related counterparty authorisations, may be sent after contacting **Borsa Italiana**'s supervision office by telephone, by sending a written request to the following e-mail address: ms@euronext.com. Requests for the handling of errors must contain the details of the transactions.*
- 605.3 ***Borsa Italiana** shall promptly notify the details of the financial instruments for which the error handling procedure has been requested and activated to the counterparties involved or the entire market in the manner deemed most appropriate.*
- 605.4 *The cost of contacting the counterparties in connection with the adoption of corrective measures shall normally be borne by the approved intermediary that made the mistake. If the identities of the counterparties are not known to market participants, the intermediary that made the mistake shall contact **Borsa Italiana**.*
- 605.5 *The manner of determining the fees for the error handling procedure referred to in rule 6029 is specified in guidance Sec. 650.*

Sec.
610 *Ordinary procedure*

- 610.1 *The ordinary procedure may be activated where the following conditions are met:*
- a) *the error handling request is submitted to **Borsa Italiana** as promptly as possible;*
 - b) *the transactions to which the request refers derive from an evident material error.*
- 610.2 ***Borsa Italiana** shall promptly inform the applicant where the request for activation of the ordinary procedure is refused, giving the reasons for the refusal.*
- 610.3 *One or more of the corrective measures referred to in rule 6021 may be adopted directly within the scope of their authority by the parties or by **Borsa Italiana** subject to the agreement of the parties.*

Sec.
620 *Extraordinary procedure*

- 620.1 ***Borsa Italiana** may arrange or implement one or more of the actions referred to in rule 6021 where, for the different types of errors, the conditions specified respectively in guidance Sec. 620.2, Sec. 620.3 and Sec. 620.4 are met.*
- 620.2 *In the case of mistakes involving the same instrument made as a result of the entry of a single order or quote that leads to the conclusion of one or*

more contracts, the conditions shall be the following:

- a) the error handling request must be submitted as promptly as possible;
- b) the transactions to which the request refers must originate from an evident material error;
- c) the transactions to which the request refers must have prices above or below the levels established on a case-by-case basis by **Borsa Italiana** by calculating the theoretical "reference" prices referred to in guidance Sec. 630 and by applying to those prices the maximum divergence thresholds beyond which prices are to be considered abnormal, referred to in guidance Sec. 640;

620.3 **Borsa Italiana** shall promptly inform the applicant where the request for activation of the extraordinary procedure is refused, giving the reasons for the refusal.

620.4 The prices obtained by applying the maximum divergence thresholds to the theoretical reference prices are rounded to the trading tick of the same financial instrument.

Sec.

630 Determination of the theoretical "reference" prices

630.1 The theoretical price shall be determined by **Borsa Italiana** on the basis of one of the following prices:

- 640.1
- the arithmetic mean of the prices of a minimum of three and a maximum of ten consecutive contracts concluded on the same day, chosen among those preceding or following the error;
 - the opening-auction price of the same session referred to in the article 2031;
 - the reference price referred to in article 2060;
 - a theoretical value determined on the basis of objective models or reference values available to the market where the error being corrected involves pre-emptive rights, convertible bond and warrant.

Sec.

640 Determination of the maximum divergence thresholds

640.1 Following the determination of the theoretical prices, the prices of the contracts at which the extraordinary error handling procedure may be applied shall be calculated, i.e. all the prices respectively above or below the theoretical reference price reduced or increased by the maximum divergence threshold, as determined in the following **guidance**.

640.2 The maximum divergence threshold for each financial instrument shall be equal to the static collar the maximum variation allowed in the prices of contracts with respect to the static price referred to in article 2080.

Sec.

650 Determination of the fee for handling errors

650.1 **Borsa Italiana** shall use the following formula to determine the fee referred to rule 6029:

$$C = 50 \times N_{cp} + 10 \times N_{ct}$$

where:

C = the fee in euro;

N_{cp} = the number of counterparties involved in the contracts affected by the procedure;

N_{ct} = the number of contracts considered in the calculation, set equal to 0 where the number of contracts affected by the procedure is less than or equal to 50 and to the number in excess of 50 where the number of contracts affected by the procedure is more than 50.

The fee may not be less than 250 euro or more than 2,500 euro.

Handling of technical breakdowns

G	6040	<i>Inter alia</i> with the aim of ensuring equal access to the market by approved intermediaries in conditions of adequate transparency, Borsa Italiana :
	6040.1	shall establish in the guidance the procedures for handling technical breakdowns of electronic data processing equipment and transmission networks, and lay down objective criteria for carrying out the procedures, determining the downtime, the time at which trading is to start again and any extension of trading hours;
	6040.2	may order the temporary suspension of trading where technical breakdowns affect a significant number of approved intermediaries
	6040.3	shall inform the market of the measures adopted in accordance with this rule where they impinge on approved intermediaries' operations or the trading of Euronext Growth Milan securities .

Sec. *Guidance to Rule:*

660 *Handling of technical breakdowns*

660.1 *In monitoring the operation of the technical equipment and transmission networks of the electronic data processing and telecommunication systems referred to in rule 6001.5, **Borsa Italiana** shall continuously verify:*

- a) approved intermediaries' operational and informational links to the market;*
- b) the working of the electronic data processing equipment and telecommunication networks for the provision of trading support services, the dissemination of information and the daily checking and correction of contracts;*
- c) the regular operation of the different market phases in accordance with the procedures and timetables prescribed.*

660.2 *Where the controls referred to in the preceding guidance reveal anomalies involving a significant number of approved intermediaries, **Borsa Italiana** may adopt one of the following measures for an individual **Euronext Growth Milan securities**:*

- a) prolong or postpone one or more market phases;*
- b) suspend one or more market phases;*
- c) prolong the session;*
- d) close the session early.*

660.3 ***Borsa Italiana*** shall also assess the significance of the number of approved intermediaries affected by technical breakdowns referred to in rule 6040.2 in relation to:

- a) the nature of the breakdowns and the operational limitations (access or information) observed;*
- b) the procedures for connecting the approved intermediaries affected to the market;*
- c) the fact that the breakdowns concerned all or part of the technical resources available to approved intermediaries;*
- d) the market share of the approved intermediaries affected.*

660.4 *The duration of the suspensions and postponements referred to in guidance Sec. 660.2 shall be fixed in a transparent manner and in a way that allows a significant number of approved intermediaries to assess their contractual positions and re-establish regular connections with the market.*

660.5 *Trading may be restarted:*

- a) with a phase which permits approved intermediaries to annul unexecuted orders they had entered in the market before the*

- suspension.*
- b) *with the auction method;*
- c) *with the continuous trading procedure.*

COMPLIANCE PROCEDURES

Measures against market intermediaries

C010	Without prejudice to rule 1021, where there is a violation of these rules, the Rules for Companies , or the accompanying guidance, including the case of market intermediaries hindering the verification activity referred to in rule 1210, Borsa Italiana may apply one or more of the following measures against the market intermediaries in question:
C010.1	a written warning to observe the Rules, the Rules for Companies , and accompanying guidance;
C010.2	a written censure;
C010.3	a fine of between 5,000 and 500.000;
C010.4	suspension from trading in the market;
C010.5	exclusion from trading in the market.
C011	The measures provided for in the rules, C010.4 and C010.5 may be made public as described in Rule C040. Measures provided in the previous rules C010.1, C010.2 and C010.3 may be made public as described in rule C040, where Borsa Italiana is of the opinion that this is deemed necessary and appropriate for the purpose of market protection. Borsa Italiana may disclose to the public the measure and the description of the violation without specifying the identity of the perpetrator, when this is deemed sufficient in order to ensure market protection. The measure referred to in rule C010.1 could be disclosed only without the name of the intermediary to which such measure applies.
C012	In order to adopt the measures referred to in the rule C010, Borsa Italiana shall take the following criteria into account:
C012.1	the actual and potential impact on the market and the external importance of the violation;
C012.2	the size, duration and nature of the violation;
C012.3	how Borsa Italiana became aware of the violation;
C012.4	the benefits accrued by the intermediary from the violation;
C012.5	the market intermediary's reaction to Borsa Italiana's requests and its actual and previous behavior;
C012.6	magnitude of fraud and negligence;

C012.7	functioning of system used for internal control and prevention of violations;
C012.8	numbers and magnitude of violations previously committed by the same market intermediary;
C012.9	size of the market intermediary and of the group it belongs to;
C012.10	the cases in which various provisions are breached or the same provision is breached more than once.
C013	Where there is a violation of quotation obligations and the obligations to produce research set out in Rule 35 letter b) of the Rules for Companies by specialists and Liquidity Providers, Borsa Italiana may initiate the procedure referred to in rule C020.
C014	Where a measure of suspension or exclusion from trading is adopted, from the time such measure takes effect the market intermediary to which it is applied shall only be permitted, under the surveillance of Borsa Italiana , to close out any positions still open and carry out any related transactions that are necessary to protect customers' interests.
C015	The use to which fines are put shall be established on a general basis by Borsa Italiana in an ad hoc measure communicated to Consob and published in a dealing notice .
C016	In derogation to the provision at article C010, in the case of breach of the provisions of articles 1400.6, 4021 and the obligations contained in the guidelines Sec. 403, Borsa Italiana shall apply the written notice, the communication to the public of the failure to comply with obligations and reporting to the Authorities. Articles from C020 to C050 shall not apply.

Procedure for verifying violations

C020	In order to apply the measures referred to in rule C010, the procedure described in this rule shall be initiated within one year of the presumed violation or of the later date on which Borsa Italiana learned of the presumed violation. In the latter case the procedure described in this rule may not be initiated after three years have elapsed from the date of the presumed violation.
C021	For the purpose of applying the measure referred to in rule C010.2, C010.3, C010.4 and C010.5, Borsa Italiana sends the market intermediary concerned a notification:
C021.1	containing a description of the alleged violation
C021.2	setting a time limit of not less than 15 days within which a written brief may be submitted and possibly a request for a hearing in which to examine the question jointly.
C022	The notification referred to in rule C021 may indicate the measure Borsa Italiana intends to apply. In such case, if the time limit referred to in rule C021.2 expires without the market intermediary having submitted a written brief or requested a hearing, Borsa Italiana shall apply the measure indicated in the notification.
C023	If the market intermediary requests a hearing in which to examine the

question jointly or if **Borsa Italiana** considers such a hearing to be necessary, **Borsa Italiana** shall establish the date for the hearing and inform the market intermediary accordingly. The market intermediary shall be represented in the meeting either by its legal representative or by a person appointed for the purpose, being allowed to be assisted by a lawyer of its choice. If the market intermediary fails to attend the hearing without due cause, **Borsa Italiana** shall proceed on the basis of the evidence collected up to that time. At the end of the hearing, at the request of the interested party, **Borsa Italiana** may set a new time limit of not less than 10 days for the submission of another written brief.

C024 On the basis of the evidence collected as part of the procedure, **Borsa Italiana** shall decide within 45 days of the hearing or the subsequent expiry of the time limit for the submission of another written brief as provided for rule C023, or if no such hearing is requested or scheduled by **Borsa Italiana**, within 45 days of the expiry of the time limit set pursuant rule C021.2.

C025 Decisions adopted pursuant to the preceding rule C024 shall be promptly notified to the interested party giving the reasons for the decision.

Review of measures

C030 The market intermediary may ask for the review of the measure applied pursuant to rule 1021 and rule C010 within 15 days of the notification referred to in respectively rule 1021.7, and rule C025 by means petition to the Appeals Board established pursuant to C090.

C031 For the measure referred to in rule C010.1, the 15 days run from the moment in which the decision is notified to the interested party

Disclosure to the public of measures

C040 Applications of the measures referred to in rule C010 shall be made public in **dealing notices** or via the electronic trading support systems after 15 days have elapsed from the notification of the measure to the interested party without the question being referred to the Appeals Board or, where it has been so referred, after 10 days have elapsed from the notification of the Appeals Board's decision to the parties.

C041 At the request of the market intermediary, the complete text of the measure shall be made public, possibly together with all the acts of the proceedings, including the decisions of the Appeals Board.

Suspension of time limits

C050 The time limits referred to in this Title shall be suspended from 1 August to 31 August of each year.

Jurisdiction

C060 These rules, the accompanying guidance and any other provisions concerning the operation of market and services and subsequent amendments shall be governed by the laws of Italy. With reference to the discipline on market intermediaries (articles 1000 and following) these Rules will be applied according to the Italian Law.

Disputes submitted to the courts

C070	Disputes concerning the fees referred to in rule 1300 and 1451, and the amounts contained in the guidance Sec. 650 referring to fees payable by intermediaries where due, shall be heard exclusively by Italian judges and the competent court shall be exclusively the Court of Milan.
------	---

Other disputes

C080	Any dispute other than those referred to in rule C070 caused by or deriving from these rules, the accompanying guidance or any other provisions concerning the operation of market and subsequent amendments shall be settled finally by a Board of Arbitration set up in accordance with rule C100.
------	--

C081	Prior recourse to the Appeals Board procedure referred to in rule C090 shall be a necessary condition for initiating the arbitration procedure
------	--

Appeals Board

C090	The Appeals Board shall be composed of three members appointed by the Board of Directors of Borsa Italiana , which shall also appoint one of the members to be the chairman. The seat of the Appeals Board shall be at Borsa Italiana .
------	---

C091	The members of the Appeals Board shall be chosen from among independent persons of proven expertise in matters concerning financial markets.
------	--

C092	The appointment shall be for three years and may be renewed. Where one of the members vacates the position before the termination of the appointment, the Board of Directors of Borsa Italiana shall appoint a substitute; such appointment shall last until the termination of the appointments of the other members of the Appeals Board.
------	--

C093	The decisions of the Appeals Board shall be adopted in accordance with law allowing debate within 30 days of the date of the petition for review referred to in rule C030 and C031 and shall be promptly notified to the parties. The language of the proceedings shall be the Italian language.
------	--

C094	In agreement with the other members of the Board, the chairman may assign a question to a single member of the Board.
------	---

C095	The decisions of the Appeals Board shall not be binding on the parties and where one of the parties initiates arbitration pursuant to rule C100, they shall not be binding on the arbitrators, who shall have the broadest prerogatives and powers to re-examine the entire dispute without any preclusion.
------	---

C096	The fees of the members of the Appeals Board shall be borne by the losing party.
------	--

Board of Arbitration

C100	The Board of Arbitration shall be composed of three members appointed as follows:
C100.1	the party that initiates the arbitration procedure shall send an instrument to the other party in which it: <ul style="list-style-type: none"> • declares its intention of initiating the arbitration procedure; • indicates the subject of the case;

	<ul style="list-style-type: none"> designates its arbitrator; invites the other party to designate its arbitrator; <p>C100.2 the party that receives the invitation referred to in rule C100.1 shall designate its arbitrator within 20 days of receiving the notice; in the event of its omitting to do so, the second paragraph of Article 810 of the Code of Civil Procedure shall apply;</p> <p>C100.3 the third arbitrator, who shall act as Chairman of the Board of Arbitration, shall be appointed consensually by the arbitrators referred to in rule C100.1 and C100.2; where they fail to agree within 20 days, the third arbitrator shall be appointed by the Chairman of the Milan Court.</p>
C101	The arbitration proceedings thus instituted shall be ritual and shall comply with the provisions of the Italian Code of Civil Procedure. The procedure must be initiated, on pain of debarment from action, within 60 days of the notification referred to in rule C093. The dispute shall be settled in accordance with the provisions of Italian law and the language of the arbitration proceedings shall be the Italian language.
C102	The seat of the Board of Arbitration shall be in Milan in the place designated by its Chairman.
