- **ATON GREEN STORAGE S.p.A. brings total number of companies listed on Borsa Italiana's AIM Italia to 145**
- **ATON GREEN STORAGE S.p.A. raises €10 million with listing**

**Milan – 17 June 2021** – Borsa Italiana, part of the Euronext Group, today congratulates ATON GREEN STORAGE S.p.A. on its listing on Borsa Italiana's AIM Italia.

ATON GREEN STORAGE S.p.A. is an innovative SME that operates in the BESS (Battery Energy Storage System) market for the production and engineering of photovoltaic storage systems.

ATON GREEN STORAGE S.p.A. represents the twelfth listing since the beginning of the year on Borsa Italiana's market dedicated to small and medium sized companies and it brings the total number of firms currently listed on AIM Italia to 145.

In the placement phase ATON GREEN STORAGE S.p.A. raised €10 million. The free float at the time of admission was 33.33% and the capitalisation was €30 million.

Aldo and Vittorio Balugani, Shareholders and Directors of ATON GREEN STORAGE S.p.A., said: *"The company listing on Borsa Italiana's AIM Italia represents a source of great personal pride and satisfaction and the acquisition of a status that will enable the Company to accelerate its growth path and business development. When we founded the Company in 2014, we were firmly convinced of the potential that new technologies had on renewable energies and of how important it was to develop solutions that could maximise their benefits. With the listing on Borsa Italiana's AIM Italia, a new chapter begins. We are sure that we will be able to seize the opportunities that the global environment offers. There is a positive and widespread sentiment of great collective awareness and commitment of companies, governments, and institutions towards sustainable development. In this context, energy needs and technological solutions for the use of renewable energies will be increasingly key to build a new path towards a full energy transition."*

Aldo and Vittorio Balugani, Shareholders and Directors of ATON GREEN STORAGE S.p.A. rang the bell during the market open ceremony this morning to celebrate the Initial Public Offering of the company.

### **ATON GREEN STORAGE S.p.A.**

ATON GREEN STORAGE S.p.A. is an innovative SME which operates in the BESS (Battery Energy Storage System) market for the production and engineering of photovoltaic storage systems. ATON's systems can be adapted to the different needs of each user and to the requirements of the electricity grids. The flexibility and ability to customise ATON's technology have enabled the company to position itself as a supplier of storage systems to major multi-utilities such as Enel X and Sorgenia. The company operates through two main complementary and synergistic business lines: 1) Storage - residential sector: storage systems for photovoltaic systems for domestic users (small and medium-sized houses) and medium-sized users (houses up to 6 kW, buildings, or SMEs from over 6 kW up to 300 kW); 2) Storage - industrial sector: electronic boards for train air-conditioning systems and remote-control systems for forklift batteries. In addition to these, a third business line, "Energy Efficiency Plants", was established in 2021. Aiming at offering a consultancy service as a general contractor to private individuals, this service is designed for the construction of plants and to provide end-to-end solutions involving ATON storage systems. The in-house R&D department brings together a team of technicians and engineers with consolidated experience in the energy engineering sector. The team has several patents to its credit, and it is constantly engaged in product innovation and in the design and development of the best technological solutions
