The central role in planning the strategy of the Company is attributed to the Board of Directors which, in accordance with article 15 of the By-Laws is composed of between 5 and 14 members. The Shareholders’ Meeting decides the number of members of the Board of Directors, their appointments within the above-mentioned limits and the duration of office which cannot be more than 3 years. The offices held by the directors appointed expire on the date of the Shareholders’ Meeting called for the approval of the financial statements of the final year of office and they may be re-elected. The appointment of the Board of Directors must occur through the voting of slates which allows the minority shareholders to elect at least one director. The minimum shareholding required for the presentation of the slate of candidates is 2.5% of the ordinary shares, or where otherwise established by Consob with regulations taking into consideration the capitalisation of the share float and of the share ownership of listed companies. Each slate must indicate at least

one independent candidate in possession of the necessary legal requisites, or 2 in the case of a Board of Directors which is composed of more than 7 members.

The Board of Directors, in accordance with Article 17 of the By-Laws, on March 22, 2007, instituted a Control & Risks Committee (previously Internal Control Committee) and a Remuneration Committee.

Each of the members of the Board of Statutory Auditors must possess the good standing and professionalism requisites and be independent in accordance with law.

The appointment of a Statutory Auditor and an Alternate Auditor, in accordance with the By-laws (Article 20), is reserved for the minority slate of Shareholders with a minimum holding of at least 2.5% of ordinary shares or an alternative amount established by Consob, taking account of the

capitalisation and Shareholder structure of listed companies. The statutory auditor elected by the minority slate is elected the Chairman of the Board of Statutory Auditors.

4. BOARD OF DIRECTORS

4.1. APPOINTMENT AND REPLACEMENT (as per article 123-bis, paragraph 1, letter l), CFA)

The Board of Directors, in accordance with Article 15 of the By-laws is comprised of between 5 and 15 members, including the Chairman, with numbers of the under-represented gender matching at least the regulatory required minimum in force.

The Shareholders' Meeting decides the number of members on the Board of Directors, their appointments within the above-mentioned limits and the duration of office which cannot be more than 3 years. The offices held by the directors appointed expire on the date of the Shareholders' Meeting called for the approval of the financial statements of the final year of office and they may be re-elected. The Shareholders' Meeting can change the number of directors during the course of

its mandate, within the limits set out above and in the manner that is described as follows; the mandate of these directors ceases with that of the other directors previously appointed.

The members of the Board of Directors are elected on the basis of slates of candidates, in accordance with the following procedures.

The appointment of the Board of Directors must occur through the voting of slates which allows the minority shareholders to elect at least one director. Shareholders who represent at least 2.5% of the paid-in and subscribed share capital at the date of the presentation of the slate can present a slate of candidates with no more candidates than those to be elected, progressively numbered. This quota is in line with that established by Article 144 quarter of the Consob Issuer Regulations. The call notice will indicate the holding required to present slates.

Each shareholder may present or be a candidate on only one slate; in case of breach, they are excluded from all slates. Shareholders belonging to the same shareholder pact as per Article 122 of the CFA and subsequent modifications and additions, the parent company, subsidiary companies and those subject to the common control, also in the case in which they act through nominees or trust companies, may present and vote on only one slate. The votes in breach of this are not attributed to any slate. Each candidate can be presented only on one slate at the risk of being declared ineligible.

The slates shall be filed at the Company's registered office at least 25 days prior to the date established for the Shareholders' Meeting in first call or in accordance with other minimum requirements established by law or regulations. The call notice will indicate at least one means of distance communication of the filing of slates which enables the identification of those presenting or involved in the presentation of slates. Ownership of the minimum shareholding necessary to present a slate must be declared in the manner and under the terms and conditions established by existing law and regulations. Together with each slate, within the terms indicated above, the following must be filed (i) information relating to the identity of the shareholders presenting the slate and their shareholding; (ii) declarations that the individual candidates accept their candidature and attest to the inexistence of causes of ineligibility and of incompatibility and the existence of the requisites required by regulations in force for the assumption of office, including any possible declarations of independence required in accordance with the Self-Governance Code and regulations in force, and (iii) the curriculum vitae of each candidate, with indication of offices held.

Each slate must contain and expressly indicate the candidature of at least one party, or two in the case of a Board of Directors composed of more than seven members, being independent in accordance with article 148, paragraph 3, of the Finance Act and with article 147-ter, paragraph 4, of the Finance Act (hereafter "**Independent Directors ex article 147-ter**").

Each slate containing three or more candidates must present a number of candidates belonging to the under-represented gender which ensures, within each slate, compliance with gender equality, at least to the minimum extent required by law and by regulations in force at the time.

The candidates elected at the end of the voting shall be those on the two slates that have obtained the higher number of votes, with the following criteria:

- a) From the slate which obtained the highest number of votes (hereafter the “**Majority Slate**”) all of the members of the Board of Directors are elected except one, as established by the Shareholders’ Meeting; the candidates are elected, up to the number required from the slate;
- b) From the slate which obtained the second highest number of votes and not connected in any way, even indirectly, with the shareholders who presented or voted on the majority slate (hereafter the “**Minority Slate**”), one director is elected, who is the candidate indicated in the first position on the same slate; however, when from the Majority Slate one or two Independent Directors in accordance with article 147-ter cannot be elected, the first person on the Minority Slate, (or the first two, in the case of a Board of Directors composed of more than seven members) is elected as an Independent Director in accordance with article 147-ter indicated in the Minority Slate.

The candidate listed in first position on the Majority Slate is elected as Chairman of Board of Directors.

When two slates obtain an equal amount of votes, a new vote is taken by the Shareholders’ Meeting, putting only the two slates concerned to the meeting. The same rule will apply in the case of parity between the slates with the second highest number of votes.

If under the above procedure, the composition of the Board of Directors does not permit compliance with the gender balance regulation, the quota of votes to be attributed to each candidate which would result in election on the various slates must be calculated, divided by the number of votes obtained from each slate by the order number of each candidate. The votes thus attributed to the candidates of the various slates will be arranged in decreasing order in a single ranking; The candidate of the over-represented gender with the lowest votes among the candidates which will be elected is replaced by the first unelected candidate, belonging to the under-represented gender indicated on the same slate of the replaced candidate, in compliance with the minimum number of Independent Directors. In the case in which candidates from different slates have obtained the same quota, the candidate of the slate with the highest number of directors is replaced. If the replacement of the candidate of the over-represented gender with the lowest quota on the ranking does not allow the reaching of the minimum pre-established threshold of the gender balance regulation, the replacement operation indicated above is carried out also in relation to the candidate of the over-represented gender with the penultimate quota and so forth. In all cases in which the above-stated procedure is not applicable, the replacement is carried out by the Shareholders’ Meeting based on statutory majority.

Should only one slate be presented, the Shareholders’ Meeting shall vote on it and should this slate obtain the statutory majority, the candidates listed in progressive order up to the number fixed by the Shareholders’ Meeting shall be elected as Directors, and however in compliance with the applicable regulation concerning gender balance and the required number of Independent Directors. The candidate listed in the first position is elected as the Chairman of the Board of Directors.

For the inclusion of the Directors to be elected, consideration is not taken of the slates which have not obtained at least half of the votes required by the By-Laws for the presentation of the slates.

In the case of no slates being presented, the Shareholders' Meeting appoints the Board of Directors by statutory majority.

The Independent Directors in accordance with article 147-ter of the CFA who, after their appointment, are no longer independent, immediately must communicate this to the Board of Directors and, in every case, relinquish office.

In the case of the termination of office, for any reason, of one or more Directors, the replacement is made in accordance with law, without the necessity to appoint a Director from the slate of the Director that resigned from the majority slate or from the minority slate, ensuring the presence on the Board of Directors of the required number of members considered independent in accordance with the applicable regulations, in addition to compliance with that established and in force in relation to gender balance, considering that if the majority of the members of the Board of Directors for any reason is not in place, the entire Board is considered lapsed and the Shareholders' Meeting must be called without delay by the remaining Directors in office to reconstitute the Board.

The Board of Directors, in consideration of the structure and the size of the Group, has not adopted succession plans for Executive Directors, considering the methods for replacement adopted are appropriate to ensure continuity and certainty in operational management.

Currently, the Company has not set up an Appointments Committee as the Board of Directors considers that such committee is substantially not necessary for the Company's profile. The Board of Directors periodically reviews this choice.

The table attached to the present Report sub 1 indicates the Independent Directors in accordance with article 147-ter of the CFA and those also considered independent in accordance with Article 3 of the Self-Governance Code.

4.2. COMPOSITION (as per article 123-bis, paragraph 2, letter h), CFA)

Article 15 of the By-Laws states that the Company is administered by a Board of Directors composing of no less than five persons and no more than fourteen persons including the Chairman.

The Shareholders' Meeting of April 29, 2010 appointed the Board of Directors, establishing the number of members at 11, who will remain in office until the approval of the financial statements at December 31, 2012. All of the members were elected from the only slate presented by the majority shareholder Zignago Holding S.p.A..

This slate included the following candidates:

- Franco Grisan, born in Pola on June 24, 1942;
- Lino Benassi, born in Trento on December 2, 1943;
- Ferdinando Businaro, born in Padova on February 26, 1965;
- Alberto Faggion, born in Trissino (VI) on August 30, 1944;

- Paolo Giacobbo, born in Vicenza on April 21, 1949;
- Gaetano Marzotto, born in Valdagno (VI) on December 21, 1952;
- Luca Marzotto, born in Rome on January 9, 1971;
- Nicolò Marzotto, born in Rome on September 28, 1968;
- Stefano Marzotto, born in Valdagno (VI) on April 24, 1955;
- Maurizio Sobrero, born in Bologna on February 16, 1967;
- Giovanni Tamburi, born in Rome on April 21, 1954.

All of the candidates on the only slate presented were elected by a majority of those present. The share capital present with voting rights totaled 65.211% of the entire share capital and the favourable vote was received by 65.123% of the entire share capital.

Of the 11 directors appointed, 4 are independent. The Board evaluates annually the independence of the Directors, based on the information provided by the parties. The presence of four independent directors has the objective of achieving the greatest possible “best governance” through debate and dialogue between all of the Directors. The contribution of the independent directors in addition permits the Board of Directors to verify whether adequate independent opinion exists in cases of potential conflicts of interest of the Company with the controlling shareholder.

The composition of the Board of Directors and of the Committees is reported in Table 1, along with the number of meetings and attendances, while Attachment 1 contains the profile of each director. The offices held by each director at December 31, 2012 on Boards of Directors or Boards of Statutory Auditors of listed and non listed companies are reported in Attachment 2.

The Board of Directors has not defined the general criteria relating to the maximum number of offices of administration and control in other companies that may be considered compatible with the proper carrying out of their duties as directors of the Issuer as no circumstances have arisen which necessitates such a requirement.

In order to remain fully briefed on developments, the Board periodically receives information and updates, also through material prepared by the Company.

4.3. ROLE OF THE BOARD OF DIRECTORS (as per article 123-bis, paragraph 2, letter d), CFA)

Article 16 of the By-Laws provides that the Board of Directors is convened in the place indicated on the convocation notice, even if a place differing from the registered office, but in Italy or in another European Union country, whenever the Chairman or the Vice-Chairman if nominated, or the Chief Executive Officer if nominated, considers it necessary or when it is requested in written form by at least three of its members. The Board of Directors can be convened by the Board of Statutory Auditors, also individually, in accordance with article 151 of the Finance Act.

In accordance with the same article, the convocation of the meetings can be through telegram, telefax, or electronic message sent to each member of the Board of Directors and each member of the Board of Statutory Auditors at least three calendar days before the meeting. In cases of urgency, the By-Laws establish that the convening can be carried out, in the same manner, with

notice of at least one day. In any case, also if the formalities above stated are not observed, the Board is considered validly constituted whenever all of the Directors and all of the Statutory Auditors are present.

The third paragraph of the same article provides moreover for the possibility that the meetings of the Board are held by teleconference or video-conference and is permitted on condition that all of the participants can be identified and that they can follow the discussions and intervene in real time in relation to the subject matters under discussion.

A meeting of the Board of Directors shall be validly constituted when the majority of its members in office are present. Resolutions shall be adopted by a majority of Directors present; in case of a tie, the vote of the person chairing the meeting shall be decisive.

The meetings are chaired by the Chairman or, in his absence or impediment, by the Vice Chairman if nominated. In the case of absence or impediment of the Vice Chairman, the meetings are chaired by the most senior director or by seniority established by age.

The minutes of the Board meetings are prepared by the secretary of the Board of Directors and signed by the Chairman of the meeting and by the secretary.

The Board of Directors must be convened at least four times during the year on the occasion of the preparation of the accounting results for the period. In 2012, 6 Board of Directors' meetings were held with a duration of between 1 hour and 30 minutes and 5 hours and 30 minutes.

Six meetings are scheduled for the current year, of which two already held.

In relation to the board meetings, the Chairman organises the duties of the Board. For this reason, the Board of Directors and Board of Statutory Auditors, in a timely and adequate manner, are provided the documentation and the information necessary to ensure a correct and full evaluation of the facts to be examined by the Board, to enable them to express with full disclosure and knowledge, opinions on the matters provided for their examination upon which decisions are made, and ensure adequate time for a constructive debate on matters on the Agenda. For these reasons, the necessary information, as well as that relating to the principal regulatory and legislative developments and updates regarding the Company and the corporate boards, are issued to the directors in a timely manner before the meeting, except in the case where other requirements limit the information provided (in particular urgent cases and for reasons of extreme confidentiality). In 2012 in relation to all of the significant matters on the Agenda of the board meetings, information was provided.

It is underlined that the Chief Executive Officer, in accordance with the consolidated practices of the Company, report extensively to the Board of Directors on the principal operations having a significant economic, equity and financial impact.

understanding of the matters on the agenda. A number of executives of the Issuer attended the meetings held in 2012.

In relation to the role of the Board of Directors, the powers of the Board of Directors, in accordance with article 17 of the By-Laws and with that established by the Self-Governance Code, relate to the ordinary and extraordinary management of the Company, extending to all acts which the Board considers necessary for the reaching of the corporate objectives, excluding only that which is reserved by law to the Shareholders' Meeting.

The matters at point 1.C.1 of the Self-Governance Code, not having been delegated to the CEO, are reserved for consideration by the Board of Directors. In particular, in accordance with the Self-Governance Code, the examination and approval of the strategic, industrial and financial plans of the Issuer and of the Group, the nature and levels of risk compatible with the strategic objectives of the Group, the Corporate Governance System of the Issuer, the adequacy of the organisational structure of the Company and of the structure of the Group which the Issuer heads, are reserved to the Board.

Wherever reasons of urgency exist in relation to transactions with related parties not within the ambit of the shareholders' meetings or which must not be authorised by the meeting, the Board of Directors may approve these transactions with related parties, which may be carried out also through subsidiary companies, in place of the normal procedures established in the internal procedure for transactions with related parties adopted by the company, although in compliance with and under the terms and conditions established by the same procedure.

The following areas are also reserved for the exclusive competence of the Board of Directors: (i) the appointment and revocation of office of the executive responsible for the preparation of the corporate accounting documents; and (ii) the verification that the executive responsible for the preparation of the corporate accounting documents may avail of sufficient powers and means for the exercise of duties attributed by law, as well as full conformity with the administrative and accounting procedures.

The Board, after examining the proposals by the relevant committee and the Board of Statutory Auditors, set the remuneration of the Chief Executive Officer.

The Board of Directors evaluated the adequacy of the organisational, administration and general accounting system of the Issuer and of the significant subsidiaries, prepared by the Chief Executive Officers, with particular reference to the internal control system and to the management of conflicts of interest. In relation to the management of conflict of interests, the Chairman and the

CEO, at least quarterly report to the Board on operations in which the directors are found to be in a situation of potential conflict of interest.

In accordance with point 1 and the relative Self-Governance Code criteria, the Board of Directors approved the governance system of the Company, resulting in, in particular, internal procedural regulations relating to operations with related parties and in which a Director has an interest, as well as the delegation of powers and functions, including the establishment of internal and related committees to the Board.

The Board monitors the general performance of operations, taking into account, in particular, the information received from the executive directors, as well as periodically comparing the results with the budgets.

During the year no operations having significant strategic, economic and equity importance for the Issuer or its subsidiaries were undertaken.

The Board did not consider it necessary, in light of the structure of the Company and the internal boards, to consider the size, composition and functioning of the Board and its committees.

The Directors are subject to the curtailment under Article 2390 of the civil code, except in the case where they are exonerated by the Shareholders' Meeting. At the date of the present report, the Shareholders' Meeting has not authorised exceptions to the competition prohibition.

During the year, the Internal Audit Manager supported the activities of the Control and Risks Committee.

11.3. ORGANISATION MODEL PURSUANT TO LEGISLATIVE DECREE 231/2001

The Board of Directors of the Company, in the meeting of March 14, 2008, in relation to Legislative Decree No. 231 of June 8, 2001 (and successive modifications and integrations), which

introduced a specific code of responsibility for companies for any type of offence and in accordance with that established by the regulations of Borsa Italiana for the quotation on the STAR segment adopted the “Model of organisation, management and control in accordance with Legislative Decree 231/2001”, responding to the requisites of the same Legislative Decree and prepared in accordance with the guidelines issued by Confindustria. At the reporting date, the Board have not considered the allocation of supervisory body duties to the Board of Statutory Auditors.

The adoption and efficient implementation of the organisational, management and control model is appropriate to prevent offences under the Legislative Decree; the Company may be exonerated from the responsibility consequent of offences made by “applicable” Parties and by persons subject to their supervision and direction.

The Model provides for a series of regulations on conduct, procedures and control activities, as well as a system of powers and delegations, in order to prevent the above responsibility arising. Moreover a disciplinary system was introduced which is applied in the cases in which the above model is not complied with.

To implement the model set out by Legs. Decree 231/2001, a Supervisory Board (“SB”), appointed by the Board of Directors, was created, which has the responsibility to ensure the Organisational, Management and Control Model pursuant to Legislative Decree 231/2001 is adequate and efficient, effective and updated.

The Supervisory Board is currently comprised of:

Office	Name
Chairman of the Supervisory Board	Alessandro Bentsik
Member	Massimiliano Agnetti
Member	Nicola Campana

For the carrying out of the duties, the SB is provided with its own budget.

Also at the meeting of March 14, 2008, the Board of Directors approved the By-Laws of the Supervisory Board, establishing the method for its appointment and composition, as well as the functions and the powers of the same.

The Supervisory Board (SB) in the year carried out monitoring of the functioning, efficacy and compliance with the model as well as the recording of significant updates of the model and of the corporate procedures and protocols. In this remit, the SB coordinated with the Control and Risks Committee reporting on the results of the verification and the modifications to the model following changes in the internal organisation, in the corporate activities and in the relevant regulatory provisions, particularly in relation to the updates to Legislative Decree 231/201 with the addition of new types of offences.

The Supervisory Board, through the Control and Risks Committee, communicates to the Board of Directors, half-yearly, a written report on the Organisational, Management and Control Model.

The implementation of the detailed aspects of the activities contained in the Model has been substantially completed. The Model has been communicated to all personnel and third party consultants, clients, suppliers and partners, where deemed suitable and necessary.

Also in relation to the activities carried out and implemented by the Organisational and Management Model in accordance with Legislative Decree 231/2001, the Board of Directors on March 14, 2008 adopted the Ethics Code of the Company. In particular, the Ethics Code identifies the corporate values, together with the rights and the responsibilities of its subject, and applies sanctions in the case of breaches of the principles expressed in the same Code.

In 2012, the Supervisory Board met 8 times.

11.4. INDEPENDENT AUDIT COMPANY

The audit activities are carried out by an independent audit company in accordance with applicable regulations. The Audit Firm is appointed by the Shareholders' Meeting with prior consultation of the Board of Statutory Auditors.

The independent auditors who carry out the audit of Zignago Vetro also carry out the audit of the subsidiary companies.

The executive responsible for the preparation of the corporate accounting documents has the responsibility to implement adequate administrative and accounting procedures for the preparation of the parent company accounts, the consolidated financial statements and all other financial documents, certifying their application, and that accounting information including interim reports correspond to the underlying accounting documents, records and accounting entries.

In accordance with Article 23 of the By-Laws and in conformity with the regulations currently in force, the Board of Directors, in the meeting of July 30, 2007, appointed Mr. Roberto Celot, Administration, Finance and Control Director of the Issuer, as executive responsible for the preparation of the corporate accounting documents in accordance with article 154 *bis* of the

Finance Act, considering satisfactory his appointment criteria and in particular his proven accounting and financial experience.

11.6. COORDINATION OF THE PARTIES INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

At the reporting date, in consideration also of the size and structure of the Group, the Issuer had not evaluated the adoption of coordinating methods between the parties involved in the Internal Control and Risk Management System, considering the various bodies and departments sufficiently integrated.

12. TRANSACTIONS WITH RELATED PARTIES

In accordance with the Self-Governance Code, in addition to the new regulation issued by Consob through resolution No.17221 of March 12, 2010, the Board of Directors of the Company in the meeting of November 26, 2010 approved a new procedure for transactions with related parties, in compliance with the new regulatory provisions introduced by the Commission with the above-stated Consob regulation and in line with the recommendations of the Commission in relation to Interpretative Communications.

The most significant aspects of the new procedure include:

- (i) “transactions with related parties” are classified as transactions of significant value (concerning transactions exceeding thresholds established by Consob), of insignificant value (those of a value which prima facia do not pose significant risk for investor interests and therefore excluded from the application of the new procedure) and those of intermediate value (a residual category comprising transactions with related parties not covered by the first two categories);
- (ii) the transparency and market communication regulations are more stringent in relation to transactions of significant value, requiring publication of a disclosure document;
- (iii) the procedural regulations which establish the involvement of the Committee for Transactions with Related Parties for the transaction approval procedure.

The Board of Directors of the Company, in the meeting of November 26, 2010, created a Committee for Transactions with Related Parties, with a significant role in the evaluation of the Transactions with Related Parties and in compliance with the above-stated procedure. This Committee has the duty to guarantee substantial correctness of the transactions with related parties, through the issue of an opinion on the interest of the company served through the specific transaction as well as the suitability and correctness of the conditions.

The Committee includes Directors considered independent in accordance with the Self-Governance Code.

As established by Consob regulation No.17221 of March 12, 2010, the Committee for Transactions with Related Parties preliminarily approved the new procedure for transactions with related parties, establishing compliance with the regulatory provisions.

The Committee comprises three independent directors - Lino Benassi, Ferdinando Businaro and Maurizio Sobrero.

13. APPOINTMENT OF STATUTORY AUDITORS

The appointment of the Statutory Auditors is carried out based on slates presented to the shareholders according to the procedure set out by article 20 of the By-Laws, reported below, in order to ensure that the minority slate appoints a Statutory Auditor holding the position of the Chairman and an alternate Auditor.

In relation to this, slates are presented in which the candidates are listed by progressive numbering. The slate is composed of two sections: one for candidates for the office of Statutory Auditor, and the other for candidates for the office of Alternate Auditor.

Only shareholders who together or with others represent at least 2.5% of the subscribed and paid-in share capital at the moment of presentation of the slate or another limit established by Consob with regulations taking account of the floating capital and the ownership of the listed companies have the right to present slates. The call notice indicates the holding required to present slates.

Each shareholder may present only one slate; in case of breach, they are excluded from all slates. Shareholders belonging to the same shareholder pact as per Article 122 of the CFA and subsequent modifications and additions, the parent company, the subsidiary companies and those subject to the common control, may present and vote on only one slate. The votes in breach of this are not attributed to any slate.

The slates shall be filed at the Company's registered office at least 25 days prior to the date established for the Shareholders' Meeting in first call or in accordance with other minimum requirements established by law or regulations. The call notice will indicate at least one means of distance communication of the filing of slates which enables the identification of those presenting or involved in the presentation of slates. Each slate containing three or more candidates must present a number of candidates belonging to the under-represented gender which ensures, within each slate, compliance with gender equality, at least to the minimum extent required by law and by regulations in force at the time. Ownership of the minimum shareholding necessary to present a slate must be declared in the manner and under the terms and conditions established by the existing law and regulations. In the case where only one slate is filed at the expiry date of the term for presentation of the slates, or slates are only presented by related shareholders pursuant to the applicable directives, slates can be presented up to the third day subsequent to such date. In this case, the threshold established for the presentation of the slate is reduced by half. Together with each slate, within the terms indicated above, the following must be filed (i) information relating to the identity of the shareholders presenting the slate and their shareholding; (ii) declarations that the individual candidates accept their candidature and attest to the inexistence of causes of ineligibility and of incompatibility and the existence of the requisites required by regulations in force for the assumption of office, (iii) the curriculum vitae of each candidate, with indication of offices held. In addition to that established by the previous points, in the case of the presentation of a slate by shareholders other than those who hold, also jointly, a controlling or majority holding of the share capital of the Company, such slate must be accompanied by a declaration of the shareholders

presenting, declaring the absence of association with one or more of the main shareholders, as defined by existing regulations.

Slates presented that do not comply with all of the above formalities are considered as not presented.

All those entitled to vote shall vote for only one slate.

The procedure for electing Statutory Auditors shall be as follows: a) from the slate that has obtained the higher number of votes, based on the progressive order with which they are shown on the slate, two statutory auditors and an alternate auditor (hereafter the "Majority slate") are elected; (b) from the slate that has obtained the second highest number of votes and that is not associated, even indirectly, with the shareholders who have presented or voted on the Majority slate, based on the progressive order with which they are shown on the slate, the remaining statutory auditor and other alternate auditor are elected (the "Minority slate").

When the first two slates obtain an equal amount of votes, a new vote is taken by the Shareholders' Meeting, putting only the first two slates concerned to the meeting. The same rule will apply in the case of parity between the slates with the second highest number of votes.

The Chairman of the Board of Statutory Auditors shall be the first candidate on the Minority Slate. In the case in which the minimum established requirement for the under-represented gender of Standing or Alternate Auditors is not elected, within the slate which attracted the highest number of votes the necessary substitutions of candidates elected to the roles of Standing or Alternate Auditor is made, according to the progressive order in which the candidates were elected. In the absence of candidates from the under-represented gender within the relevant section of the Majority slate of a sufficient number to proceed with replacement, the Shareholders' Meeting appoints the Standing or Alternate Members required through statutory majority, ensuring compliance with the requirements.

Where his/her legal requisites no longer exist, the statutory auditor must leave office.

In the case of the substitution of a Statutory Auditor until the next Shareholders' Meeting, the Alternate Auditor is taken from the same list as the auditor vacating office. If the replacement as indicated above does not allow compliance with the applicable gender balance regulation, the Shareholders' Meetings must be called at the earliest opportunity to ensure compliance with the regulation.

When a Statutory Auditor vacates office, including the chairman of the Board of Statutory Auditors, the chairmanship is assumed until the next Shareholders' Meeting by the alternate member of the same list from which the Chairman was elected.

If the alternate auditor cannot complete the Board of Statutory Auditors, a Shareholders' Meeting is convened to elect the Statutory Auditors and chose, where the statutory auditors may still be elected, from among the candidates on the slate from which the vacating statutory auditor was a member. In all of the cases in which it is not possible to form the Board of Statutory Auditors by that set out above, the provisions of law are applied.

In the case in which only one slate is presented or in the case in which no slate is presented, the Shareholders' Meeting votes by statutory majority and in compliance with the regulation concerning gender balance.

14. COMPOSITION AND DUTIES OF THE BOARD OF STATOTORY AUDITORS (as per article 123-bis, paragraph 2, letter d), CFA)

The Board of the Statutory Auditors verifies compliance with law and the By-Laws, in respect of the principles of correct administration and in particular on the adequacy of the internal control system as well as of the organisation, administration and accounting structure and its functioning, as well as the method for establishing corporate governance regulations which the company declares it is in observance of.

In accordance with Article 20 of the By-laws, the Board of Statutory Auditors is composed of three Standing Members and two Alternate Members, shareholders and non-shareholders, with the underrepresented gender complying with the applicable regulation, and appointed by the Shareholders' Meeting, which determines their annual remuneration and the duration of office. The responsibilities, duties and duration of the Board of Statutory Auditors are based on that required by law. In accordance with law, the outgoing statutory auditors may be re-elected. Each of the members of the Board of Statutory Auditors must possess the good standing requisites and be independent in accordance with law.

In Table 2, the frequency of the meetings of the Board of Statutory Auditors during 2012 is reported along with the relative attendances.

In Attachment 2 a brief description of the personal profiles and professional characteristics of each of the members of the Board of Statutory Auditors is provided, while the offices covered at December 31, 2012 by each statutory auditor are reported in attachments to the Report in accordance with article 148 of the CFA.

During the year the Statutory Auditors met at least quarterly for a total of six meetings, whose average duration was approx. 4 hours. The Board of Statutory Auditors also attended regularly the meetings of the Control and Risks Committee.

In order to remain fully briefed on developments, the Board periodically receives information and updates, also through material prepared by the Company.

Six meetings are scheduled for the current year, of which two already held.

The Board of Statutory Auditors has evaluated the continuance of its members' independence requisites during the year. In conducting the evaluations mentioned above it has applied all the criteria provided in the Self-Governance Code with reference to the independence of the directors. The statutory auditor who, on his/her own behalf or that of third parties, has an interest in a determined transaction of the issuer informs the other statutory auditors and the chairman of the Board, in a timely and comprehensive manner, regarding the nature, terms, origin and extent of his/her interest.

During its activities, the Board coordinated with the Control and Risks Committee.

15. RELATIONS WITH SHAREHOLDERS

In order to maintain a constant dialogue with the shareholders and the financial world in general, the Company has created an "Investors" function.

On December 22, 2006, the Board of Directors appointed an Investor Relator, in the person of Mr. Roberto Celot, responsible for the relations with the institutional investors and others shareholders; the Investor Relator also maintains the Insider register.

During the year the Company participated regularly in meetings with the financial community, some of which were open to all operators within the sector, and the financial press.

For the publication of information to the public, the Company adheres to the principles contained in the "Market Information Guide" and the Regulations and Communications of Consob.

Particular attention is paid to the Company Internet site (www.zignagovetro.com), in which in the Investor Relations section, it is possible to view the corporate accounting documents (financial statements, half-yearly statements and quarterly reports etc.), in both Italian and English, as well as other corporate documents addressed to the market (presentations, press releases, financial notices etc.).

16. SHAREHOLDER MEETINGS (as per article 123-bis, paragraph 2, letter c), CFA)

The Shareholders' Meeting represents all of the shareholders and is convened in accordance with the provisions of law and regulations for companies with listed shares to pass resolutions reserved for them by law or by the Company By-Laws.

The shareholders' meetings' provide periodic opportunities to meet and communicate with the shareholders.

The Ordinary and Extraordinary Shareholders' Meetings are validly constituted through statutory majority.

In the case in which the Shareholders' Meeting is called to approve matters in accordance with law, or to authorise in accordance with the By-Law, a transaction with related parties qualifying as significant in accordance with the internal procedure for transactions with related parties adopted by the Company and the committee for transactions with related parties has expressed a negative opinion in relation to the proposal submitted for approval to the Shareholders' Meeting, the Shareholders' Meeting may approve or authorise this transaction resolving, in addition to the statutory majority required by law, also the favourable vote of the majority of non-related shareholders attending the Shareholders' Meeting, if at the time of the vote such shareholders represent at least 10% of the share capital with voting rights of the Company. Where the non-related shareholders present at the Shareholders' Meeting do not represent the voting capital percentage required, for the approval of the transaction, the reaching of statutory majority will be sufficient. A relevant resolution authorised by the Company in accordance with the preceding provisions will also be necessary in the case of significant transactions with related parties approved by the Shareholders' Meetings, in relation to which the Committee for Transactions with Related Parties has expressed a negative opinion.

In accordance with Article 11 of the by-laws, the Shareholders' Meetings, both Ordinary and Extraordinary, of the Company are called in accordance with law by the Board of Directors, and may be called in a place other than the registered office although in Italy or in another member state of the European Union, through a notice to be published on the internet site of the Company as well as through the other means established by law and applicable regulations.

The Shareholders' Meeting can be called by the Board of Directors on the request of shareholders holding at least one-twentieth of the share capital, within that provided by article 2367, final paragraph, of the civil code, or by the Board of Statutory Auditors or by at least 2 of its members. The shareholders which, including jointly, represent at least one-fourtieth of the share capital may request supplementation of the matters on the agenda indicating the further matters proposed or present proposals on matters already on the Agenda, within the limits and manner established by law. The addition of the matters to the Agenda is not permitted for those matters on which the Shareholders' Meeting passes resolutions, as prescribed by law, on proposals of the Board of Directors or in relation to a project or report prepared by the Board, other than the Report on the Agenda pursuant to Article 125 *ter*, paragraph 1, of the CFA. The call notice must indicate the day, hour and place for the meeting, the agenda of the meeting and any other information required by current legislation and regulations.

Article 13 of the By-laws states: "All those with voting rights may attend the Shareholders' Meeting, on the provision that such right is declared according to the manner and within the time periods established by the legislation and regulations in force. Each shareholder who has the right to attend the Shareholders' AGM may be represented by others, through written proxy, in accordance with law. Proxy may be conferred electronically through a document signed in electronic form in accordance with Article 21, paragraph 2, of Legislative Decree No 82 of March 7, 2005. Electronic notification of proxy to the company may be carried out through e-mail to the certified e-mail address of the company indicated in the call notice. The Company does not appoint an agent for the conferment of proxy by the shareholders. The Chairman of the meeting shall verify the propriety of the proxies and announce the results of the voting.

Those with voting rights may draw up questions on the matters on the Agenda, in accordance with law. The Company has not adopted a shareholders' meeting regulation as it is considered that the statutory powers attributed to the Chairman of the Shareholders' Meeting, who oversees the workings of the meeting, including the determination of the agenda and the voting system, allows them to undertake a correct functioning of the shareholders' meeting, avoiding therefore the risks and the inconvenience which could derive from non compliance, by the Shareholders' Meeting, of the regulatory provisions.

The Board referred to the activities carried out and programmed in the Shareholders' Meetings and endeavoured to ensure shareholders have adequate information regarding the necessary elements so that they could take, with knowledge of the cause, the decisions within the authority of a Shareholders' Meeting. The Shareholders' Meeting of April 23, 2012 was attended by the Directors Franco Grisan, Lino Benassi, Ferdinando Businaro, Alberto Faggion, Paolo Giacobbo, Gaetano Marzotto, Luca Marzotto, Nicolò Marzotto and Stefano Marzotto, while the Shareholders' Meeting held on November 8, 2012 was attended by the Directors Franco Grisan, Ferdinando Businaro, Alberto Faggion, Paolo Giacobbo, Gaetano Marzotto, Luca Marzotto, Nicolò Marzotto and Stefano Marzotto.

During the year, the majority Shareholder did not submit to the Shareholders' Meeting any further matters than those proposed by the Board of Directors.

In the year there were no significant changes in the market capitalisation of the shares of Zignago Vetro or in the composition of its shareholders, and therefore the Board does not consider it necessary to evaluate the possibility to propose to the Shareholders' Meeting changes to the by-laws in relation to the percentages established for the exercise of the shares and of the protection of minority shareholders.

17. CHANGES SUBSEQUENT TO THE YEAR-END

No significant changes have been made to the corporate governance structure since the year-end.
