These Final Terms constitute the final terms in respect of each Series of Warrants described herein for the purposes of Article 5.4 of Directive 2003/71/EC (the "**Prospectus Directive**") and must be read in conjunction with the Base Prospectus. Full information on the Issuer, the Guarantors and the Warrants is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at the registered office of each Issuer and copies may be obtained from the offices of the Programme Agent in London.

The rights attaching to the Warrants specified above will be as set out in the Conditions as modified and/or supplemented by the terms set out herein (together the "**Terms**").

The United Kingdom Listing Authority has been requested to provide the competent authority in the Republic of Italy for the purposes of the Prospectus Directive with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive. Application will be made for the Warrants to be admitted to trading on the Sedex Market of the Italian Stock Exchange.

A copy of these Final Terms is required to be delivered to the Registrar of Companies in accordance with Article 5 of the Companies (General Provisions) (Jersey) Order 2002.

Furthermore, trading in the Warrants has not been approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act, and no U.S. person may at any time trade or maintain a position in the Warrants.

Warrants can be volatile instruments. Purchasers of Warrants implicitly make certain representations and warranties. Accordingly, prospective purchasers of the Warrants should ensure that they understand fully the nature of the instrument and must be prepared fully to sustain a total loss of their investment in the Warrants (see "Risk Factors" in the Base Prospectus).

31 July 2007

The Issuer, the Guarantors, Goldman Sachs International or any other subsidiary or affiliate within the Goldman Sachs group of companies and the holders of such Warrants (or their respective brokers, financial or investment advisers) will not be responsible to any other person for providing the protection afforded to clients of The Goldman Sachs Group, Inc., Goldman Sachs (Jersey) Limited, Goldman Sachs Europe or Goldman Sachs International or for providing advice in relation to the offering or issuance of Warrants.

INFORMATION RELATING TO THE REFERENCE ASSETS

Reference Asset:	EUR/JPY
Fixing Sponsor:	European Central Bank (ECB)
Source of pricing information for the Reference Asset:	Bloomberg: EUCFJPY Index Reuters: EURJPYREF=

Reference Asset:	EUR/USD
Fixing Sponsor:	European Central Bank (ECB)
Source of pricing information for the Reference Asset:	Bloomberg: EUCFUSD Index Reuters: EURUSDREF=

The Fixing Sponsor publishes daily reference exchange rates for European and international currencies which are quoted against the Euro as the base currency.

The reference rates are based on the regular daily concertation procedure between central banks within and outside the European System of Central Banks, which normally takes place at 2.15pm. Central European time. The reference exchange rates are published both by electronic market information providers and on the Fixing Sponsor's website (www.ecb.int) shortly after the concertation procedure has been completed.

Only one reference exchange rate (i.e. the mid-rate) is published for each currency, using the "certain" method (i.e. 1 euro = x foreign currency units).

The number of significant digits used may vary between the currencies, reflecting market conventions. However, in most cases five significant digits are used.

The euro area national central banks may publish more comprehensive lists of euro reference exchange rates than that published by the Fixing Sponsor.

The Fixing Sponsor pays due attention to ensuring that the published exchange rates reflect the market conditions prevailing at the time of the regular daily concertation procedure. Since the exchange rates of the published currencies against the euro are averages of buying and selling rates, they do not necessarily reflect rates at which actual market transactions have occurred. The exchange rates against the euro published by the Fixing Sponsor are released for reference purposes only; therefore the Fixing Sponsor does not necessarily trade at these rates.

The Foreign Exchange Market

The foreign exchange (FX) market is where world currencies are bought and sold against one other. Unlike the commodity and stock markets, it is not a physical market based in one building or location.

Rather, it is an organizational framework, within which participants linked by telephone and computers buy and sell currencies.

The market runs 24 hours a day in the major financial centres around the world. Actual currency is not seen; instead, it is transferred electronically from one bank deposit account to another. The FX market is an over-the-counter (OTC) market. This means that the size of the deal, the settlement date and the price of the trade are negotiable between the two counterparties in the market.

ANNEX A

TAXATION

This annex is not intended to be a complete analysis of all tax consequences of the purchase, holding, sale and exercise of the Warrants.

The information stated below is based on the tax legislation in force on the date of the Final Terms. The legislation remains subject to possible changes which could have retrospective effects.

Investors are advised to seek professional advice with regard to the tax regime for the purchase, holding, sale and exercise of the Warrants.

According to Italian Law presently in force, proceeds gained by an Italian resident individual investor, if not obtained through an entrepreneurial activity, which derive from the sale or exercise of Certificates, are subject to taxation. In particular, according to Legislative Decree 21 November 1997, no. 461, which integrates the miscellaneous income provided for by art. 81, first paragraph, of the Presidential Decree 22 December 1986, no. 917 (Italian Income Taxes Consolidated Text), proceeds gained by individual investors resident in Italy if not obtained through an entrepreneurial activity, and deriving from the sale and from the exercise of the Certificates are subject to a substitute tax of 12.50%.

Special rules apply to Warrants held by resident qualified intermediaries under "risparmio amministrato" or the "risparmio gestito" regimes.

It must be finally noted that according to one interpretation of the present law, the Warrants could be qualified as "atypical instruments", subject to taxation at the rate of 27%.

Trading at settlement is available for the front two months except on the last trading day and is subject to the existing TAS rules. There will be no maximum price fluctuation limits during any one trading session.

Last Trading Day

Trading terminates at the close of business on the third business day prior to the 25th calendar day of the month preceding the delivery month. If the 25th calendar day of the month is a non-business day, trading shall cease on the third business day prior to the business day preceding the 25th calendar day.

ANNEX A

TAXATION

This annex is not intended to be a complete analysis of all tax consequences of the purchase, holding, sale and exercise of the Warrants.

The information stated below is based on the tax legislation in force on the date of the Final Terms. The legislation remains subject to possible changes which could have retrospective effects.

Investors are advised to seek professional advice with regard to the tax regime for the purchase, holding, sale and exercise of the Warrants.

According to Italian Law presently in force, proceeds gained by an Italian resident individual investor, if not obtained through an entrepreneurial activity, which derive from the sale or exercise of Certificates, are subject to taxation. In particular, according to Legislative Decree 21 November 1997, no. 461, which integrates the miscellaneous income provided for by art. 81, first paragraph, of the Presidential Decree 22 December 1986, no. 917 (Italian Income Taxes Consolidated Text), proceeds gained by individual investors resident in Italy if not obtained through an entrepreneurial activity, and deriving from the sale and from the exercise of the Certificates are subject to a substitute tax of 12.50%.

Special rules apply to Warrants held by resident qualified intermediaries under "risparmio amministrato" or the "risparmio gestito" regimes.

It must be finally noted that according to one interpretation of the present law, the Warrants could be qualified as "atypical instruments", subject to taxation at the rate of 27%.

Any transfer will be subject to the provisions of all applicable fiscal or other laws and regulations in effect at the time of such transfer.

2. **STATUS AND GUARANTEES**

The Securities represent general contractual obligations of the relevant Issuer and are not secured by any property of such Issuer. The Securities rank equally among themselves and, save for such exceptions as may be provided by Applicable Law, *pari passu* with all other unsecured and unsubordinated obligations of such Issuer but excluding any debts for the time being preferred by Applicable Law and any subordinated obligation.

2.2 **Guarantees**

The payment obligations of Goldman Sachs (Jersey) Limited, in respect of Securities issued by Goldman Sachs (Jersey) Limited only, are unconditionally and irrevocably guaranteed by Goldman Sachs Europe in its capacity as guarantor pursuant to a deed of guarantee dated 26

3. EXERCISE RIGHTS

3.1 Exercise Period — American Style Securities

Securities designated in the relevant Final Terms as "American Style" are exercisable on any Business Day (which for the purposes of American Style Securities shall constitute an Exercise Date) during the Exercise Period subject to prior termination of the Securities as provided in Condition 9 or, if applicable, Condition 8.

3.2 Exercise Period — European Style Securities

Securities designated in the relevant Final Terms as "European Style" are exercisable on the Exercise Date specified in the relevant Final Terms subject to prior termination of the Securities as provided in Condition 9.

3.3 Exercise Period — Bermudan Style Securities

Securities designated in the relevant Final Terms as "Bermudan Style" are exercisable on any one of two or more Exercise Dates specified in the relevant Final Terms subject to prior termination of the Securities as provided in Condition 9 or, if applicable, Condition 8.

3.4 Entitlement

The rights attaching to each Security on exercise will be as set out in the relevant Final Terms.

3.5 Failure to Exercise

Any Security with respect to which no Exercise Notice has been delivered to the Relevant Programme Agent, or, in the case of Securities cleared through Monte Titoli, the Calculation Agent, in the manner set out in Condition 4, at or prior to 10.00 a.m. (Local Time) on the relevant Final Exercise Date shall be automatically exercised on the Final Exercise Date (and the Exercise Date for such Securities will be the Final Exercise Date) subject to and in accordance with the provisions of Condition 3.6.

3.6 Automatic Exercise

If the relevant Issuer would have been obliged to make payment of a Settlement Amount on (a) in respect of any European Style Securities, any Exercise Date or (b) in respect of any American Style or Bermudan Style Securities, the Final Exercise Date to the Holder of such Security had such Security been exercised by the relevant Holder, such Security will be

automatically exercised on such Exercise Date or such Final Exercise Date, as applicable, and the provisions of Condition 4 shall be deemed to have been observed and will apply in respect of such exercise procedure.

3.7 **Multiple Exercise**

If the Securities are specified in the relevant Final Terms as being Multiple Exercise Securities, then this Condition 3.7 is applicable and each Multiple Exercise Security shall be capable of being exercised once on each Exercise Date specified in the relevant Final Terms in accordance with the other provisions of these Conditions. References in these Conditions to "Valuation Date", "Strike Price", "Settlement Date", "Exercise Date", "Exercise Period", "Exercise Notice" and "Automatic Exercise" shall, in relation to each exercise of Multiple Exercise Securities, unless the context otherwise requires, be construed as references to the relevant "Valuation Date", the relevant "Strike Price", the relevant "Settlement Date", the relevant "Exercise Date", the relevant "Exercise Period", the relevant "Exercise Notice" and the relevant "Automatic Exercise".

3.8 **Open-ended Securities**

This Condition 3.8 is applicable to American Style and Bermudan Style Securities in respect of which no Final Exercise Date is specified in the applicable Final Terms ("**Open-ended Securities**"). Any such Open-ended Security shall be capable of being exercised by the Holder in accordance with the provisions of Condition 3.2 or 3.3, as applicable and will be capable of being redeemed by the relevant Issuer in accordance with the provisions of Condition 8 and Condition 9.

4. **EXERCISE PROCEDURE**

4.1 **Automatic Exercise**

Where Automatic Exercise applies to Securities pursuant to Condition 3.6 or, as the case may be, Condition 8.4, the relevant Issuer will pay, or will procure payment of the Settlement Amount through the Relevant Settlement System to the relevant Holder in respect of such Securities, less Expenses, if any, payable in connection with such Automatic Exercise, on the Settlement Date.

4.2 **Exercise by Holders**

4.2.1 *Exercise Notice*

Securities may be exercised by delivery of a duly completed Exercise Notice by the Holder to (i) in the case of Securities held in Euroclear France, the Euroclear France Account Holder through which their Securities are held (ii) in the case of Securities held in Monte Titoli, the Calculation Agent or (iii) in the case of Securities held through CREST, the CREST Programme Agent (1) (in the case of American Style and Bermudan Style Securities) not later than 10.00 a.m. (Local Time) on any Exercise Date during the Exercise Period or (2) (in the case of European Style Securities) at any time after 10.00 a.m. (Local Time) on the Business Day immediately preceding the relevant Exercise Date but not later than 10.00 a.m. (Local Time) on the relevant Exercise Date:

- (a) specifying the number of Securities of each Series or Tranche being exercised;

- (b) specifying the number of the Participant ID and Member Account at the Relevant Settlement System or in the case of Securities held through Euroclear France, the number of the Euroclear France Account Holder to be debited with the Securities being exercised and credited with the Settlement Amount or (in any case) any other amount payable by the relevant Issuer to the Holder in connection with the exercise of such Securities;
- (c) irrevocably agreeing to input a properly authenticated dematerialised instruction through the Relevant Settlement System or instruct the relevant Euroclear France Account Holder to effect the delivery of the number of Securities being exercised to the Relevant Programme Agent on behalf of the relevant Issuer to the account specified in the Exercise Notice against payment by such Issuer of the Settlement Amount for settlement on the Settlement Date;
- (d) authorising the relevant Issuer to deduct any Expenses from the Settlement Amount; and
- (e) certifying that the Securities are not being exercised by or on behalf of a U.S. person or person within the United States and that the Securities are not beneficially owned by a U.S. person or person within the United States.

4.2.2 *Verification of the Holder*

Upon receipt of an Exercise Notice, the Relevant Programme Agent or, in the case of Securities cleared through Monte Titoli, the Calculation Agent, will verify that the person exercising the Securities specified therein was, on the relevant Exercise Date, the Holder thereof according to the Register (if applicable) or the rules of Monte Titoli or Euroclear France as the case may be. If such Relevant Programme Agent or Calculation Agent is unable so to verify, such Exercise Notice shall be deemed not to have been given.

4.2.3 *Settlement*

Settlement pursuant to Conditions 4.1 and 4.2.1(c) of the Settlement Amount, after deduction of any Expenses which the relevant Issuer is authorised to deduct, shall be made by the relevant Issuer or Relevant Programme Agent (on its behalf) on the Settlement Date to the Holder's or Euroclear France Account Holder's account, as the case may be, in the Relevant Settlement System as specified in the Exercise Notice.

4.2.4 *Determination*

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the Relevant Programme Agent or, in the case of Securities cleared through Monte Titoli, the Calculation Agent in its sole and absolute discretion and shall be conclusive and binding on the relevant Issuer, the Guarantor(s), the Relevant Programme Agent, the Calculation Agent and the Holder. Any Exercise Notice so determined to be incomplete or not in proper form shall be void. If such Exercise Notice is subsequently corrected to the satisfaction of the Relevant Programme Agent or, in the case of Italian Securities, the Calculation Agent, it shall be deemed to be a new Exercise Notice submitted at the time the correction is delivered. The Relevant Programme Agent or, in the case of Italian Securities, the Calculation Agent, will endeavour to notify the Holder of an Exercise Notice which is

incomplete or not in proper form as soon as possible after it becomes aware of the improper exercise.

4.2.5 *Effect of Exercise Notice*

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the relevant Holder to exercise the Securities specified therein in the manner specified therein and in these Conditions. After delivery of such Exercise Notice, such exercising Holder may not otherwise transfer such Securities. Notwithstanding this, if any Holder does so transfer or attempts so to transfer such Securities, the Holder will be liable to the relevant Issuer for any Expenses suffered or incurred by such Issuer or any of its affiliates through whom it has hedged its position, including those suffered or incurred as a consequence of the Issuer or any of its affiliates through whom it has hedged its position having terminated or commenced any related hedging operations in reliance on the relevant Exercise Notice and subsequently (i) entering into replacement hedging operations in respect of such Securities or (ii) paying any amount on the subsequent exercise of such Securities without having entered into any replacement hedging operations.

4.2.6 *Expenses*

A Holder exercising a Security shall pay all Expenses, if any, payable in connection with the exercise of the Security.

5. **MINIMUM NUMBER OF SECURITIES EXERCISABLE**

If Securities are designated as "American Style" or "Bermudan Style" and a Minimum Exercise Number is specified in the relevant Final Terms, the Securities of such Series or Tranche may only be exercised in the Minimum Exercise Number or such multiples in which such Series or Tranche may be exercised in accordance with the relevant Final Terms.

6. **MAXIMUM NUMBER OF SECURITIES EXERCISABLE**

If Securities are designated as "American Style" or "Bermudan Style" and a Maximum Exercise Number is specified in the relevant Final Terms, then if, following any Exercise Date other than the Final Exercise Date, the relevant Issuer determines in its sole and absolute discretion that more than the Quota were exercised on such Exercise Date, then such Issuer may deem the Valuation Date for the first Quota of Securities of the relevant Series or Tranche exercised by Holders to be the originally applicable Valuation Date for Securities exercised on such Exercise Date, and the Valuation Date for each additional Quota of Securities of the relevant Series or Tranche (or part thereof, in the case of the last amount) exercised to be the respective Valuation Dates applicable to each succeeding date following such Exercise Date on which Securities of the relevant Series or Tranche could have been exercised, until all such Securities exercised on such Exercise Date have been given a Valuation Date. In any case where more than the Quota of Securities of a Series or Tranche are so exercised on the same day, the order of settlement in respect of such Securities shall be at the sole and absolute discretion of the relevant Issuer. Notwithstanding the foregoing, the relevant Issuer may, at any time, in its sole and absolute discretion, accept more than the Quota of Securities of a Series or Tranche for exercise on any Exercise Date.

7.1 Definitions

For the purposes of this Condition 7:

"Actual/360" means the actual number of days in the Interest Period divided by 360;

"Actual/365" or **"Actual/Actual (ICMA)"** means the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (i) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366; and (ii) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

"Actual/365 (Fixed)" means the actual number of days in the Interest Period divided by 365;

"30/360 (Floating)" or **"360/360"** or **"Bond Basis"** means the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (i) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month or (ii) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a month comprising 30 days);

"30E/360" or **"Eurobond Basis"** means the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 months each comprising 30 days without regard to the date of the first day or last day of the Interest Period, unless in the case of an Interest Period ending on the Redemption Date, the Redemption Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a month comprising 30 days);

"Interest Amount" means, in respect of each Interest Period and each Security, an amount calculated by the Calculation Agent as follows:

Notional Amount per Security x Interest Rate x Interest Rate Day Count Fraction;

"Interest Commencement Date" means the Issue Date or such other date as may be specified in the applicable Final Terms;

"Interest Payment Date" means each date specified as such in the applicable Final Terms;

"Interest Period" means the period commencing on (and including) the Interest Commencement Date to (but excluding) the first Interest Payment Date and each period commencing on (and including) an Interest Payment Date to (but excluding) the next following Interest Payment Date;

"Interest Rate" means the rate specified as such in the applicable Final Terms;

"Interest Rate Day Count Fraction" has the meaning given in the relevant Final Terms; and

"Notional Amount per Security" means the amount specified as such in the applicable Final Terms.

7.2 Interest Amount

If so specified in the applicable Final Terms and subject as provided in these Conditions, each Security pays interest from and including the Issue Date at the Interest Rate payable in arrears on each Interest Payment Date. The amount payable in respect of each Security on each Interest Payment Date will be the Interest Amount for the Interest Period ending on (but excluding) such Interest Payment Date.

If an Interest Amount is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated on the basis of the number of days from and including the most recent Interest Payment Date (or, if none, the Issue Date) to but excluding the relevant payment date and the Interest Rate Day Count Fraction specified in the applicable Final Terms

7.3 Accrual of Interest

Each Security will cease to accrue interest from and including the Redemption Date unless payment of the Cash Settlement Amount and/or delivery of any Physical Settlement Amount due on redemption is improperly withheld or refused by the Issuer in which case interest shall continue to accrue from the Redemption Date until such payment or delivery is made, as the case may be. For the avoidance of doubt, no interest on the Securities shall accrue beyond the Redemption Date in the event that delivery of any Physical Settlement Amount is postponed due to the occurrence of a Physical Settlement Disruption Event or otherwise as provided for in these Conditions or the applicable Final Terms.

8. OPTIONAL EARLY REDEMPTION

This Condition 8 shall apply to Open-ended Securities only.

8.1 Optional Early Redemption

If this Condition 8 is specified in the relevant Final Terms as being applicable, then the relevant Issuer may, upon the expiry of the appropriate notice and subject to such conditions as may be specified in the relevant Final Terms, redeem all (but not some only) of the Securities of the relevant Series.

8.2 Notice of Optional Early Redemption

The appropriate notice referred to in Condition 8.1 is a notice given by the relevant Issuer to the Calculation Agent, the Relevant Programme Agent and the Holders of the Securities of the relevant Series (in accordance with Condition 14), which notice shall specify:

- (a) the title of the Series of Securities subject to redemption; and
- (b) the due date for such redemption (the "**Optional Early Redemption Date**"), which shall be a Business Day which is not less than thirty days, or such other number of days as may be specified in the relevant Final Terms, after the date on which such notice is validly given in accordance with Condition 14.

Any such notice shall be irrevocable, and the delivery thereof shall oblige the Issuer to make the redemption therein specified.

9. TERMINATION BY THE ISSUERS

9.1 Termination Events

Each of the Issuers shall have the right to terminate its obligations under the Securities, by giving notice to the Holders, the Relevant Programme Agent(s) and the Calculation Agent, if it determines in its sole and absolute discretion in good faith that its performance thereunder has become unlawful or impractical in whole or in part as a result of (i) any change in national or international financial, political or economic conditions or currency exchange rates, or (ii) compliance in good faith by the relevant Issuer with any Applicable Law (the circumstances referred to in (i) and (ii) hereafter referred to as "**Termination Events**").

9.2 Additional Termination Events

Each of the Issuers shall have the right to terminate its respective obligations under the Securities, by giving notice to the relevant Holders, the Relevant Programme Agent(s) and the Calculation Agent, if it determines in its sole and absolute discretion in good faith that (i) any Nationalisation, Insolvency or Merger Event has resulted in Cancellation and Payment, (ii) any other circumstances set out in the relevant Final Terms have occurred, or (iii) any action has been taken by a taxing authority, or brought in a court of competent jurisdiction, or a Change in Tax Law has occurred, or (iv) any event occurs which causes or is reasonably likely to cause any Expenses to arise (by whomsoever payable) or (v) there is insufficient liquidity in the market for the Reference Asset to permit the Hedging Entity to enter into hedging transactions relating to the Reference Assets in order to hedge such Issuer's obligations under the Securities in an acceptable or a commercially satisfactory manner (the circumstances referred to in (i), (ii), (iii), (iv) or (v) hereafter referred to as "**Additional Termination Events**").

9.3 Payments upon Termination Events and Additional Termination Events

If a Termination Event or Additional Termination Event occurs, the relevant Issuer will cause to be paid to each Holder in respect of each relevant Security held by it an amount determined by the Calculation Agent in its sole and absolute discretion as representing the fair market value of such Security immediately prior to such termination (ignoring, in the case of a Termination Event, such illegality or impracticality) or an amount otherwise determined by the Calculation Agent in its sole and absolute discretion as specified in the relevant Final Terms. Payment will be made through the Relevant Settlement System and shall be notified to the Holders in accordance with the procedure set out in Condition 14. Such amount will be payable by the relevant Issuer to the Holder net of any Expenses that arise on termination whether or not required by any Applicable Law to be deducted or withheld from the payment.

10. PRESCRIPTION

Claims against either of the Issuers or, as the case may be, the Guarantor(s) for payment of any amount in respect of the Securities shall be prescribed and become void unless made within five years from the Settlement Date and no claims shall be made after such date.

11. PURCHASE

The Issuers, the Guarantors or any of their respective affiliates may at any time purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held or resold or surrendered for cancellation.

12. AGENTS, AMENDMENTS, CALCULATION AGENT AND CALCULATIONS

12.1 Changes in Agents

The Issuers reserve the right at any time (and in relation to all Securities or, as the case may be, the Securities of a given Series or Tranche) to vary or terminate the appointment of the Programme Agents, the Registrar and the Calculation Agent and to appoint other or additional Programme Agents, Registrar and/or Calculation Agents, provided that in relation to Securities listed on the official list of the FSA and admitted to trading on the London Stock Exchange's regulated market for listed securities (or any other stock exchange), there will always be a Programme Agent with a specified office in London (or in such other place as is required by such other stock exchange), so long as such Securities are so listed, and provided that (in relation to all Securities) there will always be a Programme Agent, and a Calculation Agent (and in relation to Securities held in Euroclear France, a French Programme Agent and in relation to Securities held in CREST a Registrar). Notice of any variation or termination of appointment and of any changes in the specified office of any Programme Agent, Registrar and Calculation Agent will be given to the Holders in accordance with the procedures set out in Condition 14. In acting under the Programme Agreement, the Programme Agents, the Registrar and the Calculation Agent are acting solely as agents of the Issuers and do not assume any obligations or duty to, or any relationship of agency or trust for or with, the Holders.

12.2 Amendments

The Programme Agreement may be amended by the parties thereto, without the consent of the Holders if, in the sole opinion of the Issuers and the Guarantors, the amendment will not materially and adversely affect the interests of the Holders. If it shall come to the attention of the Issuers that the terms of the Securities contain an error or omission such that they do not represent the intended terms of the Securities on the basis of which the Securities were sold and have since traded, the relevant Issuer may execute and deliver to the relevant Holders a correction notice (in accordance with the procedures set out in Condition 14) setting out the error or omission and the manner in which it is to become corrected. Upon receipt of such notice by the Holders, such correction shall be deemed to have been effective for all purposes from the issue date of the Securities and will be binding on all Holders.

12.3 Calculation Agent

All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its sole and absolute discretion, may decide.

12.4 Calculations

The Calculation Agent shall have no responsibility for errors or omissions in any calculations and determinations made hereunder, whether caused by negligence or otherwise and all such calculations and determinations shall (save in the case of manifest error) be final and binding on the Issuers, the Guarantors, the Programme Agents and the Holders.

13. FURTHER ISSUES

The Issuers shall be at liberty from time to time without the consent of the Holders to create and issue further Securities of any Series or Tranche so as to form a single series with the Securities of that Series or Tranche.

14. NOTICES

- 14.1 Except in the case set out in Condition 14.3, all notices to Holders will be valid, if published in one daily newspaper of general circulation in the United Kingdom (expected to be the Financial Times) (or such other publication required by such stock exchange). Any such notice shall be deemed to have been given on the date of such publication or, if so published more than once or on different dates, on the date of the first such publication.
- 14.2 In the case of a Series of Securities admitted to the official list of the FSA and to trading on the London Stock Exchange's regulated market for listed securities (or any other stock exchange) all notices to Holders will be valid if published in accordance with Condition 14.1 above.
- 14.3 In the case of a Series of Securities admitted to the regulated market of Euronext Paris S.A., all notices to Holders will be valid if published, in a leading daily financial newspaper having general circulation in Paris (which is expected to be *La Tribune* or *Les Echos*) or, if such newspapers shall cease to be published or timely publication in them shall not be practicable, in such other financial daily newspaper having general circulation in Paris so long as the Securities are listed on Euronext Paris S.A. and the rules applicable to that stock exchange so require. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first such publication.

15. ADJUSTMENTS AFFECTING REFERENCE ASSETS LISTED, QUOTED OR COMPILED ON A STOCK EXCHANGE

The relevant Final Terms may include additional adjustment provisions relating to Reference Assets listed, quoted or compiled on any stock exchange and conferring authority upon the relevant Issuer to switch or substitute any adjustment provisions applicable to the Reference Assets in these Conditions with the adjustment provisions provided in the relevant Final Terms.

16. TAXATION

Neither the Issuers nor the Guarantors will be liable for or otherwise obliged to pay (and the Holder will be liable for) any Expenses which may arise as a result of the ownership, transfer or exercise, or termination by the relevant Issuer of its obligations under any Securities.

17. GOVERNING LAW

The Securities and the Programme Agreement shall be governed by and construed in accordance with English law.

18. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have the right to enforce any term or condition of the Securities under the Contracts (Rights of Third Parties) Act 1999.

19. MARKET DISRUPTION EVENTS

19.1 Market Disruption Event in Respect of an Index, Share or Commodity.

If there is a Market Disruption Event in respect of any relevant Index, Share or Commodity (as defined in the relevant Final Terms) on a Valuation Date:

- (a) in the case of Securities on a single Index or Commodity, or Securities on a single Share, the Valuation Date shall be the first succeeding Valuation Business Day on

which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, (i) that eighth Valuation Business Day shall be deemed to be the Valuation Date, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine:

- (i) in respect of Securities on a single Index, the level of the Index as of the Valuation Time on that eighth Valuation Business Day determined in accordance with the formula for and method of calculating the Index last in effect prior to the commencement of the Market Disruption Event using the Exchange traded price (or, if trading in the relevant security has been materially suspended or materially limited, its good faith estimate of the Exchange traded price that would have prevailed but for that suspension or limitation) as of the Valuation Time on that eighth Valuation Business Day of each security comprised in the Index; and
 - (ii) in respect of Securities on a single Share or Commodity, its good faith estimate of the Exchange traded price for the Share or Commodity that would have prevailed but for that Market Disruption Event as of the Valuation Time on that eighth Valuation Business Day;
- (b) in the case of Securities on a Basket of Indices, the Valuation Date for each Index not affected by a Market Disruption Event shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by a Market Disruption Event shall be the first succeeding Valuation Business Day on which there is no Market Disruption Event relating to that Index, unless there is a Market Disruption Event relating to that Index on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, (i) that eighth Valuation Business Day shall be deemed to be the Valuation Date for the relevant Index notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of that Index, as of the Valuation Time on that eighth Valuation Business Day in accordance with the formula for and method of calculating that Index last in effect prior to the commencement of the Market Disruption Event using the Exchange traded price (or, if trading in the relevant security has been materially suspended or materially limited, its good faith estimate of the Exchange traded price that would have prevailed but for that suspension or limitation) as of the Valuation Time on that eighth Valuation Business Day of each security comprised in that Index; and
- (c) in the case of Securities on a Basket of Shares or Commodities, the Valuation Date for each Share or Commodity not affected by a Market Disruption Event shall be the Scheduled Valuation Date and the Valuation Date for each Share or Commodity affected by a Market Disruption Event shall be the first succeeding Valuation Business Day on which there is no Market Disruption Event relating to that Share or Commodity, unless there is a Market Disruption Event relating to that Share or Commodity on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, (i) that eighth Valuation Business Day shall be deemed to be the Valuation Date for the relevant Share notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine its good faith estimate of the Exchange traded price for that Share or Commodity that would have prevailed but for that Market Disruption Event as of that eighth Valuation Business Day.

19.2 Market Disruption Event in respect of a Foreign Exchange Rate.

If there is a Market Disruption Event in respect of any relevant Foreign Exchange Rate on a Valuation Date, the Valuation Date shall be the first succeeding Valuation Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, the Calculation Agent may re-base the Securities on Foreign Exchange Rates against another foreign exchange rate determined by the Calculation Agent, in its sole and absolute discretion, to be a comparable foreign exchange rate.

If the Calculation Agent determines in its sole and absolute discretion that there is not such a comparable foreign exchange rate, the relevant Issuer may elect to terminate the Securities by giving notice to the Holders in accordance with Condition 14 of such situation and the fair market value, as determined by the Calculation Agent in its sole and absolute discretion, of such Securities shall be payable on the date specified in such notice.

20. MARKET DISRUPTION EVENTS IN RESPECT OF FUND SECURITIES

20.1 Market Disruption in respect of Fund Securities on a Single Fund Interest

If, in respect of any Fund Security on a single Fund Interest, there is a Market Disruption Event in respect of the relevant Fund Interest, the Valuation Date shall be the first succeeding Valuation Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, (i) that eighth Valuation Business Day shall be deemed to be the Valuation Date, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine, in good faith and in a commercially reasonable manner, its estimate of the price for the relevant Fund Interest that would have prevailed but for that Market Disruption Event as of the Valuation Time on that eighth Valuation Business Day.

20.2 Market Disruption in respect of Fund Securities on a Basket of Fund Interests

If, in respect of any Fund Security on a basket of Fund Interests, there is a Market Disruption Event in respect of any of the Fund Interests included in the Basket, the Valuation Date for each Fund Interest not affected by a Market Disruption Event shall be the Scheduled Valuation Date and the Valuation Date for each Fund Interest affected by a Market Disruption Event shall be the first succeeding Valuation Business Day on which there is no Market Disruption Event relating to that Fund Interest, unless there is a Market Disruption Event relating to that Fund Interest on each of the eight Valuation Business Days immediately following the Scheduled Valuation Date. In that case, (i) that eighth Valuation Business Day shall be deemed to be the Valuation Date for the relevant Fund Interest notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine, in good faith and in a commercially reasonable manner, its estimate of the price for the relevant Fund Interest that would have prevailed but for that Market Disruption Event as of the Valuation Time on that eighth Valuation Business Day.

21. PAYMENT DISRUPTION EVENTS AND PAYMENT EVENT CUT-OFF DATE

21.1 Payment Disruption Event

If the Calculation Agent shall, at any time and from time to time, determine that an event beyond the control of the Hedging Entity (a "**Payment Disruption Event**") has occurred or will occur as a result of which the Hedging Entity is not able or would not be able to sell or

otherwise realise all or any part of the Reference Assets held by the Hedging Entity to hedge the relevant Issuer's obligations in respect of the Securities prior to or on any date on which payments in respect of such Securities shall fall due, then the Calculation Agent shall as soon as practicable notify the Holders of the relevant Securities of the occurrence of a Payment Disruption Event in accordance with Condition 22 whereupon the provisions of Condition 21.2 shall become applicable.

Without prejudice to the generality of the foregoing, each of the following events shall constitute a Payment Disruption Event:

- (i) the delivery of any further units, arising on the occurrence of a Potential Adjustment Event;
- (ii) the occurrence of an FX Disruption Event;
- (iii) the occurrence of an Objection to Registration Event;
- (iv) the application is pending with the relevant Issuer of the Reference Assets for the registration of the transfers of the Reference Assets to or from the Hedging Entity;
- (v) an application is pending for the dematerialisation of the Reference Assets; or
- (vi) any law or regulation is imposed which affects the Hedging Entity's status as a holder of the Reference Assets.

21.2 Consequences of Payment Disruption Event

Upon the occurrence of a Payment Disruption Event:

- 21.2.1 the Exercise Date, the Settlement Date or any other date on which the Securities may be exercised or on which any amount shall be due and payable in respect of the relevant Securities shall, subject to Condition 21.3, be extended to a date falling 14 calendar days (or such other date as may be determined in its sole and absolute discretion by the Calculation Agent and notified to the Holders in accordance with Condition 22) after the date on which the Payment Disruption Event ceases to exist, if relevant, and on which the Hedging Entity is able to, or would be able to, sell or otherwise realise all of the Reference Assets held by the Hedging Entity to hedge the relevant Issuer's obligations in respect of the relevant Securities and notice thereof shall be given to the relevant Holders in accordance with Condition 22;
- 21.2.2 the relevant Issuer's obligation to pay the Settlement Amount or any such other amounts in respect of the relevant Securities, subject to Condition 21.3, shall be postponed until 14 calendar days (or such other date as may be determined in its sole and absolute discretion by the Calculation Agent and notified to the Holders in accordance with Condition 22) after the date on which the Payment Disruption Event ceases to exist, if relevant, or, if later, the date on which the Hedging Entity is able to, or would be able to, sell or otherwise realise all of the Reference Assets held by the Hedging Entity to hedge such Issuer's obligation in respect of the relevant Securities. Notwithstanding the foregoing, if the Hedging Entity is able to sell or otherwise realise a part but not all of the Reference Assets held by the Hedging Entity to hedge the relevant Issuer's obligation in respect of the relevant Securities, such Issuer may, in its sole and absolute discretion, satisfy in part its obligation to pay the amounts as may be due and payable under the relevant Securities by making a partial

payment(s) based upon the relevant amount of the Reference Assets that the Hedging Entity has been able to sell or otherwise realise (the "**Partial Proceeds**") in respect of the relevant Securities (the "**Partial Payments**"). Any Partial Payments paid by the relevant Issuer to the Holders will be calculated by the Calculation Agent in its sole and absolute discretion and shall be paid to the Holders pro rata to the proportion of the aggregate outstanding principal amount of the Securities held by the relevant Holder. In the event that any Partial Payment is made by such Issuer, the Calculation Agent may, in its sole and absolute discretion, make any such corresponding adjustment to any variable relevant to the settlement or payment terms of the relevant Securities as it deems necessary and shall notify the relevant Holders thereof in accordance with Condition 22; and

- 21.2.3 for the avoidance of doubt and notwithstanding any provisions to the contrary, (i) any such payments made in accordance with this Condition shall be made after deduction of any Expenses incurred or to be incurred by the Calculation Agent or the relevant Issuer in connection with or arising from the resolution of the relevant Payment Disruption Event(s) (including, without limitation, any additional custodial fees); and (ii) no accrued interest shall be paid by the relevant Issuer in respect of any delay which may occur in the payment of any amounts due and payable under the Securities as a result of the operation of this Condition 21.

21.3 Payment Event Cut-Off Date

If a Payment Disruption Event still exists on the Payment Event Cut-Off Date and there remain Reference Assets held by the Hedging Entity to hedge the relevant Issuer's obligations in respect of the Securities which have not been sold or otherwise realised before such Payment Event Cut-Off Date, then the Exercise Date, the Settlement Date or any other date on which any amount in relation to any of the Securities shall be due and payable for the relevant Securities shall fall on the Payment Event Cut-Off Date and the value of the remaining Reference Assets held by the Hedging Entity which are still subject to the Payment Disruption Event or have not been sold or realised by the Hedging Entity shall be deemed to be zero. Thereafter, such Issuer shall have no obligations whatsoever under the relevant Securities.

22. NOTICE OF MARKET DISRUPTION EVENT AND PAYMENT DISRUPTION EVENT

22.1 Market Disruption Event

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders of the existence of a Market Disruption Event on any Scheduled Valuation Date.

22.2 Payment Disruption Event

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders of the existence of a Payment Disruption Event on any day that but for the occurrence or existence of a Payment Disruption Event would have been a Settlement Date.

23. ADJUSTMENTS TO INDEX FOR SECURITIES ON A SINGLE INDEX AND SECURITIES ON A BASKET OF INDICES

23.1 Adjustments to Index

- 23.1.1 If, in respect of Securities on a single Index or Securities on a Basket of Indices, a relevant Index is (i) not calculated and announced by the Sponsor (as defined in the

relevant Final Terms) but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then that Index will be deemed to be the Index so calculated and announced by that successor sponsor or that successor index, as the case may be.

- 23.1.2 If (i) on or prior to any Valuation Date in respect of Securities on a single Index or Securities on a Basket of Indices, a relevant Index Sponsor makes a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation and other routine events) or (ii) on any Valuation Date in respect of Securities on a single Index or Securities on a Basket of Indices, the sponsor fails to calculate and announce a relevant Index (including any successor index), then the Calculation Agent shall calculate the relevant Settlement Amount using, in lieu of a published level for that Index, the level for that Index as at that Valuation Date as determined by the Calculation Agent in its sole and absolute discretion in accordance with the formula for and method of calculating that Index last in effect prior to that change or failure, but using only those securities that comprised that Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on any relevant Exchange).

23.2 Cessation of Index

- 23.2.1 If the Calculation Agent determines, in its sole and absolute discretion, that it is not reasonably practicable (taking into account the costs involved) to calculate or continue to calculate the Index on the basis of Condition 23.1.2 above, the Calculation Agent may re-base the Securities on a single Index or Basket of Indices against another index determined by the Calculation Agent, in its sole and absolute discretion, to be a comparable index.
- 23.2.2 If the Calculation Agent determines in its sole and absolute discretion that there is not such a comparable index, the relevant Issuer may elect to terminate the Securities by giving notice to the Holders in accordance with Condition 14 of such situation and the fair market value, as determined by the Calculation Agent in its sole and absolute discretion, of such Securities and the fair market value so determined to be payable in respect of a Security shall be payable on the date specified in such notice.

24. ADJUSTMENTS AFFECTING SECURITIES ON A SINGLE SHARE AND SECURITIES ON A BASKET OF SHARES

24.1 Adjustments to Shares

- 24.1.1 If a company which has issued a Share (the "**Company**") (i) increases its share capital by issuing to its shareholders direct or indirect subscription rights for new Shares in consideration for cash ("**Capital Increase for Cash**"), (ii) increases its share capital with internal funds ("**Capital Increase with Internal Funds**") or (iii) grants its shareholders direct or indirect rights to subscribe to notes or other Securities with option or conversion rights ("**Issue of Securities with Option or Conversion Rights**") and the Ex-Date (as defined below) falls within the period from the Issue

Date of the Securities (inclusive) to the Exercise Date, the Strike Price and, if applicable, the Multiplier, shall be adjusted in accordance with Conditions 24.1.2 to 24.1.4 with effect from that Ex-Date (inclusive). The Ex-Date means the first trading day that the Shares are quoted "ex rights" or "ex bonus issue" on the Exchange (the "**Ex-Date**").

- 24.1.2 In the event of a Capital Increase for Cash the Strike Price shall be multiplied by the value determined in accordance with the following formula:

$$\frac{No}{Nn} \times 1 - \frac{(1Pn + D)}{Cpo} + \frac{(1Pn + D)}{Cpo}$$

and subsequently rounded to two decimal places in accordance with commercial practice, if necessary. The Multiplier, if applicable, shall be divided by the resultant value and then, if necessary, rounded to four decimal places in accordance with commercial practice, where:

- (a) "**No**" means the number of Shares before the capital increase,
- (b) "**Nn**" means the number of Shares after the capital increase,
- (c) "**Ip_n**" means the issue price of the new Shares,
- (d) "**D**" the adverse effect of the dividends of the new Shares (not discounted), as estimated by the Issuer at its reasonable discretion,
- (e) "**Cpo**" the Reference Price of the Shares on the Exchange on the Valuation Business Day immediately preceding the Ex-Date.

- 24.1.3 In the event of a Capital Increase with Internal Funds, the Strike Price shall be multiplied by the result of the following formula:

$$\frac{No}{Nn}$$

and subsequently rounded to two decimal places in accordance with commercial practice, if necessary. The Multiplier, if applicable, shall be divided by the resultant value and then, if necessary, rounded to four decimal places in accordance with commercial practice. "No" and "Nn" shall have the same meanings as in Condition 24.1.2 above.

- 24.1.4 In the event of an Issue of Securities with Option or Conversion Rights, the Strike Price shall be divided by the result of the formula:

$$\frac{Cpo}{Cpo - BR}$$

and subsequently rounded to two decimal places in accordance with commercial practice, if necessary. The Multiplier, if applicable, shall be multiplied by the resultant value and then, if necessary, rounded to four decimal places in accordance with commercial practice, where:

- (a) "CPo" means the Reference Price of the Shares on the Exchange immediately preceding the Ex-Date,
- (b) "BR" means the value determined by the Calculation Agent, in its reasonable discretion as the theoretical value of the subscription rights in respect of the Securities to be issued, on the last Valuation Business Day preceding the Ex-Date.

24.1.5 In the event of a share split (increase in the number of Shares without a change in share capital) and in the event of a reduction of capital by combining Shares or through the redemption of Shares, Condition 24.1.3 shall apply *mutatis mutandis*. In the event of a capital reduction through reduction of the nominal value of the Shares, the Strike Price and, if applicable, the Multiplier, shall remain unchanged.

24.1.6 If the Company hives off a division, unit or other part of its business or undertaking in such a manner that:

- (a) a new independent company is created or a division is transferred to another company;
- (b) the shareholders receive shares for no consideration either in the new company or in the company to which the division was transferred;
- (c) it is possible for a stock exchange price to be determined for the shares granted to the shareholders, and
- (d) the Ex-Date falls either on or before the Valuation Date,

each Share in the Company shall be replaced by a basket (the "**Replacement Basket**"), which shall be composed of one Share and the number of replacement or additional shares that have been granted to the shareholders for every such Share in the Company (the "**Replacement Basket Shares**"). If an adjustment event of the type specified in Conditions 24.1.2 to 24.1.6 above occurs with respect to one of the Replacement Basket Shares, the number of Replacement Basket Shares in the Basket shall be adjusted in accordance with this provision 24.1.6, *mutatis mutandis*, provided however, that the Strike Price and, if applicable, the Multiplier in respect of the Shares shall remain unchanged. If the Company hives off a division as described above in 24.1.6(a) and 24.1.6(b), without, however, it being possible to determine a market price for the shares granted to the shareholders in accordance with 24.1.6(c) above, the Calculation Agent may, at its reasonable discretion make an appropriate adjustment. This provision shall also apply to any instances where the Company's shareholders receive, in addition to the shares in the new company or the transferee company, cash consideration or any other consideration in the form of other assets.

24.1.7 Subject to paragraph 24.1.8 below, the Strike Price and, if applicable, the Multiplier shall remain unchanged as the result of the payment of dividends or other cash distributions.

24.1.8 If the dividends or other cash distributions are, in the reasonable opinion of the Calculation Agent, exceptionally high, the Calculation Agent shall, in its reasonable discretion, determine whether, and if so how, an adjustment should be made.

24.1.9 In the event of the definitive delisting of any Shares on the Exchange (i) as a result of a merger by incorporation or formation a new company or (ii) for any other reason, there shall be an adjustment in accordance with the following provisions, provided that the Issuer has not terminated the Securities early in accordance with Condition 9:

- (a) In the event of the definitive delisting as a result of a merger, the adjustment shall consist of the affected Shares being replaced by an appropriate number of shares or other rights in the merged or newly formed company in accordance with the share exchange ratio applicable to the merger (or, if the Company's shareholders receive cash consideration and/or consideration in the form of other assets, by that cash consideration and/or the relevant other assets), and the Strike Price and, if applicable, the Multiplier shall be adjusted.
- (b) Subject to 24.1.9(c) below, in the event of the definitive delisting of Shares on the Exchange for any other reason and listing or new listing on another exchange, the Issuer shall have the right to determine the other exchange as the new exchange (the "**Replacement Exchange**") by notice in accordance with Condition 14.
- (c) In the event of a definitive delisting of the Shares on the Exchange, for which, however, there is an existing listing on another exchange, the Issuer shall have the right to determine the other exchange as the Replacement Exchange by notice in accordance with Condition 14, provided that the issuer has not effected early termination of the Securities in accordance with Condition 9.

In the event of any replacement in accordance with Condition 24.1.9(b) or 24.1.9(c) above, all of the references to the Exchange in the Conditions shall be deemed thereafter to be references to the Replacement Exchange.

If the relevant currency of any Replacement Exchange is not the same as that of the Exchange, the Calculation Agent shall make such adjustments to the Strike Price and the Settlement Amount as it may determine in its reasonable discretion.

Any adjustments in accordance with this Condition 24.1.9 shall be notified to Holders in accordance with Condition 14, no later than one month following the definitive delisting of the Shares on the Exchange.

24.1.10 In the event that: (i) the Company enters into a control or profit transfer agreement with consideration paid to the Company's shareholders in the form of shares in the controlling company, or (ii) the Company's minority shareholders, in consideration for shares of the majority shareholder in the Company or in any other company, are excluded from the Company (in accordance with all applicable laws), the Calculation Agent shall have the right to make adjustments in accordance with the following provisions to the extent that it has not effected the early termination of the Securities in accordance with Condition 9. In the event of any such adjustment, the Shares shall be replaced by an appropriate number of shares or other rights in the company that constitutes the controlling or majority shareholder in accordance with the pay-out ratio (or, if the company's shareholders receive cash consideration and/or consideration in the form of other assets, by that cash consideration and/or the relevant other assets), and the Strike Price of the respective Share and, if applicable, the Multiplier shall be

adjusted. Such amendments and adjustments shall be subject to the provisions of Condition 24.1.9.

24.1.11 Notwithstanding the foregoing provisions of this Condition 24.1, but subject always to Condition 24.1.9, if during the period from, and including, the Issue Date of the Securities to, and including, the Exercise Date:

- (a) steps are taken either by the Company or a third party with respect to either the share capital or the assets of the Company (e.g. Capital Increase for Cash by way of issuance of new Shares, Capital Increase with Internal Funds, Issue of Securities with Option or Conversion Rights, reduction of the notional amount of Shares, share split, distribution of special dividends) or the Company is delisted on the Exchange, or the Company is restructured (e.g. merger, hive-off); and
- (b) as a result of such action, any exchange on which any options contracts or futures contracts on the Shares are traded (the "**Futures Exchange**") adjusts the exercise price or the contract size of option or futures contracts on the Company's Shares (the "**Contracts**") or the Contracts are modified in any other way (e.g. the Contracts are linked to a Basket of shares or to a Basket consisting of shares and cash),

the Strike Price and, if applicable, the Multiplier and/or the Reference Assets shall be adjusted accordingly. The adjusted Strike Price shall be rounded to two decimal places and any adjusted Multiplier rounded to four decimal places and the number of shares in any Basket of shares to be created shall be rounded to six decimal places in accordance with commercial practice. If under the rules of the Futures Exchange no Adjustments to the Contracts may be made as a result of these events, the Strike Price and, if applicable, the Multiplier and the Reference Assets shall remain unchanged. In the event that the contracts on the Shares are definitively de-listed on the Futures Exchange and subsequently listed on any other exchange, the Issuer shall have the right, but not the obligation, to make the adjustment in accordance with the rules of that other exchange (the "**Replacement Futures Exchange**").

24.1.12 The foregoing provisions of this Condition 24 shall accordingly apply to any other event that may have, in the sole and absolute opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

24.1.13 If the Calculation Agent determines that in accordance with any applicable legislation or market practice applicable to the respective Company the adjustments to any affected Shares shall deviate from those measures stipulated in Conditions 24.1.1 to 24.1.12 above, the Calculation Agent shall have the right, but not the obligation, to make adjustments in accordance with such legislation or practices. The Calculation Agent shall, furthermore, in such circumstances, have the right, but not the obligation, to make the adjustment in accordance with other such other rules, methods and procedures as it may determine in its sole discretion, in order to maintain the value of the Securities at the same level as that prevailing before the occurrence of the event responsible for such adjustment.

24.1.14 All adjustments in accordance with the above paragraphs shall be made by the Calculation Agent and shall (in the absence of manifest error) be final and binding on

all parties, and the Calculation Agent shall have no responsibility to any person for any good faith errors or omissions in any determination or calculation.

24.2 Nationalisation or Insolvency

24.2.1 The following terms have the meanings given below:

- (a) "**Nationalisation**" of Shares means that all the Shares or all the assets or substantially all the assets of an issuer of Shares are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity; and
- (b) "**Insolvency**" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting an issuer of Shares, (A) all the Shares of that issuer are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares of that issuer become legally prohibited from transferring them.

24.2.2 The Calculation Agent shall, upon becoming aware of the occurrence of a Nationalisation or Insolvency affecting Shares to which a Security relates (an "**Affected Security**"), notify the Holder as soon as reasonably practicable under the circumstances of such event.

24.2.3 In respect of Securities on a single Share, upon a Nationalisation or an Insolvency, the Affected Securities will be cancelled on a date as notified by the Calculation Agent to the Holder, the French Programme Agent and the CREST Programme Agent and the relevant Issuer will pay to the Holder the amount specified in Condition 9.3.

24.2.4 In respect of Securities on a Basket of Shares, upon a Nationalisation or an Insolvency, the relevant Issuer may, in its sole and absolute discretion, either:

- (a) cancel the Affected Security on a date as notified by the Calculation Agent to the Holder, the French Programme Agent and the CREST Programme Agent, in which event such Issuer shall pay to the Holder the amount specified in Condition 9.3; or
- (b) elect not to cancel the Affected Security, in which event, on a day as notified by the Calculation Agent to the Holder, the French Programme Agent and the CREST Programme Agent:
 - (i) such Issuer shall pay to the Holder the amount of the fair market value as determined by the Calculation Agent in its sole and absolute discretion of the Affected Security, insofar as such Affected Security relates to the Shares affected by the Nationalisation or Insolvency (the "**Affected Shares**") (but not further or otherwise), or an amount determined by the Calculation Agent in its sole and absolute discretion as specified in the relevant Final Terms, and such amount so determined to be payable in respect of such Affected Security shall be payable on the date specified in such notice; and
 - (ii) the Calculation Agent shall make such adjustment to the exercise, settlement, payment or other variation to the terms of the Affected Security as it, taking into account the removal of the Affected Share from

the Basket by virtue of the partial cancellation and payment effected under (i) above, in its sole and absolute discretion, considers appropriate.

25. ADJUSTMENTS AFFECTING SECURITIES ON INTEREST RATES

The relevant Interest Rate shall be defined in accordance with the relevant Final Terms. If, on or prior to any Valuation Date, the Calculation Agent is unable to obtain the relevant Interest Rate, the Calculation Agent may re-base the Securities on Interest Rates against another interest rate determined by the Calculation Agent, in its sole and absolute discretion, to be a comparable interest rate.

If the Calculation Agent determines in its sole and absolute discretion that there is not such a comparable interest rate, the relevant Issuer may elect to terminate the Securities by giving notice to the Holders in accordance with Condition 14 of such situation and the fair market value, as determined by the Calculation Agent in its sole and absolute discretion, of such Securities on Interest Rates shall be payable on the date specified in such notice.

26. ADJUSTMENTS AFFECTING SECURITIES RELATED TO DEPOSITARY RECEIPTS OR DEPOSITARY SHARES

This Condition 26 shall apply to Securities ("**Depository Securities**") for which all or any of the Reference Assets are depositary receipts or depositary shares ("**Reference Asset Depository Instruments**") evidencing or representing shares or other securities ("**Related Securities**").

If any action is taken in accordance with the terms of the deposit agreement constituting a Reference Asset Depository Instrument which has had a dilutive or concentrative effect on the theoretical value of such Reference Asset Depository Instrument or otherwise affects or would affect the rights and entitlements of holders of such Reference Asset Depository Instrument under or in respect of such Reference Asset Depository Instrument, including (without limitation) the payment to holders of such Reference Asset Depository Instrument of any amount other than in respect of dividends ordinarily payable under Related Securities, the Calculation Agent (i) shall make such adjustment(s) to the exercise, settlement or payment terms of the Depository Securities which relate to such Reference Asset Depository Instrument as the Calculation Agent determines in its sole and absolute discretion appropriate to account for the effect of such action and (ii) shall determine the effective date(s) of such adjustment(s).

27. ADJUSTMENTS AFFECTING SECURITIES RELATED TO COLLECTIVE INVESTMENT SCHEMES

This Condition 27 shall apply to Fund Securities.

27.1 Potential Adjustment Events

In respect of any Fund (as defined in the relevant Final Terms) or any Replacement Fund (as applicable), the Calculation Agent shall determine whether or not at any time a Potential Adjustment Event (as defined below) has occurred in respect of the Fund or any Replacement Fund (as applicable) and, where it determines that such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Fund or any Replacement Fund (as applicable) and, if so, will make the corresponding adjustment as it reasonably determines to be appropriate, if any, to any amount that is payable in respect of the Securities and/or any other adjustment and, in any case, any other variable relevant to the payment terms of the Securities as the Calculation Agent

reasonably determines to be appropriate to account for that diluting or concentrative effect and will determine the effective date(s) of such adjustment(s).

Upon making any such adjustment(s) set out in this Condition 27, the Calculation Agent shall give notice as soon as reasonably practicable to the Holders of the relevant Securities, giving details of the Potential Adjustment Event concerning the Fund or Replacement Fund (as applicable), whether the Potential Adjustment Event has had a diluting or concentrative effect on the theoretical value of the Fund or Replacement Fund (as applicable) and what corresponding adjustments (if any) the Calculation Agent has made concerning any amount that is payable in respect of the Securities, any variable relevant to the payment terms of the Securities and/or any other relevant terms of the Securities.

For the purposes hereof:

"Potential Adjustment Event" means:

- (a) a subdivision, consolidation or reclassification of units or shares (as the case may be) of the Fund or any Replacement Fund (as applicable) (unless a Merger Event) or a free distribution or dividend of any such units or shares (as the case may be) to existing holders by way of bonus, capitalisation or similar issue; or
- (b) a distribution or dividend to existing holders of the units or shares (as the case may be) of the Fund or any Replacement Fund (as applicable) of (i) such units or shares (as the case may be) or (ii) other units or shares (as the case may be) or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Fund or any Replacement Fund (as applicable) equally or proportionately with such payments to holders of such units or shares (as the case may be) of the Fund or Replacement Fund (as applicable) or (iii) any other type of units or shares (as the case may be), securities, rights or warrants or other assets, in any case for payment (cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent; or

Save that, if, in respect of (a) to (f) inclusive above, an event occurs that constitutes both a Potential Adjustment Event and a Lock-In Event (as defined below) such event shall constitute a Lock-In Event and not a Potential Adjustment Event.

27.2 Substitution by Fund and Substitution by Index

Following the occurrence (as determined by the Calculation Agent) of any Merger Event, Lock-In Event or Insolvency (each as defined below) in respect of the Fund (the **"Affected Fund"**) in

relation to which, or the units or shares (as the case may be) of which, a Merger Event, Lock-In Event or Insolvency has occurred, the Calculation Agent shall notify the Issuer, the French Programme Agent and the CREST Programme Agent who shall promptly notify the Holders, and the Calculation Agent may, (a) designate a date, as of which an appropriate alternative investment fund (the "**Replacement Fund**") managed by the same Management Company as the Management Company of the Affected Fund selected by the Calculation Agent (the units or shares (as the case may be) of which Replacement Fund shall be denominated in such currency as the Calculation Agent may select) shall replace the Affected Fund for the purposes of the Securities and (b) make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement, payment terms or any other terms and conditions in relation to the Securities to account for the replacement of the Affected Fund by the Replacement Fund (provided that, if the Calculation Agent is unable to select a Replacement Fund or upon the occurrence of any Merger Event, Lock-In Event or Insolvency in respect of a Replacement Fund (the "**Affected Replacement Fund**") the Calculation Agent may select, for the purposes of replacing the Affected Fund or Affected Replacement Fund (as the case may be), a replacement index (the "**Replacement Index**") that it determines to be appropriate and the Calculation Agent shall notify the Issuer, the French Programme Agent and the CREST Programme Agent, who shall notify the Holders, and the Calculation Agent shall make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement, payment terms or any other terms and conditions in relation to the Securities to account for the replacement of the Affected Fund or Affected Replacement Fund (as the case may be), by the Replacement Index).

Fund (as applicable) in relation to the Issuer's, any of its affiliates, or such hedging counterparty's hedging activities in relation to the Securities (other than in any such case, a dilution or SDRT level imposed in accordance with the prospectus for the Fund or any Replacement Fund);

- (d) the Management Company in respect of the Fund or Replacement Fund (as applicable) fails for reasons other than of a technical or operational nature to calculate the net asset value in respect of the Fund or any Replacement Fund (as applicable) for eight consecutive Valuation Business Days and the reason for such failure is as a consequence of any decision to liquidate or dissolve the Fund or any Replacement Fund (as applicable);

- (i) if the change or the substitution effected by the Fixing Price Sponsor ensures continuity between the existing values and the values following such change or substitution (by utilizing a linear adjustment), the Securities shall not be subject to any adjustment and the Reference Asset shall be deemed to be the modified or the new asset;
- (ii) if the change or the substitution effected by the Fixing Price Sponsor does not ensure continuity between the existing values and the values following such change or substitution, then the Issuer shall adjust the Strike Price and the Multiplier, by utilizing the adjustment coefficients as calculated by the Fixing Price Sponsor or, if applicable, by the Calculation Agent;
- (iii) If the Calculation Agent, in its sole and absolute discretion, determines that it is not possible to calculate a suitable adjustment coefficient to maintain the economic value of the Securities at the level prevailing prior to such change or substitution, then the Issuer may elect to terminate the Securities by giving notice to Holders in accordance with Condition 14. Gli Strumenti Finanziari in forma definitiva non saranno emessi. Prova della proprietà degli Strumenti Finanziari accentrati presso Euroclear Francia sarà data dalle iscrizioni nel registro dei Titolari dei Conti presso Euroclear Francia.

Gli Strumenti Finanziari potranno inoltre essere emessi e trasferiti da un altro sistema o da sistemi di liquidazione supplementari eventualmente specificati nel relativo Regolamento. Gli Strumenti Finanziari saranno costituiti da, e beneficeranno di, un Deed of Covenant sottoscritto da ciascuno degli Emittenti, copie del quale saranno disponibili in visione, durante il normale orario di lavoro, presso gli uffici designati degli Agenti del Programma.

Nessun trasferimento di Strumenti Finanziari sarà valido a meno che e fintantoché non venga registrato nel relativo Registro dei Portatori. Uno Strumento Finanziario può essere registrato soltanto a nome di, e trasferito unicamente a, un soggetto di cui sia fornito il nome (o soggetti, non superiori a quattro).

**Esercizio degli
Strumenti
Finanziari:**

Fatte salve le disposizioni più dettagliate del Regolamento e delle Condizioni Definitive rilevanti, il Portatore di ogni Strumento Finanziario avrà diritto a ricevere un importo in contanti (l'**Importo di Liquidazione**) dall'Emittente o dal Garante/dai Garanti, a seconda del caso, calcolato in conformità al Regolamento e alle relative Condizioni Definitive.

Gli Strumenti Finanziari saranno individuati nelle Condizioni Definitive applicabili come di "Tipo americano", "Tipo europeo" o "Tipo bermudiano". Gli Strumenti Finanziari di Tipo americano saranno esercitabili in qualsiasi Giorno Lavorativo durante un determinato Periodo di Esercizio, quelli di Tipo europeo saranno esercitabili in una determinata Data di Esercizio, mentre quelli di Tipo bermudiano saranno esercitabili in una qualsiasi di due o più Date di Esercizio specificate. Gli Strumenti Finanziari identificati nelle Condizioni Definitive come Strumenti Finanziari a Esercizio Multiplo, potranno essere esercitati una volta in ciascuna Data di Esercizio specificata.

Gli Strumenti Finanziari danno origine a opzioni esercitabili dal relativo Portatore. Nessun Portatore ha l'obbligo di esercitare i propri Strumenti Finanziari né, in assenza di tale esercizio e salvo quanto stabilito in seguito, il relativo Emittente o, a seconda del caso, il/i relativo/i Garante/Garanti hanno alcun obbligo di pagare un qualsiasi importo in ordine agli Strumenti Finanziari. In caso di esercizio di Strumenti Finanziari, il Portatore è tenuto a certificare che gli stessi non vengono esercitati da parte di o per conto di un soggetto statunitense o un soggetto che risieda negli Stati Uniti e che detti Strumenti Finanziari non sono posseduti a beneficio di un soggetto statunitense

o da un soggetto residente negli Stati Uniti.

Gli Strumenti Finanziari possono essere esercitati tramite la consegna di una Dichiarazione di Esercizio debitamente compilata da parte del Portatore i) all'Agente del Programma CREST, in relazione a Strumenti Finanziari detenuti in CREST; ii) all'Agente del Programma Francese e al Titolare del Conto presso Euroclear Francia presso il quale sono detenuti gli Strumenti Finanziari del Portatore, nel caso di Strumenti Finanziari detenuti in Euroclear Francia; o iii) all'Agente del Programma Italiano, nel caso di Strumenti Finanziari detenuti in Monte Titoli oppure, se la facoltà di esercizio automatico è prevista dal Regolamento, tale Strumento Finanziario sarà automaticamente esercitato nella Data di Esercizio o Data di Esercizio Finale, a seconda del caso.

Nelle relative Condizioni Definitive, l'Emittente rilevante può specificare un numero massimo o minimo di Strumenti Finanziari esercitabili in qualsiasi data. Nel caso di esercizio di Strumenti Finanziari, vi sarà un periodo di sfasamento tra il momento in cui un Portatore fornisce le istruzioni per l'esercizio e il momento in cui viene determinato l'Importo di Liquidazione applicabile. Durante detto periodo il valore del Sottostante può variare in misura significativa; dette variazioni potrebbero diminuire l'Importo di Liquidazione relativamente agli Strumenti Finanziari esercitati e di conseguenza tale importo potrebbe essere pari a zero.

Garanzie:

Il pagamento puntuale di tutte le somme di volta in volta dovute da GSJ in ordine agli Strumenti Finanziari emessi dalla stessa sono incondizionatamente e irrevocabilmente garantiti da GSE in qualità di Garante in conformità a un Atto di garanzia datato 26 marzo 2007. Inoltre, il pagamento puntuale di tutte le somme di volta in volta dovute da GSI, relativamente agli Strumenti Finanziari da esso emessi, e da GSE relativamente agli Strumenti Finanziari emessi o garantiti dalla stessa sono incondizionatamente e irrevocabilmente garantiti da GSJI in conformità a un atto di garanzia datato 26 marzo 2007. Gli impegni di ogni Garante ai sensi della Garanzia rappresentano impegni diretti, non subordinati, non garantiti e irrevocabili del relativo Garante e hanno pari grado rispetto a tutti gli altri impegni diretti, non subordinati e non garantiti dello stesso.

Illegalità:

Qualora il relativo Emittente stabilisca che il suo esercizio di Strumenti Finanziari sia diventato del tutto o in parte illegittimo o impraticabile per qualsiasi motivo, tale Emittente ha facoltà di cancellare detti Strumenti Finanziari e, se consentito dalla legge applicabile, pagare al portatore degli stessi un importo pari al loro equo valore di mercato.

**Eventi di
Turbativa:**

Il Regolamento e le Condizioni Definitive relativi a ciascuna Serie di Strumenti Finanziari specificheranno gli eventuali Eventi di Turbativa dei Pagamenti, della Liquidazione e del Mercato (ove rilevanti) applicabili a detti Strumenti Finanziari. Qualora l'Agente per il Calcolo stabilisca a propria

discrezione il verificarsi di uno di tali eventi, ciò potrebbe comportare il differimento per un determinato periodo della Data di Esercizio, della Data di Valutazione e/o della Data di Liquidazione. L'Agente per il Calcolo potrebbe inoltre avere diritto a valorizzare il relativo Sottostante sulla base di una stima, da lui effettuata in buona fede, del valore che detto Sottostante avrebbe avuto se non si fosse verificato l'evento di turbativa.

- Correzioni:** In conformità alle Condizioni, in seguito al verificarsi di taluni eventi specificati relativamente a un qualsiasi Sottostante al quale si riferisce una Serie di Strumenti Finanziari, l'Agente per il Calcolo può avere diritto ad apportare correzioni a detto Sottostante o a sostituirlo a sua discrezione.
- Regime Fiscale:** Salvo quanto diversamente stabilito nel relativo Regolamento, i Portatori sono tenuti al versamento di imposte, ivi inclusa la ritenuta d'acconto, dovute in relazione agli Strumenti Finanziari.
- Quotazione:** Se specificato nelle relative Condizioni Definitive, può essere presentata domanda di ammissione degli Strumenti Finanziari emessi secondo il Programma al listino ufficiale della Financial Services Authority e alla negoziazione sul mercato regolamentato della Borsa di Londra per Strumenti Finanziari quotati. Gli Strumenti Finanziari possono inoltre essere quotati su qualsiasi altra borsa o possono non essere quotati. Le relative Condizioni Definitive in ordine a ciascuna Serie di Strumenti Finanziari dovranno specificare l'eventuale borsa sulla quale gli stessi saranno quotati.
- Legge Applicabile:** Gli Strumenti Finanziari saranno creati ai sensi della Legge dell'Inghilterra e disciplinati dalla stessa.
- Vincoli alla Vendita:** In alcune giurisdizioni, tra cui Stati Uniti e Jersey, esistono vincoli sulla vendita di Strumenti Finanziari e sulla distribuzione del materiale di offerta. Ulteriori vincoli, ivi inclusi quelli sul trasferimento, possono essere applicabili in relazione a una particolare Tranche di Strumenti Finanziari e saranno riportati nelle relative Condizioni Definitive.
- Fattori di rischio:** Acquistando Strumenti Finanziari, ciascun Portatore dichiara e garantisce implicitamente agli Emittenti e al/ai relativo/i Garante/i, e suppone che la complessità e i rischi inerenti agli Strumenti Finanziari siano adeguati ai propri obiettivi. Un soggetto dovrebbe negoziare Strumenti Finanziari soltanto qualora comprenda la natura delle relative operazioni e la portata della propria esposizione a una perdita potenziale. I potenziali acquirenti di Strumenti Finanziari dovrebbero avere esperienza in opzioni e in operazioni su opzioni, dovrebbero comprendere i rischi di operazioni che coinvolgono gli Strumenti Finanziari rilevanti e dovrebbero prendere una decisione di investimento soltanto dopo un attento esame, insieme ai propri consulenti, dell'idoneità di detti Strumenti Finanziari alla luce della propria specifica situazione finanziaria, di tutte le informazioni contenute nel presente documento unitamente alle informazioni riguardanti gli Strumenti Finanziari e lo specifico Sottostante al quale il valore dei relativi Strumenti Finanziari può essere

connesso che sono contenute nelle Condizioni Definitive rilevanti.

Le operazioni in Strumenti Finanziari fuori borsa possono comportare rischi maggiori rispetto a operazioni in Strumenti Finanziari negoziati in borsa.

Il mercato per gli Strumenti Finanziari potrebbe essere limitato e ciò potrebbe avere un impatto negativo sul loro valore e/o sulla capacità di un Portatore di alienare gli stessi. Né gli Emittenti né il Garante hanno direttamente o indirettamente rilasciato, e non rilasciano, a un qualsiasi potenziale acquirente di Strumenti Finanziari, alcuna garanzia relativamente ai meriti o alla performance degli Strumenti Finanziari. Gli Emittenti non hanno inoltre alcun obbligo né si impegnano in alcun modo a costituire un mercato negli o a riacquistare gli Strumenti Finanziari.

Gli Strumenti Finanziari implicano un livello elevato di rischio che può includere i rischi di tassi di interesse, rischi societari, di mercato, di cambio, di valore temporale e/o rischi politici. I potenziali acquirenti di Strumenti Finanziari dovrebbero essere consapevoli del fatto che i loro Strumenti Finanziari potrebbero non avere alcun valore alla loro scadenza o al loro esercizio e pertanto dovrebbero essere preparati a sostenere una perdita totale del prezzo di acquisto dei loro Strumenti Finanziari. Tale rischio riflette la natura di uno Strumento Finanziario quale attività il cui valore può diminuire nel tempo e che può essere privo di valore al momento della scadenza.

**Considerazioni
sulle leggi del
Jersey:**

Gli Strumenti Finanziari descritti nel presente Prospetto di Base non costituiscono un fondo comune di investimento ai fini della Legge sui Fondi Comuni di Investimento (Jersey) del 1988 e successivi emendamenti, in quanto essi sono prodotti di investimento concepiti per investitori finanziariamente esperti, con una conoscenza specifica e un'esperienza nell'investimento, in grado di valutare completamente i rischi implicati nell'effettuare simili investimenti e che posseggono risorse finanziarie sufficienti a consentire loro di sopportare eventuali perdite che potrebbero subire in conseguenza di simili investimenti. La Commissione per i Servizi Finanziari del Jersey (Jersey Financial Services Commission) non ritiene che questi investimenti siano adeguati a qualsiasi altro tipo di investitori.

Un qualsiasi soggetto che intenda investire negli Strumenti Finanziari descritti nel presente Prospetto di Base dovrebbe consultare i propri consulenti legali, fiscali, contabili e gli altri consulenti indipendenti e assicurarsi di avere completamente compreso tutti i rischi associati a un simile investimento e di avere risorse finanziarie sufficienti a sopportare una qualsiasi perdita che potrebbe derivare dallo stesso.
