PURPOSE OF FINAL TERMS

These Final Terms comprise the final terms required for issue and public offer in the Public Offer Jurisdiction and admission to trading on the regulated market of the Luxembourg Stock Exchange of the Securities described herein pursuant to the Warrant and Certificate Programme of Banca IMI S.p.A.

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in these Final Terms. The information relating to the Issuer's credit ratings in Paragraph 2 of Part B (the **Reference Information**) contained herein, has been accurately extracted from the website of the rating agencies www.standardandpoors.com, www.moodys.com, and www.fitchratings.com. The Issuer accepts responsibility for the accuracy of their extraction and accepts no further or other responsibility in respect of such information.

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

- (i) Listing: Luxembourg
- (ii) Admission to trading: Application is expected to be made by the Issuer (or on its behalf) for the Securities to be admitted to trading on the regulated market of the Luxembourg Stock Exchange with effect from the Issue Date.

After the Issue Date, application may be made by the Issuer (or on its behalf) to list the Securities on such further or other stock exchanges or regulated markets or admitted to trading on such other trading venues (including without limitation multilateral trading facilities) as the Issuer may determine.

2. RATINGS

Ratings: The Securities are not expected to be rated.

At the date of these Final Terms, the Issuer's credit rating is as follow:

Standard & Poor's: A long term rating; A-1 short term rating; outlook Negative. On 7 December 2011 S&P long term and short term ratings on the Issuer have been placed on CreditWatch with negative implications for a possible downgrade.

An obligor rated 'A' has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories.

An obligor rated 'A-1' has strong capacity to meet its financial commitments. It is rated in the highest category by Standard & Poor's. Within this category, certain obligors are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitments is extremely strong.

Moody's: A2 long term rating; P-1 short term rating; outlook Negative

Financial obligations rated "A" are considered upper-medium grade and are subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

Fitch Ratings: A long term rating; F1 short term rating; outlook Negative. On 20 December 2011 Fitch long term and short term ratings on the Issuer have been placed on CreditWatch with negative implications for a possible downgrade.

'A' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case of higher ratings.

F1 indicates the strongest intrinsic capacity for timely payment of financial commitments.

The meanings of ratings may be found on the websites of the rating agencies (www.standardandpoors.com, www.moodys.com, and www.fitchratings.com) and may be updated by the rating agencies from time to time.

Notice of any change to the Issuer's credit rating subsequent to the date of these Final Terms and during the Offer Period will be given by publication (i) in a leading newspaper having general circulation in Luxembourg (which is expected to be the Luxembourg Wort) and in a leading newspaper having general circulation in Italy (which is expected to be "MF") or (ii) on the website of the Issuer and of the Managers.

Standard & Poor's, Moody's and Fitch Ratings are established in the European Union and are registered under Regulation (EC) No. 1060/2009 (as amended).

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

Banca IMI S.p.A. is expected to enter into hedging arrangements with market counterparties in connection with the issue of the Securities in order to hedge its exposure and it will act as Calculation Agent under the Securities. See the risk factor "Potential Conflicts of Interest" at pages 27 to 28 of the Base Prospectus.

Where the Securities placed by the Manager should be lower and/or higher the notional amount of the hedging arrangements entered into by the Issuer, the Issuer will unwind such arrangements for the notional amount in excess of the Securities placed or respectively will enter into additional hedging arrangements in respect of the shortfall. Costs and expenses resulting from the unwinding of any such hedging arrangements or from the Issuer entering into any additional hedging arrangements will be borne by the Issuer.

Save as discussed above and save for any fees payable to the Manager referred to in item 50 of Part A above, so far as the Issuer is aware, no person involved in the issue of the Securities has an interest material to the offer.

4. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

- (i) Reasons for the offer: See "Use of Proceeds" wording in Base Prospectus
- (ii) Estimated net proceeds: The net proceeds (net of the commissions referred to in item 50 of Part A above) of the issue of the Securities will be up to EUR 6,720,000.
- (iii) Estimated total expenses: The estimated total expenses that can be determined as of the Issue Date are up to EUR 1,660 consisting of Listing Fees, such expenses excluding certain out-of pocket expenses incurred or to be incurred by or on behalf of the Issuer in connection with the admission to trading of the Securities.

5. PERFORMANCE OF INDEX, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE INDEX

The underlying of the Securities is the FTSE MIB® Index. The FTSE MIB® Index is the primary benchmark index for the Italian equity market, which measures the performance of the 40 most liquid and capitalised Italian shares and seeks to replicate the broad sector weights of the Italian stock market. The Index is currently calculated by FTSE International Limited with the assistance of Borsa Italiana S.p.A..

In respect of the Index, certain historical information in respect of such Index (including past performance thereof) may be found on major information providers, such as Bloomberg and Reuters. Information about the Index may be found at the web site of the Index Sponsor www.ftse.com.

The Settlement Date of the Securities (and therefore the tenor of the Securities) will vary depending upon the occurrence of the First Early Termination Event on the First Observation Date, or the Second Early Termination Event on the Second Observation Date, or the Third Early Termination Event on the Third Observation Date, or the Fourth Early Termination Event on the Fourth Observation Date, so that where neither the First Early Termination Event has occurred on the First Observation Date nor the Second Early Termination Event has occurred on the Second Observation Date, nor the Third Early Termination Event has occurred on the Third Observation Date, nor the Fourth Early Termination Event has occurred on the Fourth Observation Date the Settlement Date of the Securities will be 29 February 2016. As the occurrence of the First Early Termination Event on the First Observation Date, or the Second Early Termination Event on the Second Observation Date or the Third Early Termination Event on the Third Observation Date or the Fourth Early Termination Event on the Fourth Observation Date is depending upon the Relevant Price of the Index on any such Observation Date being higher than or equal to the Initial Level, the actual tenor of the Securities will be dependant from the performance of the Index over the Initial Level on the mentioned Observation Dates.

In addition to the tenor of the Securities, also the Cash Settlement Amount payable thereunder may vary depending upon the official closing level of the Index. In details, under the Securities, holders thereof are entitled to receive on the Settlement Date a Cash Settlement Amount per each certificate as specified below. Investors should also take notice that in case no Early Termination Event has occurred on any relevant Observation Date a Remuneration Amount will be paid as specified below:

- (i) where the First Early Termination Event has occurred on the First Observation Date and therefore the Settlement Date of the Securities is 28 February 2014, the Cash Settlement Amount will be EUR 1,115; otherwise if no Early Termination Event has occurred the Remuneration Amount will be EUR 30;
- (ii) where the Second Early Termination Event has occurred on the Second Observation Date and therefore the Settlement Date of the Securities is 29 August 2014, the Cash Settlement Amount will be EUR 1,230; otherwise if no Early Termination Event has occurred the Remuneration Amount will be EUR 30;
- (iii) where the Third Early Termination Event has occurred on the Third Observation Date and therefore the Settlement Date of the Securities is 27 February 2015, the Cash Settlement Amount will be EUR 1,345; otherwise if no Early Termination Event has occurred the Remuneration Amount will be EUR 30;

- (iv) where the Fourth Early Termination Event has occurred on the Fourth Observation Date and therefore the Settlement Date of the Securities is 31 August 2015, the Cash Settlement Amount will be EUR 1,460; otherwise if no Early Termination Event has occurred occurred the Remuneration Amount will be EUR 30;
- (v) where neither the First Early Termination Event has occurred on the First Observation Date nor the Second Early Termination Event has occurred on the Second Observation Date, nor the Third Early Termination Event has occurred on the Third Observation Date, nor the Fourth Early Termination Event has occurred on the Fourth Observation Date and therefore the Settlement Date of the Securities will be 29 February 2016, an amount depending whether (x) the Final Level is higher than or equal to the Initial Level (in which circumstance the Cash Settlement Amount will be EUR 1,575 per Certificate) or (y) the Final Level is lower than the Initial Level but higher than or equal to the Barrier Level (in which circumstance the Cash Settlement Amount will be EUR 1,030), or (z) the Final Level is lower than the Barrier Level (in which circumstance the Cash Settlement Amount will be the product of EUR 1,000 * (Final Level/Initial Level), i.e an amount lower than the Issue Price.

In addition to the Cash Settlement Amount, holders of the Securities are also entitled to receive a Remuneration Amount equal to 65 EUR per each Certificate on 28 February 2013 .

See for further details Annex 1.

Securityholders and prospective investors in the Securities should therefore be aware and carefully consider that:

- the actual tenor of the Securities and actual Exercise Dates and Settlement Dates thereof will vary depending upon the Relevant Price of the Index on the Observation Dates being higher than or equal to the Initial Level;
- the Cash Settlement Amount payable upon occurrence of the First Early Termination Event on the First Observation Date or upon occurrence of the Second Early Termination Event on the Second Observation Date or upon occurrence of the Third Early Termination Event on the Third Observation Date or upon occurrence of the Fourth Early Termination Event on the Fourth Observation Date will be a fixed amount (of EUR 1,115 or of EUR 1,230 or of EUR 1,345 or of EUR 1,460 respectively). Therefore, whilst, in order for the First Early Termination Event to occur on the First Observation Date or for the Second Early Termination Event to occur on the Second Observation Date, or for the Third Early Termination Event to occur on the Third Observation Date, or for the Fourth Early Termination Event to occur on the Fourth Observation Date, the Relevant Price of the Index on the relevant Observation Date has to be equal to or higher than the Initial Level, the Cash Settlement Amount payable in such circumstances will not reflect the actual performance of the Index.
- the aggregate of the Cash Settlement Amount and the Remuneration Amount payable to the securityholders will in no circumstances be higher than EUR 1,760 for each Certificate, regardless the actual performance of the Index
- where neither the First Early Termination Event has occurred on the First Observation Date nor the Second Early Termination Event has occurred on the Second Observation Date, nor the Third Early Termination Event has occurred on the Third Observation Date, nor the Fourth Early Termination Event has occurred on the Fourth Observation Date and therefore the Settlement Date of the Securities is 29 February 2016, the Cash Settlement Amount of the Securities may be in certain circumstances (where the Final Level is lower than the Barrier Level) lower than the Issue Price thereof, and therefore the negative performance of the Index over the tenor of the Securities will result in a loss for the initial subscriber of the Securities;
- upon occurrence of certain disruption events, the Issuer, acting in its capacity as Calculation Agent, will be entitled to replace the Index with a successor index or use, in lieu of a Relevant Price of the Index, a level determined by it or take any other action determination or judgement acting in its sole discretion. All such action, determination or judgements may influence the amounts receivable under the Securities.

AN INVESTMENT IN THE SECURITIES ENTAILS SIGNIFICANT RISK. SECURITIES ARE COMPLEX FINANCIAL INSTRUMENTS WHICH MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS.

The Issuer does not intend to provide any post-issuance information in relation to the Index and performance thereof and/or the market value from time to time of the Securities and/or any other post-issuance information in relation to the Securities, unless required by applicable law or save as otherwise provided in the Conditions.
