From domestic market for Italian debt to pan-European hub

The integration of MOT within the Euronext Group promotes the creation of a **harmonised regulated market aligned with international best practices within the Group**. This development gives Italian issuers direct and efficient access to funding opportunities in both the retail and international institutional markets, providing a single point of reference for effective and quality management in the capital markets.

Benefits include:

privileged access to a
pan-European market

leading European
market for liquidity

visibility on a
pan-European scale

streamlined listing process
through MyEuronext

MOT, the #1 market for liquidity in Europe

The regulated MOT market is characterised by its **strong base of connected retail and institutional investors** and the flexibility of a model that does not require a Listing Sponsor.

Leadership in retail trading

supported by a large network of institutional and retail investors offering access to an unmatched pool of liquidity and benefitting from the advantages associated with the distribution through the market platform.

Global visibility

not only for retail issues, but also institutional, thanks to inclusion in the first pan-European marketplace in Europe.

Advanced regulatory regime

compliant with the best international standards and always aligned with international news.

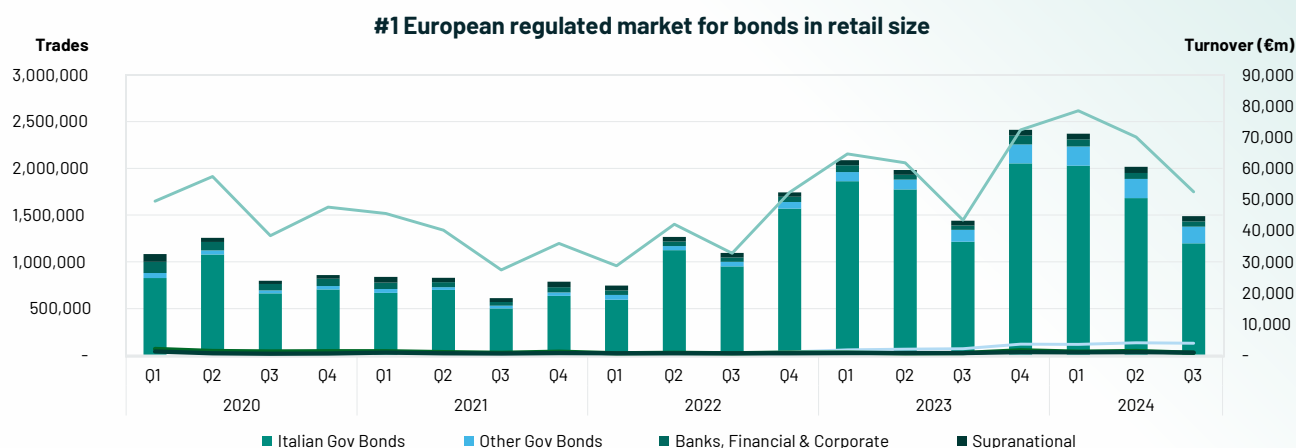

Competitive commercial offering

designed to meet the needs of global issuers and investors.

Efficient listing process

enhanced by the innovative MyEuronext portal to simplify and streamline Listing, Post-Listing and Membership activities on Euronext Group markets through a simple, efficient and secure single point of access.
