- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
- (ii) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (iii) a postponement or other deferral of a date or dates for either
 - (1) the payment or accrual of interest; or
 - (2) the payment of principal or premium;
- (iv) a change in the ranking in priority of payment of any Obligation, causing the subordination of such Obligation to any other Obligation; or
- (v) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

If an exchange has occurred, the determination as to whether one of the events described under (i) to (v) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

The occurrence of, agreement to or announcement of any of the events described in (i) to (v) above shall not constitute a Restructuring:

- (x) if the event occurs due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; or
- (y) where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that in respect of (v) only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from Euros into another currency and occurs as a result of action taken by a Governmental Authority of a member state of the European Union which is of general application in the jurisdiction of such Governmental Authority;

- (z) in case of the redenomination from Euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a member state of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between Euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;

Notwithstanding the provisions above, the payment in Euros of interest, principal or premium in relation to an Obligation denominated in a currency of a member state of the European Union that adopts or has adopted the single currency in accordance with the treaty establishing the European Community, as amended by the treaty on European Union shall **not** constitute a Restructuring;

In the case of a Qualifying Guarantee and an Underlying Obligation, references to the Reference Entity in the definition of "Restructuring" shall be deemed to refer to the Underlying Obligor and the reference to the Reference Entity in (y) shall continue to refer to the Reference Entity.

"Settlement Date" means,

- (i) for the purposes of a determination of the Final Price according to clause (i) of the definition Final Price: a day not later than the 5th Banking Day after the publication of the auction final price by ISDA pursuant to clause (i) of the definition "Final Price"; or
- (ii) for the purposes of a determination of the Final Price according to clause (ii) of the definition Final Price: a day not later than the 5th Banking Day after the Recovery Valuation Date.

"Steps Plan" means a plan evidenced by Publicly Available Successor Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the Reference Entity, by one or more entities in consequence of which one or more than one different legal person or entity assumes or becomes liable for such Relevant Obligations.

"Succeed" means, with respect to the Reference Entity and its Relevant Obligations, that a legal person or a party other than the Reference Entity

- (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (the latter including any protocol, treaty, convention, accord, concord, entente, pact or other agreements) or
- (ii) issues Bonds or incurs Loans that are exchanged for Relevant Obligations (or, as applicable, Obligations),

and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Qualifying Guarantee with respect to such Relevant Obligations or exchange Bonds or Loans.

"Succession" means the process of the succession of Relevant Obligations and shall be interpreted in accordance with the definition of "Succeed".

"Succession Date" means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final Succession in respect of such Steps Plan, or if earlier (i) the date on which a determination pursuant to the Terms and Conditions would not be affected by any further related Succession in respect of such Steps Plan, or (ii) the occurrence of a Credit Event in respect of the Reference Entity or any entity which would constitute a Successor.

"Successor" means as of the Succession Date the entity or entities determined by the Issuer according to the following criteria and specified in the Successor Notice, provided that in the case of an exchange offer for Bonds, the determination required pursuant to the definition shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and if there is a Steps Plan, the Issuer shall consider the total amount of all related Successions in respect of such Steps Plan:

- (i) if one entity succeeds, either directly or as a provider of a Relevant Guarantee, to seventy-five per cent or more of the Relevant Obligations of the Reference Entity, that entity will be the sole Successor;
- (ii) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent (but less than seventy-five per cent) of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than twenty-five per cent of the Relevant Obligations will be the sole Successor;
- (iii) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each entity that succeeds to more than twenty-five per cent of the Relevant Obligations will each be a Successor. Alternatively, the Issuer may terminate the Securities pursuant to § 6;
- (iv) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than twenty-five per cent of the Relevant Obligations of the Reference Entity, and not more than twenty-five per cent of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each of those entities and the Reference Entity will each be a Successor. Alternatively, the Issuer may terminate the Securities pursuant to § 6;
- (v) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such Succession;
- (vi) if one or more entities succeed, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to

more than twenty-five per cent of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each entity will be a Successor);

- (vii) if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity will be the sole Successor.

If the Issuer gives a Credit Event Notice before a Succession Date, no Successor will be determined.

If more than one Successor is identified as a Reference Entity by the Issuer, the following applies:

- (y) each such Successor is, from the relevant date, a Reference Entity for the purposes of the Securities with a weighted amount equal to the ratio of the Calculation Amount and the number of Successors as specified in the Successor Notice (the "**Weighted Amount**");
- (z) in relation to each of these Reference Entities, a Credit Event may occur. The Terms and Conditions shall be applied and interpreted accordingly. In particular, the following principles apply:
 - (1) the provisions regarding interest payments and redemption of the Securities in case a Credit Event does not occur pursuant to § 2(1) and § 3(1) and the provisions regarding deferred redemption pursuant to § 2(3) and § 3(3) remain applicable;
 - (2) the provisions regarding interest payments in case a Credit Event occurs pursuant to § 2(2) in conjunction with § 5 apply in each case to a Reference Entity affected by a Credit Event and its Weighted Amount and can accordingly be applied multiple times with respect to the Reference Entities. Thus, in case of a Credit Event the Securities do not cease to bear interest. Rather, as of the time specified in § 2(2), the provisions regarding interest payment pursuant to § 2(1) refer to the Calculation Amount less the Weighted Amount of the relevant Reference Entity affected by the Credit Event ("**Reduced Calculation Amount**");
 - (3) the provisions regarding redemption of the Securities after the occurrence of a Credit Event pursuant to § 3(2) in conjunction with § 5 apply in each case to a Reference Entity affected by a Credit Event and its Weighted Amount and can accordingly be applied multiple times with respect to the Reference Entities. In addition, the Reduced Calculation Amount will be redeemed on the Scheduled Maturity Date;

- (4) with respect to each of these Reference Entities, a Succession may again occurred with one or more Reference Entities. Its Weighted Amount will be divided according to the number of Successors; and
- (5) in respect of a Reference Entity in relation to which the Issuer has published a Credit Event Notice prior to the occurrence of a Succession no Successor will be determined. However, a Reference Entity in relation to which the Issuer has published a Credit Event Notice may become Successor of another Reference Entity in relation to which the Issuer did not publish a Credit Event Notice. In this case, a new Credit Event may occur with respect to the Successor.

"Successor Notice" means an irrevocable notice from the Issuer to the Security Holder pursuant to § 12 in a timely manner after the Issuer becomes aware of the Publicly Available Successor Information that describes

- (2) an Obligation, that constitutes a transferable obligation;
- (3) an Obligation, that constitutes a transferable Loan or a consent required Loan;

- (4) an Obligation, that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via the Euroclear system, Clearstream International or any other internationally recognised clearing system;
- (5) an Obligation, whose remaining term does not exceed 30 years as of the Recovery Valuation Date;
- (6) an Obligation, that is not subordinated in relation to the Reference Obligation.

If more than one or more Obligations meet the aforementioned criteria as of that time, the Obligation having the lowest price will be the relevant Obligation.
