**PROHIBITION OF SALES TO SWISS RETAIL INVESTORS:** - The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor" means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 of the Swiss Federal Act on Financial Services ("**FinSA**") of 15 June 2018, as amended. The Securities may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA and no application has or will be made to admit the Securities to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "UK PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

In such case, the Determination Agent may, acting in good faith and in a commercially reasonable manner, adjust any of the Conditions of the Securities that it determines as appropriate to account for such successor.

Index Adjustment Events: If, in respect of an Index, there occurs an Index Modification, Index Cancellation or Index Disruption (each an "Index Adjustment Event"), the Determination Agent may (i) calculate the level of the Index using the formula for, and method of calculating, the Index last in effect prior to the Index Adjustment Event, and/or (ii) in the case of Index Cancellation, if a Pre-nominated Index has been specified in respect of the cancelled Index, the cancelled Index shall be replaced by such Pre-nominated Index with effect from the date as determined by the Determination Agent and the Pre-nominated Index will be deemed to be the Index with effect from such date, or (iii) if the Determination Agent determines that it is unable, or can no longer continue, to calculate the level of the Index (or, in the case of Index Cancellation, the cancelled Index is not replaced with a Pre-nominated Index), deem such Index Adjustment Event to constitute an Additional Disruption Event and the Issuer may either (x) require the Determination Agent to make an adjustment to

the terms of the Securities, or (y) redeem or cancel all of the Securities at the Early Cash Settlement Amount on the Early Cash Settlement Date.

#### **RISK FACTORS**

THESE RISK FACTORS HIGHLIGHT ONLY SOME OF THE RISKS OF THE PRODUCT DESCRIBED IN THIS DOCUMENT (THE "PRODUCT") AND MUST BE READ IN CONJUNCTION WITH THE RISK FACTOR SECTIONS IN THE PROSPECTUS. INVESTORS MUST BE CAPABLE OF ASSESSING AND UNDERSTANDING THE RISKS OF INVESTING IN THE PRODUCT. WHERE A POTENTIAL INVESTOR DOES NOT UNDERSTAND OR WOULD LIKE FURTHER INFORMATION ON THE RISKS OF THE PRODUCT, THE POTENTIAL INVESTOR SHOULD SEEK PROFESSIONAL ADVICE BEFORE MAKING ANY INVESTMENT DECISION.

**GOVERNMENT PROTECTION** 

OR OTHER THIS PRODUCT IS NOT PROTECTED BY THE FINANCIAL SERVICES COMPENSATION SCHEME or any other government or private protection scheme.

**BARCLAYS FINANCIAL STANDING** 

INVESTORS ARE EXPOSED TO BARCLAYS' FINANCIAL STANDING. If Barclays becomes insolvent, Barclays may not be able to make any payments under the Product and investors may lose their capital invested in the Product. A decline in Barclays' financial standing is likely to reduce the market value of the Product and therefore the price an investor may receive for the Product if they sell it in the market.

**CREDIT RATINGS** 

CREDIT RATINGS MAY BE LOWERED OR WITHDRAWN WITHOUT NOTICE. A rating is not a recommendation as to Barclays' financial standing or an evaluation of the risks of the Product.

**VOLATILITY** 

THE PERFORMANCE OF THIS PRODUCT MAY CHANGE UNPREDICTABLY. This unpredictable change is known as "volatility" and may be influenced by the performance of any underlying asset as well as external factors including financial, political and economic events and other market conditions.

**CAPITAL AT RISK** 

THE CAPITAL INVESTED IN THIS PRODUCT IS AT RISK. Investors may receive back less than the capital invested in the Product.

CAPITAL ΑT RISK ON **EARLY** 

**SETTLEMENT** 

THE PRODUCT MAY BE REDEEMED OR CANCELLED BEFORE ITS SCHEDULED MATURITY DATE OR EXPIRY DATE. IF THE PRODUCT IS REDEEMED EARLY OR CANCELLED. INVESTORS MAY RECEIVE BACK LESS THAN THEIR ORIGINAL INVESTMENT IN THE PRODUCT, OR EVEN ZERO. The amount payable to an investor on an early redemption or cancellation may factor in Barclays' costs of terminating hedging and funding arrangements associated with the Product.

**SELLING RISK** 

AN INVESTOR MAY NOT BE ABLE TO FIND A BUYER FOR THE PRODUCT SHOULD THE INVESTOR WISH TO SELL THE PRODUCT. If a buyer can be found, the price offered by that buyer may be lower than the price that an investor paid for the Product or the amount an investor would otherwise receive at the maturity or expiry of the Product.

**BAIL-IN RISK** 

The EU Directive establishing a framework for the recovery and resolution of credit institutions and investment firms (the "BRRD") was published in the EU Official Journal on 12 June 2014. The BRRD gives certain powers under a "bail-in tool" to national supervisory authorities with respect to certain institutions (which could include the Issuer) in circumstances where a national supervisory authority has determined that such an institution is likely to fail. In the United Kingdom, the majority of the requirements of the BRRD have been implemented into national law in the Banking Act, including the introduction of the bail-in tool as of 1 January 2015. The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks and certain of their Affiliates in the event a bank in the same group is considered to be failing or likely to fail.

This bail-in tool includes the ability to cancel all or part of the principal and/or interest of any unsecured liabilities or to convert certain debt claims into equity or other securities of the issuer or another person. These powers could be exercised in respect of the Securities.

As a result, the exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of the Securities and could lead to the investors losing some or all of the value of their investment in the Securities.

NO INVESTMENT IN OR RIGHTS TO **UNDERLYING ASSETS** 

AN INVESTMENT IN THE PRODUCT IS NOT THE SAME AS AN INVESTMENT IN THE UNDERLYING ASSETS REFERENCED BY THE PRODUCT. An investor in the Product has no ownership of, or rights to, the underlying assets referenced by the Product. The

market value of the Product may not reflect movements in the price of such underlying assets. Payments made under the Product may differ from payments made under the underlying assets.

**ADJUSTMENTS** THE TERMS OF THE PRODUCT MAY BE ADJUSTED BY BARCLAYS UPON CERTAIN

EVENTS TAKING PLACE WHICH IMPACT THE UNDERLYING ASSETS, INCLUDING

MARKET DISRUPTION EVENTS.

**SMALL HOLDINGS** SMALL HOLDINGS MAY NOT BE TRANSFERABLE. Where the Product terms specify a

minimum tradable amount, investors will not be able to sell the Product unless they

hold at least such minimum tradable amount.

INTEREST RATE RISK INVESTORS IN THE PRODUCT WILL BE EXPOSED TO INTEREST RATE RISK. Changes in

interest rates will affect the performance and value of the Product. Interest rates may

change suddenly and unpredictably.

**PAYMENTS** PAYMENTS FROM BARCLAYS MAY BE SUBJECT TO DEDUCTIONS FOR TAX, DUTY,

WITHHOLDING OR OTHER PAYMENTS REQUIRED BY LAW.

**OVER-ISSUANCE** THE ISSUER MAY ISSUE MORE SECURITIES THAN THOSE WHICH ARE TO BE INITIALLY

> SUBSCRIBED OR PURCHASED BY INVESTORS. The Issuer (or the Issuer's affiliates) may hold such Securities for the purpose of meeting any future investor interest or to satisfy market making requirements. Prospective investors in the Securities should not regard the issue size of any Series as indicative of the depth or liquidity of the market for such

Series or of the demand for such Series.

**OTHER RISKS** THIS DOCUMENT CANNOT DISCLOSE ALL POSSIBLE RISKS OF THE PRODUCT. Before

> investing, investors must be satisfied that they have sufficient information and understand the risks related to the Product so as to make an informed investment decision. If investors are uncertain as to whether they have sufficient information, they

should seek independent professional advice before investing.

FOREIGN EXCHANGE RISK INVESTORS ARE EXPOSED TO FOREIGN EXCHANGE RISK. Foreign exchange rates may

change suddenly and unpredictably. Changes in the exchange rate between an investor's home currency and the Product currency or settlement currency may impact

the performance of the Product and an investor's return.

**LEVERAGE** THIS PRODUCT MAY BECOME LEVERAGED. Leverage increases the investor's exposure

to the underlying assets referenced by the Product and amplifies the investor's losses

and gains.

INTERACTION RISK THIS PRODUCT COMBINES DIFFERENT FINANCIAL COMPONENTS AND EXPOSURES

WHICH MAY INTERACT UNPREDICTABLY AND COULD AFFECT THE PERFORMANCE OF

THE PRODUCT.

PERFORMANCE OF SHARE INDICES THE PERFORMANCE OF SHARES IN AN INDEX IS UNPREDICTABLE. It depends on

financial, political, economic and other events as well as the share issuers' earnings.

market position, risk situation, shareholder structure and distribution policy.

AN INDEX RETURN MAYBE LOWER THAN THE ACTUAL RETURN ON THE

COMPONENTS COMPRISING SUCH INDEX. Indices may deduct fees, costs and commissions. An investment in an index may be taxed differently to a direct investment

in the components of the index.

ADJUSTMENTS, SUSPENSION

**INDEX RETURN** 

**TERMINATION OF AN INDEX** 

THE INDEX SPONSOR MAY ADJUST THE COMPOSITION OR CALCULATION METHODOLOGY OF AN INDEX AND MAY CANCEL, ADJUST OR SUSPEND AN INDEX.

Such actions may negatively affect the value and performance of the Product.

**INDEX SUBSTITUION** AN INDEX MAY BE REPLACED WITH ANOTHER INDEX IN CERTAIN CIRCUMSTANCES.

Such action may negatively affect the value and performance of the Product.

**DISRUPTED DAYS** IF THE DETERMINATION AGENT DETERMINES THAT A DISRUPTED DAY HAS

OCCURRED THIS MAY CHANGE THE SCHEDULED DATE OF THE VALUATION AND REDEMPTION OR CANCELLATION OF THE PRODUCT. The events giving rise to

Disrupted Days are described in the Prospectus.

TRACKING RISK

There may be a difference between the performance of the underlying ETF and the

performance of the asset pool or index that the ETF is designed to track as a result of, for example, failure of the tracking strategy, currency differences, fees and expenses.

**DERIVATIVE RISK**The ETF may invest in financial derivative instruments which expose the ETF and an

investor to the credit, liquidity and concentration risks of the counterparties to such

financial derivative instruments.

PERFORMANCE OF AN ETF THE PERFORMANCE OF SHARES IN AN ETF IS UNPREDICTABLE. It depends on financial,

political, economic and other events as well as the ETF's earnings, market position, risk

situation, shareholder structure and distribution policy.

ETF ISSUER ACTION THE ETF ISSUER IS NOT INVOLVED IN THE PRODUCT. The ETF Issuer may take actions

that adversely affect the value and performance of the Product.

PHYSICAL DELIVERY

UNDERLYING SHARES IN AN ETF MAY BE DELIVERED. Where physical delivery applies, an investor may be physically delivered underlying shares on redemption or

an investor may be physically delivered underlying snares on redemption or cancellation of the Product. The value of such shares when sold by an investor may be less than the investor's original investment in the Product or the value of the Product

on redemption or cancellation.

A BASKET OF UNDERLYING ASSET(S) The investor will be exposed to the performance of each Underlying Asset in the basket

and should refer to the relevant risk factors in this section relating to each of the asset classes represented. The investor should also consider the level of interdependence or 'correlation' between each of the basket constituents with respect to the performance of the basket. If the Underlying Asset(s) are correlated, the performance of the Underlying Asset(s) in the basket can be expected to move in the same direction.

The performance of basket constituents may be moderated or offset by one another. This means that, even in the case of a positive performance of one or more constituents, the performance of the basket as a whole may be negative if the performance of the

other constituents is negative to a greater extent.

'WORST-OF' FEATURE The investor will be exposed to the performance of the Underlying Asset(s) which has

the worst performance, rather than the basket as a whole.

This means that, regardless of how the other Underlying Asset(s) perform, if the worst performing Underlying Asset in the basket fails to meet a relevant threshold or barrier for the payment of interest or the calculation of any redemption amount, the investor might receive no interest payments or return on the initial investment and could lose

some or all of the investment.

'BARRIER' FEATURE The calculation of interest or coupon or the calculation of any settlement amount

depends on the level, value or price of the Underlying Asset(s) reaching or crossing a 'barrier' during a specified period or specified dates during the term of the Securities, therefore such interest or coupon or settlement amount may alter dramatically depending on whether the barrier is reached or crossed (as applicable). This means the investor may receive less (or, in certain cases, more) if the level, value or price of the Underlying Asset(s) crosses or reaches (as applicable) a barrier, than if it comes close to the barrier but does not reach or cross it (as applicable), and in certain cases the investor might receive no interest or coupon payments and/or could lose some or all of

the investment.

FINAL PERFORMANCE The Securities determine the settlement amount based on the performance of the

Underlying Asset(s) as at the final valuation date only (rather than in respect of multiple periods throughout the term of the Securities) therefore the investor may not benefit from any movement in level, value or price of the Underlying Asset(s) during the term

of the Securities that is not maintained in the final performance.

PROHIBITION OF SALES TO SWISS RETAIL INVESTORS: - The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor" means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 of the Swiss Federal Act on Financial Services ("FinSA") of 15 June 2018, as amended. The Securities may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA and no application has or will be made to admit the Securities to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither the Base Prospectus, the Final Terms nor any other offering or marketing material relating to the Securities constitutes a prospectus pursuant to the FinSA, and neither the Base Prospectus, the Final Terms nor any other offering or marketing material relating to the Securities may be publicly distributed or otherwise made publicly available in Switzerland.

PROHIBITION OF SALES TO UK RETAIL INVESTORS: - The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom. Exchange on the relevant Valuation Date, Lookback Date or Averaging Date, as the case may be, in relation to such Underlying Asset. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

The Determination Agent shall notify the Securityholders as soon as practicable after the selection of the Substitute Shares.

In the event that the Determination Agent determines that it cannot replace an Affected Share or determine a Substitute Share, the Issuer may determine that the relevant event constitutes an Additional Disruption Event.

Adjustments and Early Settlement

Potential Adjustment Event: If, in respect of a Share, (i) there occurs a subdivision, consolidation or reclassification of the Share, or (ii) a distribution, dividend, extraordinary dividend, repurchase of the Shares or similar corporate action is declared by the Share Company, or (iii) an event that may have a diluting or concentrative effect on the theoretical value of the Share (each, a "Potential Adjustment Event"), and which in each case the Determination Agent determines has a diluting or concentrative effect on the theoretical value of the Share, then (x) the Determination Agent may make an adjustment to the Share, any amounts payable under the Securities and/or any of the other terms of the Securities, taking into account any costs incurred by or on behalf of the Issuer as a result of such Potential Adjustment Event, as determined by the Determination Agent, or (y) the Issuer may deliver to the Securityholder one or more additional Securities and/or pay to the Securityholder a cash amount to account for the diluting or concentrative effect of such Potential Adjustment Event.

- (ii) the remaining life of the Securities had they remained outstanding to scheduled maturity or cancellation and/or any scheduled early redemption or cancellation date;

#### OTHER TERMS

Valuation Date Disruption

In respect of Shares in a Basket, in the event that any Valuation Date is a Disrupted Day (as described in the Base Prospectus) in relation to each Share affected by the occurrence of a Disrupted Day (each an "Affected Share"), the relevant valuation will be postponed for up to eight Scheduled Trading Days. After this time, (1) the next Scheduled Trading Day which is not a Disrupted Day (up to the eighth) shall be deemed to be the Valuation Date; and (2) the Determination Agent will make the relevant determination by estimating the price of the Affected Share that would have prevailed on such Scheduled Trading Day. In respect of each Share not affected by the occurrence of a Disrupted Day, the Valuation Date shall be the Scheduled Valuation Date.

Unlawfulness or Impracticability

The Issuer may redeem or cancel the Securities by giving notice to Securityholders if it determines that, as a result of certain extrinsic factors, the performance by the Issuer or any of its Affiliates of any obligation under the Securities is or will become unlawful or impracticable.

Limb (b) in respect of the Issuer's and/or Affiliate's Hedge Positions is applicable.

See the General Conditions for more details.

Non-compliance with Benchmarks Regulation:

If, in respect of the Securities, it (i) is or would be unlawful at any time under Regulation (EU) 2016/1011 of 8 June 2016 and amending directives 2008/48/EC and 2014/17/EU and Regulation (EU) 596/2014 (as may be amended from time to time, the Benchmarks Regulation) or (ii) would contravene any applicable licensing requirements, in each case, for the Determination Agent or Issuer (as applicable) to make a determination or carry out some other action which it would otherwise be obliged to do under the terms and conditions of the Securities, then the Determination Agent and the Issuer (as applicable) shall not be obliged to make such determination or carry out such other action and shall be excused performance thereof without incurring any liability whatsoever to Securityholders.

Notices

The Issuer or Determination Agent shall give notice to the Securityholders of any adjustment, redemption or cancellation as soon as practicable following the occurrence of the event triggering such adjustment, redemption and cancellation. #### **RISK FACTORS**

THESE RISK FACTORS HIGHLIGHT ONLY SOME OF THE RISKS OF THE PRODUCT DESCRIBED IN THIS DOCUMENT (THE "PRODUCT") AND MUST BE READ IN CONJUNCTION WITH THE RISK FACTOR SECTIONS IN THE PROSPECTUS. INVESTORS MUST BE CAPABLE OF ASSESSING AND UNDERSTANDING THE RISKS OF INVESTING IN THE PRODUCT. WHERE A POTENTIAL INVESTOR DOES NOT UNDERSTAND OR WOULD LIKE FURTHER INFORMATION ON THE RISKS OF THE PRODUCT, THE POTENTIAL INVESTOR SHOULD SEEK PROFESSIONAL ADVICE BEFORE MAKING ANY INVESTMENT DECISION.

NO GOVERNMENT PROTECTION

OR OTHER

THIS PRODUCT IS NOT PROTECTED BY THE FINANCIAL SERVICES COMPENSATION SCHEME or any other government or private protection scheme.

**BARCLAYS FINANCIAL STANDING** 

INVESTORS ARE EXPOSED TO BARCLAYS' FINANCIAL STANDING. If Barclays becomes insolvent, Barclays may not be able to make any payments under the Product and investors may lose their capital invested in the Product. A decline in Barclays' financial standing is likely to reduce the market value of the Product and therefore the price an investor may receive for the Product if they sell it in the market.

**CREDIT RATINGS** 

CREDIT RATINGS MAY BE LOWERED OR WITHDRAWN WITHOUT NOTICE. A rating is not a recommendation as to Barclays' financial standing or an evaluation of the risks of the Product.

**VOLATILITY** 

THE PERFORMANCE OF THIS PRODUCT MAY CHANGE UNPREDICTABLY. This unpredictable change is known as "volatility" and may be influenced by the performance of any underlying asset as well as external factors including financial, political and economic events and other market conditions.

**CAPITAL AT RISK** 

THE CAPITAL INVESTED IN THIS PRODUCT IS AT RISK. Investors may receive back less than the capital invested in the Product.

CAPITAL AT RISK ON EARLY SETTLEMENT

THE PRODUCT MAY BE REDEEMED OR CANCELLED BEFORE ITS SCHEDULED MATURITY DATE OR EXPIRY DATE. IF THE PRODUCT IS REDEEMED EARLY OR CANCELLED, INVESTORS MAY RECEIVE BACK LESS THAN THEIR ORIGINAL INVESTMENT IN THE PRODUCT, OR EVEN ZERO. The amount payable to an investor on an early redemption or cancellation may factor in Barclays' costs of terminating hedging and funding arrangements associated with the Product.

**SELLING RISK** 

AN INVESTOR MAY NOT BE ABLE TO FIND A BUYER FOR THE PRODUCT SHOULD THE INVESTOR WISH TO SELL THE PRODUCT. If a buyer can be found, the price offered by that buyer may be lower than the price that an investor paid for the Product or the amount an investor would otherwise receive at the maturity or expiry of the Product.

**BAIL-IN RISK** 

The EU Directive establishing a framework for the recovery and resolution of credit institutions and investment firms (the "BRRD") was published in the EU Official Journal on 12 June 2014. The BRRD gives certain powers under a "bail-in tool" to national supervisory authorities with respect to certain institutions (which could include the Issuer) in circumstances where a national supervisory authority has determined that such an institution is likely to fail. In the United Kingdom, the majority of the requirements of the BRRD have been implemented into national law in the Banking Act, including the introduction of the bail-in tool as of 1 January 2015. The Banking Act confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks and certain of their Affiliates in the event a bank in the same group is considered to be failing or likely to fail.

This bail-in tool includes the ability to cancel all or part of the principal and/or interest of any unsecured liabilities or to convert certain debt claims into equity or other securities of the issuer or another person. These powers could be exercised in respect of the Securities.

As a result, the exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of the Securities and could lead to the investors losing some or all of the value of their investment in the Securities.

NO INVESTMENT IN OR RIGHTS TO UNDERLYING ASSETS

AN INVESTMENT IN THE PRODUCT IS NOT THE SAME AS AN INVESTMENT IN THE UNDERLYING ASSETS REFERENCED BY THE PRODUCT. An investor in the Product has no ownership of, or rights to, the underlying assets referenced by the Product. The

market value of the Product may not reflect movements in the price of such underlying assets. Payments made under the Product may differ from payments made under the

underlying assets.

**ADJUSTMENTS** THE TERMS OF THE PRODUCT MAY BE ADJUSTED BY BARCLAYS UPON CERTAIN

EVENTS TAKING PLACE WHICH IMPACT THE UNDERLYING ASSETS. INCLUDING

MARKET DISRUPTION EVENTS.

**SMALL HOLDINGS** SMALL HOLDINGS MAY NOT BE TRANSFERABLE. Where the Product terms specify a

minimum tradable amount, investors will not be able to sell the Product unless they

hold at least such minimum tradable amount.

INTEREST RATE RISK INVESTORS IN THE PRODUCT WILL BE EXPOSED TO INTEREST RATE RISK. Changes in

interest rates will affect the performance and value of the Product. Interest rates may

change suddenly and unpredictably.

**PAYMENTS** PAYMENTS FROM BARCLAYS MAY BE SUBJECT TO DEDUCTIONS FOR TAX, DUTY,

WITHHOLDING OR OTHER PAYMENTS REQUIRED BY LAW.

**OVER-ISSUANCE** THE ISSUER MAY ISSUE MORE SECURITIES THAN THOSE WHICH ARE TO BE INITIALLY

> SUBSCRIBED OR PURCHASED BY INVESTORS. The Issuer (or the Issuer's affiliates) may hold such Securities for the purpose of meeting any future investor interest or to satisfy market making requirements. Prospective investors in the Securities should not regard the issue size of any Series as indicative of the depth or liquidity of the market for such

Series or of the demand for such Series.

**OTHER RISKS** THIS DOCUMENT CANNOT DISCLOSE ALL POSSIBLE RISKS OF THE PRODUCT. Before

> investing, investors must be satisfied that they have sufficient information and understand the risks related to the Product so as to make an informed investment decision. If investors are uncertain as to whether they have sufficient information, they

should seek independent professional advice before investing.

FOREIGN EXCHANGE RISK INVESTORS ARE EXPOSED TO FOREIGN EXCHANGE RISK. Foreign exchange rates may

> change suddenly and unpredictably. Changes in the exchange rate between an investor's home currency and the Product currency or settlement currency may impact

the performance of the Product and an investor's return.

**LEVERAGE** THIS PRODUCT MAY BECOME LEVERAGED. Leverage increases the investor's exposure

to the underlying assets referenced by the Product and amplifies the investor's losses

and gains.

INTERACTION RISK THIS PRODUCT COMBINES DIFFERENT FINANCIAL COMPONENTS AND EXPOSURES

WHICH MAY INTERACT UNPREDICTABLY AND COULD AFFECT THE PERFORMANCE OF

THE PRODUCT.

PERFORMANCE OF SHARES THE PERFORMANCE OF SHARES IS UNPREDICTABLE. It depends on financial, political.

economic and other events as well as the share issuers' earnings, market position, risk

situation, shareholder structure and distribution policy.

**SHARE ISSUER ACTION** THE SHARE ISSUER IS NOT INVOLVED IN THE PRODUCT. The issuer of the shares may

take actions that adversely affect the value and performance of the Product.

PHYSICAL DELIVERY THE SHARES MAY BE PHYSICALLY DELIVERED. Where shares are physically delivered

> to an investor, the value of such shares when sold by such investor may be less than the investor's original investment in the Product or the value of the Product on redemption

or cancellation.

IF THE DETERMINATION AGENT DETERMINES THAT A DISRUPTED DAY HAS **DISRUPTED DAYS** 

OCCURRED THIS MAY CHANGE THE SCHEDULED DATE OF THE VALUATION AND REDEMPTION OR CANCELLATION OF THE PRODUCT. The events giving rise to

Disrupted Days are described in the Prospectus.

INTEREST OR COUPON LINKED TO ONE

OR MORE UNDERLYING ASSET(S)

The Securities may bear interest at a rate that is contingent upon the performance of one or more Underlying Asset(s) and may vary from one interest payment date to the next. The interest rate reflected by any given interest payment may be less than the rate that the Issuer (or any other bank or deposit-taking institution) may pay in respect of

fixed rate Securities for an equivalent period and the relevant interest payment may be as low as zero. If interest payments are contingent upon the performance of one or more Underlying Asset(s), the investor should be aware of the risk that they may not receive any interest payments if the Underlying Asset(s) do not meet the performance criteria.

'MEMORY' INTEREST OR COUPON FEATURE

The payment of interest or coupon will be conditional on the value or performance of the Underlying Asset. The interest or coupon amount payable will be zero on an interest or coupon payment date if the Underlying Asset does not perform in accordance with the terms of the Securities. If the Underlying Asset meets the performance criteria on a future date, the interest or coupon payable will be an amount for the current interest or coupon payment date plus any amounts from previous interest or coupon payment dates where interest or coupon was not paid. The investor will not be paid any interest or coupon or other allowance for the deferred payments of interest or coupon and it is possible that the Underlying Asset never meets the performance criteria, meaning that the investor will not receive any interest or coupon at all for the lifetime of the Securities.

'CAP

The ability to participate in any positive change in the value of the Underlying Asset(s) (or any positive change in floating interest rates) will be limited, no matter how much the level, price or other value of the Underlying Asset(s) (or floating interest rates) rises above the cap level over the life of the Securities. Accordingly, the value of or return on the Securities may be significantly less than if the investor had purchased the Underlying Asset(s) (or invested in instruments which pay an uncapped floating rate of interest) directly.

A BASKET OF UNDERLYING ASSET(S)

The investor will be exposed to the performance of each Underlying Asset in the basket and should refer to the relevant risk factors in this section relating to each of the asset classes represented. The investor should also consider the level of interdependence or 'correlation' between each of the basket constituents with respect to the performance of the basket. If the Underlying Asset(s) are correlated, the performance of the Underlying Asset(s) in the basket can be expected to move in the same direction.

The performance of basket constituents may be moderated or offset by one another. This means that, even in the case of a positive performance of one or more constituents, the performance of the basket as a whole may be negative if the performance of the other constituents is negative to a greater extent.

'WORST-OF' FEATURE

The investor will be exposed to the performance of the Underlying Asset(s) which has the worst performance, rather than the basket as a whole.

This means that, regardless of how the other Underlying Asset(s) perform, if the worst performing Underlying Asset in the basket fails to meet a relevant threshold or barrier for the payment of interest or the calculation of any redemption amount, the investor might receive no interest payments or return on the initial investment and could lose some or all of the investment.

'BARRIER' FEATURE

The calculation of interest or coupon or the calculation of any settlement amount depends on the level, value or price of the Underlying Asset(s) reaching or crossing a 'barrier' during a specified period or specified dates during the term of the Securities, therefore such interest or coupon or settlement amount may alter dramatically depending on whether the barrier is reached or crossed (as applicable). This means the investor may receive less (or, in certain cases, more) if the level, value or price of the Underlying Asset(s) crosses or reaches (as applicable) a barrier, than if it comes close to the barrier but does not reach or cross it (as applicable), and in certain cases the investor might receive no interest or coupon payments and/or could lose some or all of the investment.

**FINAL PERFORMANCE** 

The Securities determine the settlement amount based on the performance of the Underlying Asset(s) as at the final valuation date only (rather than in respect of multiple periods throughout the term of the Securities) therefore the investor may not benefit from any movement in level, value or price of the Underlying Asset(s) during the term of the Securities that is not maintained in the final performance.

# **AUTOCALL**

The terms of your Securities provide that they will be automatically redeemed prior to the scheduled redemption date if an automatic redemption (autocall) event occurs. An automatic redemption (autocall) event will occur if the level, price, value or performance of the Underlying Asset(s) breaches one or more specified thresholds on one or more specified dates. In the event that such an automatic redemption (autocall) event occurs, you will be paid an early redemption amount equal to the Calculation Amount. In such case, you may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest rate for a similar level of risk. You should consider such reinvestment risk in light of other available investments before you purchase the Securities.
