MIFID II product governance / Retail investors, professional investors and ECPs – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Certificates, taking into account the five (5) categories referred to in item 19 of the Guidelines published by European Securities and Markets Authority ("ESMA") on 3 August 2023, has led to the conclusion that: (i) the target market for the Certificates is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, **MiFID II**) MiFID II; (ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the determination of the appropriate channels for distribution of the Certificates to retail clients has been made and is available on the website <https://regulatory.sgmarkets.com/#/mifid2/emt>, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Certificates (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Certificates (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

UK MIFIR product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Certificates, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("ESMA") on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexit: our approach to EU non-legislative materials"), has led to the conclusion that: (i) the target market for the Certificates is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**UK MiFIR**); and (ii) all channels for distribution of the Certificates to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Certificates (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Certificates (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the FSMA) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the UK PRIIPs Regulation) for offering or selling the Certificates or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Certificates or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save for fees, if any, payable to the Dealer, and so far as the Issuer is aware, no person involved in the issue of the Certificates has an interest material to the offer. The Dealer and its affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

Société Générale will ensure the roles of provider of hedging instruments to the Issuer of the Certificates and Calculation Agent of the Certificates.

The possibility of conflicts of interest between the different roles of Société Générale on one hand, and between those of Société Générale in these roles and those of the Certificateholders on the other hand cannot be excluded.

Furthermore, given the banking activities of Société Générale, conflicts may arise between the interests of Société Générale acting in these capacities (including business relationship with the issuers of the financial instruments being underlyings of the certificates or possession of non public information in relation with them) and those of the Certificateholders. Finally, the activities of Société Générale on the underlying financial instrument(s), on its proprietary account or on behalf of its customers, or the establishment of hedging transactions, may also have an impact on the price of these instruments and their liquidity, and thus may be in conflict with the interests of the Certificateholders.

The value of the Certificates, the payment of a Coupon amount on a relevant interest payment date to a Certificateholder, the payment of an automatic early redemption amount on a relevant automatic early redemption date and the payment of a redemption amount to a Certificateholder on the final exercise date will depend on the performance of the underlying asset(s), on the relevant valuation date(s).

The value of the Certificates is linked to the positive or negative performance of one or several underlying instrument(s) within the basket. The amount(s) to be paid is/are determined on the basis of the condition which is satisfied (or not) if the performance of one or several underlying instrument(s) within the basket is higher than or equal to a predefined barrier performance.

During the lifetime of the Certificates, the market value of these Certificates may be lower than the invested capital. Furthermore, an insolvency of the Issuer and/or the Guarantor may cause a total loss of the invested capital.

The attention of the investors is drawn to the fact that they could sustain an entire or a partial loss of their investment.

Key risks that are specific to the guarantor

Due to Société Générale's role as guarantor and counterparty to the Issuer's hedging transactions, investors are essentially exposed to Société Générale's credit risk and have no recourse against the Issuer in the event of the Issuer's default.

WHAT ARE THE KEY RISKS THAT ARE SPECIFIC TO THE SECURITIES?

The investor bears the risk of total or partial loss of the amount invested at redemption of the Certificates on the final exercise date or the event the Certificates is sold by the investor before that date.

Although it is subject to market making agreement, the liquidity of the product may be affected by exceptional circumstances that make it difficult to sell the product or at a price that results in a total or partial loss of the amount invested.

Certificates may be early redeemed automatically when the level of the Underlying(s) reaches a certain level. Investors will not benefit from the performance of the Underlying(s) subsequent to such event.

The market value of the Certificates depends on the evolution of market parameters at the time of exit (price level of the Underlying(s), interest rates, volatility and credit spreads) and may therefore result in a risk of total or partial loss on the amount initially invested.

Events unrelated to the Underlying (e.g. change in law, including tax law, force majeure, number of securities in circulation) may lead to early redemption of the Certificates and thus to total or partial loss of the amount invested.

Events affecting the Underlying(s) or hedging transactions may lead to adjustments, de-indexation, substitution of the Underlying(s), or early redemption of the Certificates and consequently to losses on the amount invested, including in the case of capital protection.

If the currency of the investor's main activities is different from that of the product, the investor is exposed to currency risk, especially in the event of exchange controls, which may reduce the amount invested.

Questo prodotto è uno strumento di debito non collateralizzato regolato dalla legge inglese.

Questo prodotto è concepito per pagare un premio condizionato su base periodica. E' possibile che il prodotto sia automaticamente rimborsato anticipatamente in base a condizioni predefinite. Se il prodotto non è rimborsato anticipatamente, sia il premio che l'importo di liquidazione del capitale a scadenza saranno legati alla performance dei sottostanti. Il capitale investito sarà da considerarsi totalmente a rischio investendo in questo prodotto.

Il Sottostante di Riferimento è il Sottostante con il livello più basso registrato alla data di valutazione rilevante.

Premio

Se il prodotto non è stato rimborsato anticipatamente:

- Ad ogni Data di Valutazione del Premio, se il livello del Sottostante di Riferimento è pari o superiore alla Barriera sul Premio, si riceverà alla data di pagamento:

Il Premio moltiplicato per il numero dei periodi trascorsi dall' emissione del prodotto, meno la somma dei premi già pagati.

- Altrimenti, non si riceverà il Premio.

Un periodo standard corrisponde a un mese. Il primo o l'ultimo periodo possono essere più o meno lunghi; per maggiori dettagli, consultare la tabella del calendario.

Liquidazione Anticipata Automatica

FINAL VERSION APPROVED BY THE ISSUER

Liquidazione Finale

Alla Data di Scadenza, a condizione che il prodotto non sia stato rimborsato anticipatamente, si riceverà un importo finale di liquidazione.

Rischi chiave specifici del garante

Considerando che Société Générale è garante e controparte delle operazioni di copertura dell'Emittente, gli investitori sono essenzialmente esposti al rischio di credito di Société Générale e non hanno ricorso nei confronti dell'Emittente in caso di inadempimento dell'Emittente.

QUALI SONO I RISCHI CHIAVE SPECIFICI DEI TITOLI?

L'investitore assume il rischio di perdita totale o parziale dell'importo investito in occasione del rimborso dei Certificati alla relativa data di scadenza oppure nel caso in cui l'investitore venda i Certificati prima di tale data.

Benché sia oggetto di impegni di market making, la liquidità del prodotto può essere influenzata dal verificarsi di circostanze eccezionali che potrebbero rendere difficile vendere il prodotto o comunque ad un prezzo che produce la perdita totale o parziale dell'importo investito.

I Certificati possono essere rimborsati anticipatamente automaticamente quando il livello del(i) Sottostante(i) raggiungono un certo livello. Gli Investitori non beneficeranno della performance del(i) Sottostante(i) successivamente a tal evento.

Il valore di mercato dei Certificati dipende dall'evoluzione dei parametri di mercato al momento dell'uscita (livello dei prezzi dei Sottostanti, tassi di interesse, volatilità e credit spreads) e può pertanto comportare un rischio di perdita totale o parziale dell'importo inizialmente investito.

Il verificarsi di eventi non legati al Sottostante (quali la modifica di previsioni di legge, inclusa la normativa fiscale, eventi di forza maggiore) possono determinare il rimborso anticipato dei Certificati e quindi la perdita totale o parziale dell'importo investito.

Il verificarsi di eventi relativi al Sottostante ovvero a operazioni di copertura può determinare la necessità di rettifiche, de-indicizzazioni, sostituzione del Sottostante, e di conseguenza a perdite del capitale investito, anche in caso di prodotti a capitale protetto.

Se la valuta di riferimento delle attività principali dell'investitore è diversa da quella del prodotto, l'investitore è esposto al rischio di cambio, in particolare in caso di controlli sul cambio, che potrebbero ridurre l'importo investito.
