Market Scenarios

Many factors may affect the performance of this product, among others, the evolution of the underlying, its volatility, the interest rates, the exchange rate or the passing of time. These factors must be analysed jointly and may affect the performance of the product in a short period of time. Furthermore, it is possible that, given the favourable evolution of the underlying, its value or its liquidation on a given date may evolve unfavourably as the consequence of the performance of one of these factors.

By no means does Santander guarantee a specific performance of the underlying, neither gives a recommendation on it. The client must assume the risk of an unfavourable evolution of any of the factors that determine the performance of the transaction.

Risk Factors

This is a summary of the Risk Factors relating to the Notes. Neither Santander International Products Plc nor Santander SA makes any representation as to the completeness or accuracy of them. Please see the Base Prospectus dated 1 July 2025 for the complete Risk Factors, including the Risk Factors of the Issuer, the Guarantor and the Group

- **The Notes bear the credit risk of the Issuer and the Guarantor:** Holders of Notes bear the credit risk of the Issuer and the Guarantor. That is the risk that the Issuer or the Guarantor is not able to meet its obligations under such Notes, irrespective of how any principal, interest or other payments and/or assets deliverable under such Notes are to be calculated. In such circumstances Holders may lose some or all of their investment.
- **There is no active trading market for the Notes:** Notes issued under the Programme will be new Securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar Securities, general economic conditions and the financial condition of the Issuer and the Guarantor.

Although application may be made (i) to the regulated market of Euronext Dublin for the Notes to be admitted to its Official List of Euronext Dublin and trading on its regulated market, (ii) to AIAF for the Notes to be listed and admitted to trading on AIAF, (iii) to Euronext for the Notes to be listed and admitted to trading on the regulated market of Euronext Lisbon, (iv) the regulated market of the WSE or (v) to the Vienna Stock Exchange for the Notes to be listed and admitted to trading on the Vienna MTF, this does not mean that such Notes will be any more or less liquid than if such Notes were not listed and there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop.

Accordingly, a trading market for any particular Tranche of Notes may not develop or may be illiquid and Holders should be prepared to hold the Notes to maturity.

- **Hedging activities may affect the market price, liquidity or value of Reference Item Linked Notes:** In connection with the offering of the Reference Item Linked Notes, the Issuer, the Guarantor and/or any of its affiliates may enter into one or more hedging transactions with respect to any potential reference item(s) or related derivatives. In connection with such hedging activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer, the Guarantor and/or any of its affiliates may enter into transactions in the reference item(s) or related derivatives which may, but are not intended to, affect the market price, liquidity or value of the Reference Item Linked Notes and which could be deemed to be adverse to the interest of the relevant Noteholders.
- **Investors have no shareholder rights:** As an owner of Equity Linked Notes, investors will not have voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to any underlying security or index.
- **Investors are exposed to certain key risks, including a loss of all or a substantial portion of their investment:** Investors should be aware that they may lose all or a substantial portion of their principal or investment, depending on the performance of the Reference Items. In addition, the market price of the Notes may be very volatile and the timing of changes in the value of the Reference Items may affect the actual yield to investors, even if the average level is consistent with expectations.
- **Market Disruption Events and Disrupted Days may result in adjustments and/or early redemption of Notes:** The calculation agent may determine that a market disruption event has occurred or exists or a relevant exchange fails to open on a relevant date on which the Reference Items were scheduled to be valued, and any consequential postponement of such date of valuation may have an adverse effect on the value of the Notes.

Where the Applicable Transaction Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Applicable Transaction Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in any Member State except that it may make an offer of such Notes to the public in a Member State:

- (a) **Approved prospectus:** if the Applicable Transaction Terms or Drawdown Prospectus in relation to the Notes specifies that an offer of those Notes may be made other than pursuant to Articles 1(4) and 3(2) of the Prospectus Regulation in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved

in another Member State and notified to the competent authority in that Member State, **provided that** any such prospectus which is not a Drawdown Prospectus has subsequently been completed by the Applicable Transaction Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such applicable transaction or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (b) **Qualified investors:** at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) **Fewer than 150 offerees:** at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) **Other exempt offers:** at any time in any other circumstances falling within Articles 1(4) and 3(2) of the Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes and the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129.

Following confirmation from the client (i.e. the Distributor) to proceed on the Trade Date, the Dealer will hedge its position under the Securities in anticipation that the Securities will be subscribed on the Issue Date. If the trade is subsequently cancelled by the client prior to the Issue Date, any costs, which include, without limitation, costs of unwinding the respective hedge, shall be borne in full by the client.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – Other than in Italy, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail

investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.
