

## Final Term Sheet 24 April 2026

This Term Sheet does not constitute a financial promotion within the meaning of section 21 of the Financial Services and Markets Act 2000 and is not intended as an offer or solicitation for the purchase or sale of any financial instrument or intended to provide the basis for any evaluation of the proposed issue of Securities. In particular, information in this document is prepared solely for use between J.P. Morgan and the financial intermediary with respect to a proposed issue of Securities, structured at the request of the financial intermediary. This Term Sheet is not intended for and cannot be relied upon as such by any third party or the end investor and should be regarded as a summary only. An evaluation of any Securities should be made solely on the basis of information contained in the Related Documentation (as defined below). This Term Sheet supersedes any prior version and will be deemed to be superseded by any subsequent versions of the Term Sheet.

The financial intermediary represents and agrees that, despite having agreed the terms with the Dealer with respect to the proposed issue of Securities, it has not made and will not make any offer of such proposed issue of Securities to the public by any means, (including but not limited to the distribution of this Term Sheet) within (i) the European Economic Area, unless a prospectus has been published in accordance with Regulation (EU) 2017/1129 (as amended, the "EU Prospectus Regulation") and it has been authorised by the Issuer to use that prospectus for the purposes of the offer or the offer is made in circumstances in which there is no requirement for the Issuer to publish a prospectus or supplement a prospectus pursuant to the EU Prospectus Regulation or (ii) the United Kingdom, unless the offer is one or more of the kinds or offer specified in Part 1 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (the "POATRs").

## 7-Year Certificates linked to the Credit of the Reference Entities comprising the iTraxx Europe Series 45 Series 1 – Zero Recovery (in EUR)

### Investment Rationale

The 7-Year EUR-denominated Certificates (the "**Securities**") offer an investor an annual payment of interest calculated by reference to the Interest Bearing Amount (which will be reduced following the occurrence of each Event Determination Date (if any) in respect of one or more Reference Entities) and a redemption of principal the amount of which will vary depending on how many Event Determination Dates have occurred in respect of one or more Reference Entities and the Triggered Reference Entity Loss in respect of each such Reference Entity, reflecting the credit risk of the Reference Entities, subject to a minimum of zero.

The Securities have a "zero recovery" feature, where the Accumulated Loss will increase with the occurrence of each Event Determination Date in respect of one or more Reference Entities by an amount equal to the Reference Entity Weighting of the relevant affected Reference Entity. Investors are paid an Interest Amount which has been enhanced to take into account the "zero recovery" feature of the Securities as described above.

An investor purchasing the Securities expects that there will be no Credit Event with respect to any Reference Entity in the period commencing on (and including) the Credit Event Backstop Date and ending on (and including) the Credit Observation End Date.

### Risk of Loss

**The Securities are not principal protected. Investors may not make any profit and may lose some or all of their investment.**

### Entitlement of the Securities

Each Security entitles its Holder to receive the relevant Interest Amount on each relevant Interest Payment Date. Interest Amounts are calculated by reference to the Interest Bearing Amount.

On any Interest Payment Date or the Scheduled Redemption Date and Settlement Date, as applicable, the relevant Interest Amount or Redemption Amount, as applicable, will be reduced where one or more Reference Entities may have suffered a Credit Event but no Event Determination Date has occurred (based on whether either the Credit Derivatives Determinations Committee is in the process of determining whether a Credit Event has occurred or, in the opinion of the Calculation Agent, a Credit Event has occurred or a request to the Credit Derivatives Determinations Committee to make such a determination has been made). In such circumstances, if it is subsequently determined that no Credit Event had occurred within the relevant timeframe, the amount by which the relevant Interest Payment and/or the Redemption Amount was

reduced will be subsequently payable to holders. Such additional amounts are Additional Interest Amounts and Additional Instalment Amounts, as applicable.

As the Interest Bearing Amount will be reduced upon the occurrence of each Event Determination Date (if any) in respect of one or more Reference Entities, an Event Determination Date in respect of a Reference Entity will result in a reduced Interest Amount in respect of the Interest Period in which such Event Determination Date occurs, and for all subsequent Interest Periods. Additionally, each Security (of the Reference Amount) entitles its Holder to receive (i) a cash payment in the Specified Currency in an amount equal to the Interest Bearing Amount on the Scheduled Redemption Date and Settlement Date and (ii) if, in respect of the Final Interest Payment Date, one more Affected Reference Entities exist, an Additional Instalment Amount (which may be zero).

If an Event Determination Date has not occurred in respect of any Reference Entity, the Interest Bearing Amount payable in respect of each Security (of the Reference Amount) on the Scheduled Redemption Date and Settlement Date will be equal to the Reference Amount.

Therefore, the potential return on a Security (of the Reference Amount) is limited to the positive difference between (i) the aggregate Interest Amounts plus the Final Redemption Amount and (ii) the Issue Price (or, if different, the price the relevant investor paid for such Security (of the Reference Amount)).

**If an Event Determination Date occurs in respect of one or more Reference Entities, each Security (of the Reference Amount) entitles its Holder to receive on maturity a cash payment in the Specified Currency in an amount which may be considerably less than the Reference Amount and such Holder's initial investment in such Securities. In a worst case scenario the amount payable in respect of the Securities may be zero. Therefore, a total or substantial loss of the amount invested in the Securities is possible, although any such loss is limited to the amount invested.**

Type of Securities to be issued	Credit Linked Certificates (the " <b>Securities</b> ")

Transaction Type	As specified in the Credit Index Annex <i>(the Transaction Type will be applied to determine, for example, the Credit Events which may result in an Event Determination Date. See the Credit Linked Provisions for more information)</i>
Reference Obligations	Without prejudice to the definition of "Reference Obligation" in Credit Linked Provision 13 ( <i>Definitions</i> ), the Reference Obligation (if any) set out opposite the relevant Reference Entity in the Credit Index Annex, subject

to the definition of "Substitute Reference Obligation" in Credit Linked Provision 13 (*Definitions*).

If there is no Standard Reference Obligation in respect of a Reference Entity and the Credit Index Sponsor publishes a replacement Reference Obligation in respect of such a Reference Entity, the Calculation Agent will select such Reference Obligation as the Reference Obligation hereunder in respect of such Reference Entity rather than applying the provisions of the definition of "Substitute Reference Obligation" in Credit Linked Provision 13 (*Definitions*).

*(these are debt obligations of the Reference Entities that, amongst other things, are eligible for determining a Credit Event)*

Obligations

In respect of a Reference Entity, each Reference Obligation and each obligation (either directly or as a provider of a Relevant Guarantee) of such Reference Entity determined by the Calculation Agent in accordance with Credit Linked Provision 6 (*Method for Determining Valuation Obligations*).

*(these are obligations of a Reference Entity that, amongst other things, are applicable for determining whether a Credit Event has occurred)*

Standard Reference Obligation

Applicable

Interest Payment Dates

Each of:

- (i) 5 July in each calendar year from (and including) 5 July 2026 to (and including) 5 July 2032, in each case, subject to adjustment in accordance with the Following Business Day Convention; and
- (ii) the Scheduled Redemption Date and Settlement Date.

*(these are dates on which the relevant Interest Amount will be paid, subject to the occurrence of an Event Determination Date)*

Final Interest Payment Date

The Interest Payment Date scheduled to fall on the Scheduled Redemption Date and Settlement Date.

Interest Amount

The Interest Amount in respect of each Interest Period shall be an amount in the Specified Currency payable on the Interest Payment Date (the "**Relevant Interest Payment Date**") on which such Interest Period ends calculated by the Calculation Agent in accordance with the following formula:

**4.72 per cent x Interest Bearing Amount in respect of such Relevant Interest Payment Date x Day Count Fraction**

Provided That if in respect of an Interest Payment Date one or more Affected Reference Entities exist and the Notional Reduction Amount in respect of such Interest Payment Date is greater than zero, then on each relevant Additional Interest Payment Date an Additional Interest Amount (if any) shall be payable. No additional amount shall be payable in respect of the postponement of payment of an Additional Interest Amount to an Additional Interest Payment Date.

Day Count Fraction

30/360

Interest Period

Each period from (and including) an Interest Payment Date to (but excluding) the next succeeding Interest Payment Date, except that:

- (i) the initial Interest Period shall commence on (and include) the Issue Date; and
- (ii) the final Interest Period shall end on (but exclude) the earliest to occur of (a) the Final Interest Payment Date or (b) the Interest Payment Date immediately preceding the final Event Determination Date.

	<p>Provided That if the final Event Determination Date falls prior to the first Interest Payment Date, no interest shall be payable in respect of the Securities.</p>
Interest Bearing Amount	<p>In respect of an Interest Payment Date, an amount in the Specified Currency as determined by the Calculation Agent equal to the product of:</p> <ul style="list-style-type: none"> <li>(i) the Reference Amount; and</li> <li>(ii) 100 per cent. minus the Notional Reduction Amount in respect of such Interest Payment Date.</li> </ul>
Additional Interest Amount	<p>In respect of an Interest Payment Date, if a Determination Date occurs in respect of a Reference Entity that was an Affected Reference Entity in respect of such Interest Payment Date, an amount (which may be zero) in the Specified Currency determined by the Calculation Agent equal to:</p> <ul style="list-style-type: none"> <li>(i) the Revised Interest Amount determined by the Calculation Agent in respect of the Adjustment Calculation Date in respect of such Interest Payment Date; <i>minus</i></li> <li>(ii) the Revised Interest Amount determined by the Calculation Agent in respect of the last preceding Adjustment Calculation Date relating to such Interest Payment Date, or, if no such preceding Adjustment Calculation Date has occurred, the Interest Amount relating to such Interest Payment Date.</li> </ul>
Additional Interest Payment Date	<p>In respect of a Reference Entity that was an Affected Reference Entity in respect of an Interest Payment Date (the "<b>Relevant Interest Payment Date</b>") either:</p> <ul style="list-style-type: none"> <li>(i) where the Relevant Interest Payment Date does not fall on the Final Interest Payment Date, the Interest Payment Date immediately following the Relevant Interest Payment Date; or</li> <li>(ii) where the Relevant Interest Payment Date falls on the Final Interest Payment Date, the day falling five Business Days after the Determination Date (if any) in respect of such Reference Entity.</li> </ul>
Adjustment Calculation Date	<p>In respect of a Reference Entity that was an Affected Reference Entity in respect of an Interest Payment Date, the Determination Date in respect of such Reference Entity.</p>
Revised Interest Amount	<p>In respect of an Interest Payment Date and any related Adjustment Calculation Date, the Interest Amount that would have been payable in respect of such Interest Payment Date if the Notional Reduction Amount were recalculated by the Calculation Agent in respect of such Interest Payment Date but with the Calculation Agent making such calculation on the basis that in respect of each Reference Entity that was an Affected Reference Entity in respect of such Interest Payment Date for which a Determination Date has occurred on or prior to such Adjustment Calculation Date, either:</p> <ul style="list-style-type: none"> <li>(i) where such Determination Date arises as a result of an Applicable Event Determination Date, such Reference Entity is treated as having been a Triggered Reference Entity on that Interest Payment Date; or</li> <li>(ii) otherwise, such Reference Entity is treated as having been neither an Affected Reference Entity nor a Triggered Reference Entity.</li> </ul> <p>The Calculation Agent shall determine the Revised Interest Amount based on a determination of it of the recalculated Notional Reduction Amount.</p>
Triggered Reference Entity	<p>In respect of an Interest Payment Date, a Reference Entity in respect of which an Event Determination Date has occurred on or prior to the Cut-off Date in respect of such Interest Payment Date.</p>
Extension Date	<p>With respect to a Reference Entity, the latest of:</p>

- (i) the Credit Observation End Date; and
- (ii) the Grace Period Extension Date if:
  - (a) “Failure to Pay” and “Grace Period Extension” are specified as applicable to that Reference Entity in the Standard;
  - (b) the Potential Failure to Pay with respect to the relevant Failure to Pay occurs on or prior to the Credit Observation End Date; and
- (iii) the Repudiation/Moratorium Evaluation Date (if any) if “Repudiation/Moratorium” is specified as applicable to that Reference Entity in the Standard.

Credit Event Backstop Date

Trade Date

**The Credit Event Backstop Date corresponds to the credit event observation start date. Therefore, an investor purchasing the Securities expects that in the period commencing on (and including) the Credit Event Backstop Date in respect of the Reference Entity and ending on (and including) the Extension Date there will be no Credit Event.**

Governmental Intervention

Each of the above terms is defined in the Credit Linked Provisions (see “Credit Linked Provisions” below).

The occurrence of a Credit Event may give rise to an Event Determination Date which in turn shall lead to an increase in the Notional Reduction Amount and the Accumulated Loss.

Restriction on delivery of Credit Event Notice and Successor Notice

Notwithstanding anything to the contrary in the Credit Linked Provisions, the Calculation Agent may not deliver a Credit Event Notice or Successor

Notice unless a notice has previously been delivered to the DC Secretary in accordance with the DC Rules requesting that the relevant Credit Derivatives Determinations Committee be convened to Resolve a DC Credit Event Question or one or more Successors to the relevant Reference Entity, as applicable, with respect to the facts described in such Credit Event Notice or Successor Event Notice, as applicable, and either:

- (i) a DC Credit Event Question Dismissal has occurred;
- (ii) the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination; or
- (iii) the DC Secretary has publicly announced that the conditions convening the relevant Credit Derivatives Determinations Committee to Resolve such matters have not been satisfied in accordance with the DC Rules.

Any Credit Event Notice or Successor Notice delivered in breach of the requirements herein shall be deemed not to have been delivered.

Standard

In respect of the Transaction Type specified above, the terms set out in the Credit Derivatives Physical Settlement Matrix with respect to such Transaction Type, subject to amendment in accordance with the Credit Linked Provisions.

The Pricing Supplement shall supersede all versions of the Term Sheet.

Investors should note that J.P. Morgan Structured Products B.V., JPMorgan Chase Financial Company LLC, JPMorgan Chase Bank, N.A. and JPMorgan Chase & Co. are updating the 2025 Offering Circular. JPMorgan expects the updated offering circular to be approved on or around 16 April 2026 (the "**2026 Offering Circular**" or the "**Offering Circular**"). If the Issue Date of the Securities falls after the date on which the 2026 Offering Circular is approved, any Securities to be issued will be issued under the 2026 Offering Circular, including that the Pricing Supplement will supplement the 2026 Offering Circular (though the terms and conditions of the Securities will remain those set out in the 2025 Offering Circular, as described above).

Certain capitalised terms used in this document which are not defined shall have the meanings given to them in the 2025 Offering Circular.

A copy of the 2025 Offering Circular may be obtained from the Luxembourg Stock Exchange's website ([www.luxse.com](http://www.luxse.com)) and the J.P. Morgan Retail Derivative Products web portal (<https://sp.jpmorgan.com/spweb/content/download/2541314>).

Copies of the documents mentioned above may be obtained from your J.P. Morgan representative upon request.

Any offering of the securities described in this Term Sheet will be made in the European Economic Area (EEA) pursuant to Article 1(4) of Regulation (EU) 2017/1129 (as amended) and, accordingly, no prospectus is required to be published in connection with such offering in accordance with Regulation (EU) 2017/1129, although a prospectus may be required to be published in connection with any listing of the securities in the EEA.

Any offering of the securities described in this Term Sheet will be made in the United Kingdom pursuant to an exemption under Part 1 of Schedule 1 to the POATRs from the prohibition in Regulation 12 of the POATRs on the offering of securities to the public in the United Kingdom. Any such offering may or may not involve the publication of a prospectus for the purposes of the rules of the Financial Conduct Authority (the "FCA") in its Prospectus Rules: Admission to Trading on a Regulated Market sourcebook ("PRM") made under the POATRs in connection with any listing of the securities in the United Kingdom.

The Offering Circular will be supplemented and restated after the date hereof from time to time. Investors who purchase Securities after the date of the applicable Pricing Supplement should review the most recent restatement (if any) of the Offering Circular and each supplement thereafter up to (and including) the date of purchase to ensure that they have the most up to date information on the Issuer and (if applicable) the Guarantor on which to base their investment decision. Note that the terms and conditions of the Securities will remain as described in the applicable Pricing Supplement and the version of the Offering Circular described in the Pricing Supplement, subject to any amendments notified to holders. Each supplement and restatement to the Offering Circular can be found on ([www.luxse.com](http://www.luxse.com)), ([www.ise.ie](http://www.ise.ie)) and/or the J.P. Morgan Retail Derivative Products web portal (<https://sp.jpmorgan.com/spweb/index.html>).

## Profit and Loss Prospects

The following seeks to highlight certain key aspects of the profit and loss prospects of the proposed issue of Securities and is qualified in its entirety by, and should be read together with, the entirety of this document, in particular the Sections "Entitlements of the Securities" and "Risk Factors".

Each Security entitles its holder to receive the relevant Coupon Amount on each relevant Coupon Payment Date, provided that the aggregate Triggered Reference Entity Losses are not greater than or equal to the Upper Boundary.

Additionally, if the Accumulated Loss is less than or equal to the Lower Boundary, each Security entitles its holder to receive a cash payment in the Specified Currency equal to the Reference Amount (i.e., EUR 1,000 per Security) on the Scheduled Redemption Date and Settlement Date.

On any Coupon Payment or the Scheduled Redemption Date and Settlement Date, as applicable, the relevant Coupon Amount or Redemption Amount, as applicable, may be reduced where one or more Reference Entities may have suffered a Credit Event but no Event Determination Date has occurred (based on whether either the Credit Derivatives Determinations Committee is in the process of determining whether a Credit Event has occurred or, in the opinion of the Calculation Agent, a request to the Credit Derivatives Determinations Committee to make such a determination has been made). In such circumstances, if it is subsequently determined that no Credit Event had occurred within the relevant timeframe, the amount by which the relevant Coupon Payment and/or the Redemption Amount was reduced will be subsequently payable to holders. Such additional amounts are Additional Coupon Amounts and Additional Instalment Amounts, as applicable.

Therefore, the potential return on a Security is limited to the positive difference between (i) the aggregate the Coupon Amounts and any Additional Coupon Amounts plus the aggregate of the Redemption Amount and any Additional Instalment Amounts, and (ii) the Issue Price (or, if different, the price the relevant investor paid for such Security).

If the Accumulated Loss at the Scheduled Redemption Date and Settlement Date is greater than the Lower Boundary and below the Upper Boundary, each Security entitles its holder to receive on the Scheduled Redemption Date and Settlement Date the Coupon Bearing Amount, which may be considerably less than the Reference Amount and such holder's initial investment in such Securities. **If the Accumulated Loss is greater than or equal to the Upper Boundary, the Redemption Amount will be equal to zero.**

In addition, if on account of Credit Events, the Accumulated Loss is greater than the Lower Boundary, the Coupon Amount will be reduced. If the aggregate Triggered Reference Entity Losses are equal to or greater than the Upper Boundary, no further Coupon Amount will accrue or be paid.

The calculation of the Coupon Bearing Amount produces a leverage effect such that to the extent that the aggregate of the Triggered Reference Entity Losses exceed the Lower Boundary, the Coupon Bearing Amount, and therefore the Redemption Amount and any Coupon Amount (if any) payable, will be reduced on an accelerated and highly leveraged basis by reference to each relevant Reference Entity's Reference Entity Weighting as a proportion of the Tranche Size.

In a worst-case scenario, an Event Determination Date occurs with respect to many Reference Entities on or prior to the first Coupon Payment Date and the aggregate Triggered Reference Entity Losses are equal to or greater than the Upper Boundary, which would mean that no Coupon Amount will be paid, and the Redemption Amount would be equal to zero.

Therefore, a total or substantial loss of the amount invested in the Securities is possible.

## Risk Factors

Investing in the proposed issue of Securities involves a number of risks. See the section entitled "Risk Factors" in the 2025 Offering Circular from pages 36 to 150 and, if applicable, in the Pricing Supplement relating to the specific issue of Securities.

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended, and the final U.S. Treasury regulations promulgated thereunder ("Section 871(m)") generally impose a 30% withholding tax (unless an income tax treaty applies) on dividend equivalent amounts paid or deemed paid to Non-U.S. Holders with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities. Section 871(m) provides certain exceptions to this withholding regime, in particular for instruments linked to certain broad-based indices that meet requirements set forth in the applicable Treasury regulations (such as an index, a "Qualified Index"). Additionally, a recent Notice published by the Internal Revenue Service ("IRS") excludes from the scope of Section 871(m) instruments issued prior to 2027 that are not "delta-one" instruments with respect to underlying securities that could pay U.S.-source dividends for U.S. federal income tax purposes (each an "Underlying Security"). Based on certain determinations made by the Issuer and its affiliates, the Issuer expects that Section 871(m) will not apply to the Securities with regard to Non-U.S. Holders. Such determination is not binding on the IRS and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on a Holder's particular circumstances, including whether a Holder enters into other transactions with respect to an Underlying Security. Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Securities.

## Risks Associated with Credit Linked Certificates

An investment in Credit Linked Certificates entails significant risks in addition to those associated with investments in a conventional debt security, including, but not limited to, those described below. See Risk Factor 6.12 (*Risks related to Credit Linked Certificates*) in the 2025 Offering Circular from pages 136 to 145 and, if applicable, in the Pricing Supplement relating to the specific issue of Securities. See also Commonly Asked Question 36 (*What are the Credit Linked Provisions?*) in the 2025 Offering Circular from pages 198 to 214.

### **You are assuming the Credit risk of the Reference Entity**

If an Event Determination Date occurs, the Securities will be subject to redemption at a price which may be at a considerable discount to par and could be zero and interest (or, in respect of Credit Linked Certificates referencing a Credit Index, and subject to the terms and conditions of the Securities, a portion of the interest) will cease to accrue from (and including) the interest payment date immediately preceding the relevant Event Determination Date (or, if the terms and conditions of the Securities provide for interest accrual up to the Event Determination Date, interest will cease to accrue from (and including) the relevant Event Determination Date). The Securities explicitly bear the credit risk of the Reference Entity (or, in respect of Credit Linked Certificates referencing a Credit Index, the Reference Entities) specified in the relevant Pricing Supplement and any Successor(s) thereto identified by the Calculation Agent or the Credit Derivatives Determinations Committee, in each case, in accordance with the definition of "Successor" in the Credit Linked Provisions, or, in respect of Credit Linked Certificates linked to a Credit Index, as identified by the index sponsor in respect of such Credit Index. Even where a Credit Event has not occurred, the market value of the Securities may be adversely affected when the probability or perceived probability of a Credit Event occurring in relation to the Reference Entity, or Reference Entities, as applicable, increases.

### **Redemption of the Securities may be deferred even where no Event Determination Date occurs**

In certain circumstances, and as more fully described in the Credit Linked Provisions and/or the relevant Pricing Supplement, the redemption of the Securities may be postponed beyond the Scheduled Redemption Date and Settlement Date even if no Event Determination Date actually occurs. The period of such deferral may be substantial. Even where an Event Determination Date does not occur, interest payable to Holders for the period following the Scheduled Redemption Date and Settlement Date may be substantially lower than any interest rate applicable to the Securities prior to the Scheduled Redemption Date and Settlement Date.

**Payment of interest and/or principal may be deferred**

In certain circumstances, and as more fully described in the Credit Linked Provisions, payment of interest or principal, or in each case a portion thereof, may be postponed where a Reference Entity, or one or more Reference Entities, as applicable, may have suffered a Credit Event but no Event Determination Date has occurred (based on whether either the Credit Derivatives Determinations Committee is in the process of determining whether a Credit Event has occurred or, in the opinion of the Calculation Agent, a Credit Event may have occurred or a request to the Credit Derivatives Determinations Committee to make such a determination has been made). If it is subsequently determined that no Credit Event has occurred within the relevant timeframe, the relevant interest, principal, or, in each case, a portion thereof, will be subsequently payable to Holders or, if it is subsequently determined that a Credit Event had occurred within the relevant timeframe, and subject as provided in the terms and conditions of the Securities, such amounts will not be payable.

**Risks if the Credit Linked Certificates are "zero recovery" Credit Linked Certificates**

If the Credit Linked Certificates are "zero recovery" Securities, as provided in the applicable terms and conditions of the Securities, and an Event Determination Date occurs in respect of a Reference Entity, then you will suffer a loss of all of the principal amount of your Securities (or, in respect of Credit Linked Certificates referencing a Credit Index, subject as provided in the terms and conditions of the Securities, a loss of all of the principal amount of your Securities as it relates to such Reference Entity).

**Risks in respect of Credit Linked Certificates that are linked to a Credit Index**

**(a) Holders are exposed to the credit risk of a portfolio of Reference Entities**

Holders of Credit Linked Certificates that are linked to a Credit Index are exposed to the performance of the portfolio of Reference Entities comprising the Credit Index (the "**Reference Portfolio**"). Following the occurrence of an Event Determination Date in relation to a Credit Event with respect to a Reference Entity in the Reference Portfolio, subject to the terms and conditions of the Securities, payments of interest and principal may be reduced. Such reduction may be in proportion to the losses suffered under the Credit Index, or may be determined by reference to a particular 'tranche' of losses of the Credit Index (in respect of which see sub-paragraph (b) below).

**(b) Credit Linked Certificates that are linked to a Credit Index on a tranching basis represent a particularly risky form of investment**

Credit Linked Certificates that are linked to a Credit Index on a tranching basis (as opposed to on an untranching basis) determine payments of interest and principal by reference to pre-determined upper and lower boundaries designating the relevant 'tranche' and any reduction in the amount payable to a Holder will be determined by reference to the extent to which losses under the Credit Index exceed the lower boundary relative to the amount by which the upper boundary exceeds the lower boundary (the 'tranche size'). If losses under the Credit Index equal or exceed the upper boundary, a Holder will suffer a loss of their entire investment.

Credit Linked Certificates that are linked to a Credit Index on a tranching basis represent a particularly risky form of investment as the calculation of the interest bearing amount (the notional amount by reference to which interest and return of principal is determined) produces a leverage effect such that, if the aggregate of the losses suffered under the Credit Index exceed the lower boundary, any further losses that increase the aggregate losses above the lower boundary and towards the upper boundary will reduce the interest bearing amount, and therefore the redemption amount and any interest amount (if any) payable, on an accelerated and highly leveraged basis by reference to each relevant Reference Entity's weight in the Credit Index as a proportion of the tranche size.

**Receipt of Commission or Fees or Monetary or Non-monetary Benefits**

The financial intermediary represents and warrants that:

- A. any fee or commission (including, if applicable, by way of discount) paid or payable or non-monetary benefit provided or being provided to it by the Dealer complies with all applicable law,

- B. it undertakes to maintain a record as to how such fee, commission or non-monetary benefit complies with all applicable law and make such records available to the Dealer on request;
- C. it undertakes to fully disclose the existence, nature and amount of any fee, commission or non-monetary benefit to its client and it acknowledges that the Dealer will not make any such disclosure;
- D. it has determined that the receipt of any fee, commission or non-monetary benefit does not conflict with its duty to act in the best interests of its client; and
- E. it has determined that the fee, commission or non-monetary benefit is designed to enhance the quality of the service provided by it to its client including that:
  - 1. it is justified by the provision of a higher level service to its client and is proportional to the level of service received;
  - 2. does not directly benefit the financial intermediary, its shareholders or employees without tangible benefit to its client;
  - 3. with respect to any fee, commission or non-monetary benefit payable or being provided on an ongoing basis, is justified by the provision of an ongoing benefit to its client; and
  - 4. the provision of the service to its client is not biased or distorted as a result of the fee, commission or non-monetary benefit.

**The financial intermediary acknowledges and agrees that the Dealer will not be required to and does not intend to sell Securities to it at a discount to the issue price or pay any fee or commission where applicable law would prohibit the financial intermediary from receiving such fee or commission or acquiring Securities at a discount to the issue price. If Directive 2014/65/EC of the European Parliament and of the Council of 15 May 2014 on Markets in Financial Instruments (including where applicable as implemented under UK law, such implementing legislation being preserved under UK law by virtue of the European Union (Withdrawal) Act 2018 (as amended) (“MiFID II”)) or the UK FCA’s Conduct of business sourcebook rules (“COBS Rules”) apply to the financial intermediary and it provides portfolio management services or independent investment advice and, where permitted by applicable law, it accepts or retains fees, commissions or any monetary or non-monetary benefits from the Dealer, the financial intermediary acknowledges and agrees that it will transfer and allocate such fees, commissions or any monetary benefits to each client, pursuant to such applicable law, as soon as reasonably possible after receipt in line with MiFID II or the UK FCA’s COBS Rules.**

## The Dealer

In connection with any offer, sale and issue of Securities referred to in this Term Sheet, the Dealer is acting as principal and not as agent of the proposed issuer of such Securities. Any agreement to issue Securities shall be subject to approval by the proposed issuer of the Securities (or such other issuer as may be agreed between J.P. Morgan and the financial intermediary) as set out in the Pricing Supplement relating to such Securities. The Issuer has no obligation to issue the proposed Securities.

## Potential Conflicts

J.P. Morgan plays a variety of roles in connection with the proposed issue of Securities, including acting as Calculation Agent and hedging of the Issuer's obligations under the Securities, as well as Issuer, Guarantor (if applicable) and Dealer. In performing these duties, the economic interests of J.P. Morgan are potentially adverse to the interests of holders of such Securities.

## Structured Products Terms of Business

To the extent that the purchaser purchasing the issued Securities for distribution to third parties or, if applicable, introducing broker of such Securities, has not signed the Structured Products Terms of Business of the Dealer and its affiliates (the "**JPMorgan Group**") ("**Terms of Business**") or a distribution agreement with a member of the JPMorgan Group, by its agreement to purchase and distribute to its clients, or procure the purchase of such Securities, such purchaser or introducing broker is deemed to agree to accept and be bound by the Terms of Business, including but not limited to, its obligations owed to the Dealer and its affiliates and its covenant to indemnify the Dealer and its affiliates for any losses incurred as a result of any failure by it to comply with its obligations, duties and representations thereunder, and that the purchase and distribution of such Securities are subject to the Terms of Business (copies of the Terms of Business may be obtained on request and, in any event, have been sent to such purchaser or introducing broker by registered mail).

Where the financial intermediary has entered into terms of business with the Dealer, the Structured Products Terms of Business, rather than those terms of business, shall govern the financial intermediary's relationship with the Dealer in relation to the distribution of the Securities.

## Compliance with Anti-Corruption Laws and Regulations

The financial intermediary represents that it is in compliance with, and will remain in compliance with, all laws, rules, and regulations of any jurisdiction applicable to the parties concerning or related to bribery or corruption (Anti-Corruption Laws and Regulations). No part of the payments received by the financial intermediary, directly or indirectly, from J.P. Morgan, will be used for any purpose that would cause a violation of Anti-Corruption Laws and Regulations. J.P. Morgan may terminate the Terms of Business immediately upon written notice in the event that it concludes, in its sole discretion, that the financial intermediary has breached this or any other representation or warranty related to Anti-Corruption Laws and Regulations, or that a breach is substantially likely to occur unless the Terms of Business is so terminated.

## Compliance with the Selling Restrictions

When marketing, promoting or purchasing any issued Securities, the financial intermediary represents and warrants to observe the Selling Restrictions as reflected in the Pricing Supplement prepared for the relevant issue of Securities and the terms contained therein.

### Additional Selling Restrictions

#### PROHIBITION OF SALES TO UK RETAIL INVESTORS

**The Securities are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means:**

- (a) a person who is neither: (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); nor (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs; or
- (b) in the case of any Securities being offered, sold, distributed or otherwise made available on or after the day on which the revocation of Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") comes into force, a person who is either (or both): (i) a retail investor as defined in the product disclosure rules made by the Financial Conduct Authority ("FCA") under the Consumer Composite Investments (Designated Activities) Regulations 2024 (the "CCI Regulations"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs.

Consequently, no key information document required by the UK PRIIPs Regulation or product summary as required by the product disclosure rules made by the FCA under the CCI Regulations, for offering, selling or distributing the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering, selling or distributing the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation or the product disclosure rules made by the FCA under the CCI Regulations.

#### United States of America

**THE SECURITIES (AND THE RELATED GUARANTEE) HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"), AND MAY NOT BE AT ANY TIME OFFERED, SOLD, PLEDGED, ASSIGNED, DELIVERED, TRANSFERRED, EXCHANGED, EXERCISED OR REDEEMED WITHIN THE UNITED STATES OR TO OR FOR THE ACCOUNT OR BENEFIT OF ANY U.S. PERSON (AS DEFINED IN THE ACT OR THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED). THE SECURITIES (AND THE RELATED GUARANTEE) ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO NON-U.S. PERSONS IN RELIANCE ON REGULATIONS UNDER THE ACT (OR, IN THE CASE OF THE RELATED GUARANTEE MAY ALSO BE OFFERED AND SOLD IN RELIANCE UPON THE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE ACT PROVIDED BY SECTION 3(a)(2) THEREOF AND IN COMPLIANCE WITH REGULATIONS AS SUCH REGULATION IS INCORPORATED INTO THE REGULATIONS OF THE U.S. COMPTROLLER OF THE CURRENCY) AND MAY NOT BE LEGALLY OR BENEFICIALLY OWNED AT ANY TIME BY ANY U.S. PERSON.**

#### Switzerland

The Securities may only be offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act pursuant to and in accordance with the exemptions from the prospectus requirement of the Swiss Financial Services Act and no application has or will be made to admit the Securities to trading on SIX Swiss Exchange or any other trading venue in Switzerland, and neither this document nor the 2025 Offering Circular and Pricing Supplement nor any documents related to the Securities shall constitute a prospectus pursuant to the Swiss Financial Services Act, and neither this document nor any other offering or marketing material relating to the Securities may be publicly distributed or otherwise made publicly available in Switzerland.

### United Kingdom

If the financial intermediary is distributing JPMorgan "retail investment products" (as such term is defined in the handbook of the Financial Conduct Authority) into the United Kingdom and it receives any fee or commission from the Dealer, it represents and warrants that:

- A. the payment will not be used to fund the provision of investment advice to Retail Clients (as such term is defined in the handbook of the Financial Conduct Authority) in the United Kingdom;
- B. the receipt of such commission or fee is in compliance with the Financial Conduct Authority's rules relating to the distribution of retail investment products (the "**RDR Rules**") or that the RDR Rules do not apply to it; and
- C. it will not transfer any part of that commission or fee to any third party who may advise Retail Clients to purchase a JPMorgan retail investment product.

If the financial intermediary is authorised by the Financial Conduct Authority or Prudential Regulation Authority and regulated by the Financial Conduct Authority and/or Prudential Regulation Authority to provide investment advice to Retail Clients and it is providing advice to a Retail Client in the United Kingdom in respect of a JPMorgan retail investment product, it undertakes not to request any commission or fee from the Dealer and to otherwise reject any such payment offered to it. Under no circumstances shall the Dealer facilitate the payment of an adviser charge on behalf of Retail Clients in the United Kingdom.
